**MINUTES for Walker County Commissioners Court
REGULAR SESSION**

Monday, July 13, 2020, 9:00 a.m.

CALL TO ORDER

Be it remembered, Commissioners Court of Walker County was called to order by County Judge, Danny Pierce at 9:00 a.m., at the Walker County Storm Shelter, 455 SH 75 N, Huntsville Texas.

County Judge	Danny Pierce	Present
Precinct 1, Commissioner	Danny Kuykendall	Present
Precinct 2, Commissioner	Ronnie White	Present
Precinct 3, Commissioner	Bill Dauge	Present
Precinct 4, Commissioner	Jimmy D. Henry	Present

County Judge, Danny Pierce stated a quorum was present. County Clerk, Kari French, certified the notice of the meeting was given in accordance with Section 551.001 of the Texas Government Code.

GENERAL ITEMS

Prayer was led by Pastor, James Necker.
Pledge of Allegiance and Texas Pledge were performed.

CITIZENS INPUT

Commissioner Kuykendall, stated that the language that was used at the last Citizens Input is unacceptable in a Court setting. We need to think about what is said before it is said and show respect to the others in this room as well as the Court as a whole.

Commissioner Henry, stated that everyone here participating in citizens input need to give the same rights as they are given, no fake coughing etc. and treat everyone with respect.

James Morrison, spoke regarding our economy tanking and wonders if all of this real or not real. He appreciates every effort the Judge and Commissioners are doing to keep this community safe.

Olivia Schroeder spoke that Confederate Military was on the wrong side and we should not honor it. She stated that the removal of the monument will allow for civil growth of America. She asked for this to be on the agenda.

Crystal Brown, via Zoom, spoke regarding the way Court (zoom was cutting in and out – inaudible) she spoke regarding the culture of Walker County and how it could change to include all citizens.

Nia Williams, spoke regarding that when we are children we think like children, as adults we think like adults. She spoke of the Spiritual Culture of the Court; being in a progressive life; we must be able to adapt to change. This is 2020 and has faith in the men on the Court today to remove the Confederate Monument. She states Sam Houston would not have thought of this as patriotic.

Jules Williams Jr. III, spoke regarding that he was the one that spoke last week and used profanity and apologized and meant no disrespect. Stated he cannot share his story that he was going to due to not being able to use certain words to get his point across. He stated that this monument has brought out hate in our Community.

Dr. Brian Graiser, via Zoom, spoke of one side that wants to keep the monument and one side wants it removed. A decision needs to be made and ease the stress on our people in the Community. One side will not be happy but the need for Leadership is imperative, we need to propose solutions and he gave several options.

Kathleen Williams, spoke in favor for the removal of the Confederate Monument and she and others have been asking for its removal for a few weeks. She stated that we should look upon the practice of slavery as unborable. She is not asking to erase History and to please put this on the agenda.

Karin Olson Williams, spoke regarding her family, her service in the community and is grateful for all citizens making this a wonderful place to live. She was unaware of the monument until about a year ago. She gave a history on the monument and the stories that we as citizens never knew. We need to hear the Court; we need this on the next agenda.

Joshua Holsey, spoke last week and is still in support of removal of this Monument. He said that they are peaceful, and are not posing a threat. He spoke of the hoax with the Sam Houston Statue and they are not after that statue. We are requesting the Confederate Monument to be removed. He gave information from Facebook and posts that were put on regarding the Sam Houston Statue and the disrespect it showed.

Jeffrey LittleJohn, a Professor of History at Sam Houston State, spoke about raising his family here. He spoke of the books that he wrote and has been involved in over the past decade about Walker County History. He spoke of the history of black people in Walker County and the violence they have endured along with racism and more. The Confederate Monument needs to go – he asked for the Court to do something.

Aaron Hyams, spoke regarding the hesitation of the Court for taking action. He spoke of the history and how the name of Walker County came about. The monument itself endorses supporting the Confederacy and not the Union. He gave more history of African Americans and their struggles. It is easy to do nothing rather than doing the right thing. Please put this on the agenda to be voted on.

Jessica Elkayam, spoke regarding removing the monument. A monument is a testament to values. She asked what does the Confederate Monument say about our community. She stated that is clear that the efforts to remove it have struck some nerves. She asks for the Court to say no to White Supremacy and add this to agenda.

Clara Malak, spoke that she supports leaving the Confederate Monument on the square. It is simply in memory of those who fought for the Confederacy. We need to recognize that through all the unrest in America. As our prosperity has increased our patriotism of our Country has decreased. We need reminders of courage and those who have fought. She gave the definition of a patriot.

Mel Woods, spoke in favor of the removal of the monument. She spoke of the events of the past weekend with the Sam Houston Statue. She stated that removing the monument would take time to be removed, however during this time it would help bring the community together.

Commissioners Court

21. Public hearing on regulating parking on Pinedale Road.

ACTION: Public hearing was opened at 10:45 a.m.

Commissioner Kuykendall presented information.
Phil Riggs spoke regarding the parking on Pinedale road. He spoke as the owner of the Blue Lagoon. He feels putting no parking signs in front of his property are not fair when other roads do not have the same. He stated the vehicles are legally parked and waiting on their gates to open. Is willing to work with Commissioners to have the area open on the days they need to maintain the roadway.
James Morison spoke that Walker County needs all the business we can get. He is support of installing No Parking on Pinedale. With the Special Utilities District we have miles of water lines. This area is a County road and traffic as well as utility companies and

emergency services have concerns on the flow and the potential of someone being hit and hurt. This is a safety issue. It is a narrow road and this is impeding the flow of traffic. Commissioner Kuykendall spoke that the business if the Blue Lagoon is needed and these parking issues happen during the peak season of the business. The concern is public safety. There was discussion with Mr. Riggs and Commissioner Kuykendall. Commissioner Daugette spoke regarding that Mr. Riggs cannot regulate the amount of vehicles. County Judge, Danny Pierce stated a quorum was present. County Clerk, Kari French, certified the notice of the meeting was given in accordance with Section 551.001 of the Texas Government Code.

GENERAL ITEMS

Prayer was led by Pastor, James Necker.
Pledge of Allegiance and Texas Pledge were performed.

CITIZENS INPUT

Karin Williams, spoke about why now? Why do we want Confederate Monuments removed from Courthouse grounds? She stated that between 2015 and 2018, 110 Confederate Monuments have been removed. She spoke about a book written by Robert W. Lee that she gifted a copy to the Court. She said enough is enough – please remove the Monument.

Nia Williams, spoke of her learning from her mistakes playing the cello. She gave an in-depth account on how to overcome challenges when mistakes are made and what it takes to learn from it and move forward and holding yourself accountable. She is in support of the removal of the Monument to make things right based on our morals. We have the chance to fix this – when it is the integrity of the County and the City at risk.

Jules Williams Jr., (Nia, Jules III and Mustafa’s Father) spoke of how he was a proud parent that his children, Nia and her brothers, are standing up for their beliefs. He spoke about being a Theologian and a concerned citizen. Spoke about being called names just because of the pigment of his skin. He asks for the Court to make a moral decision about a monument on a place that is supposed to be for all Americans.

Kathleen Williams, 4th time to speak, she has also received more signatures on her online calling for the removal of the Confederate Monument petition. She asks the Court to respond to their requests to remove the monument. The legacy of this community and the Court will be remembered. She asks for this to be placed on the next agenda.

Craig Henderson, Professor at SHSU Sociology Department, via Zoom, spoke in favor of removing the Monument. He spoke that he can agree with some of what has been said and can also disagree with some of it. The monument could be placed in a Museum where it can still be a part of the history of the community. All lives matter. He stated we can make this right. Love your neighbor.

Clara Malak, spoke in regard to keeping the Monument and gave a history and of it being for the memory of those who served in the Confederate War. In 1901 funds were raised to build a monument to honor Confederate Patriots. In succeeding years, National attention was given to two World Wars, Great Depression and Korean War. The funds were designated and could only be used for a Monument.

Crystall Brown, being an educator she spoke about her students and what they know about George Washington. Each year she has to remind them that the “cherry tree” (the one he cut down and was unable to tell a lie) simply did not exist. The story is a figment of our imagination. Asks for the Court to remove the “false narrative” of the Confederate Monument so we can move on.

Jessica Elkyam, via Zoom, spoke for the removal of the monument. She has spoken before and she has stated that it represents insensitivity to the de-valuation of black lives in our community and as long as it stands it shows that the community values white supremacy. The fact that this is still not on the agenda and the Courts non action, speaks on its behalf. Silence is Violence. Asks to place the removal of the monument on the agenda.

Zachary Doleshal, Professor at SHSU History Department – He spoke of moving the monument to a Cemetery, Museum any place other than the Courthouse. It gives the message that we are celebrating the values of the Confederacy as a County. The Jim Crow laws have a long lasting impact on those in our community. You need to be on the side of History where all are created equal.

Crystal Diaz, spoke regarding Monument – believes that the popular belief of the supporters of this monument are the aspects of American History and the Southern Heritage and is a way to honor those who should not be forgotten. There have been many speakers over the past few weeks both in favor and against. We love this town and want to see it do better. Change is hard but it is necessary and asks for this to be on the agenda.

Jason Copes, Pastor United Methodist and who also founded the Community Peace Coalition. Spoke in favor of removing the monument. He spoke about the Peace Coalition here in Walker County and hopes that all will support the dream of Dr. Martin Luther King. He gave reference to scriptures and spoke of making this dream a reality of a unified nation. He has come together with other leaders in Walker County (City Police Chief, Sheriff and City Council) in an effort to building trust with the citizens of Walker County.

Jack Wagamon, spoke regarding the removal of the monument. He spoke about things in the history of Walker County where racism and symbols of racism, thrive and survive. He gave some stories of those in power who were involved in systematic racism. These were prominent white members of this community. He stated the Monument needs to be removed.

Dr. Jeff Gardner, Sociology Professor at SHSU, spoke asking the Court to remove the Monument from the Courthouse grounds. His daughter (ten years old) was in the audience and taking notes for this is a historical moment in our time. He gave options to keep the Monument and put it in a Museum. Asked for the Court to please put this on the agenda, it has no place on our Courthouse grounds.

Reverend, George Oliver, spoke regarding the removal of the Confederate Monument. Spoke about Black Lives Matter and how they are not terrorist. We just want a little humanity in this community. He spoke about helping some of the Commissioners with their campaigns. By him helping them, they should in return help him by removing this Monument.

Judge Pierce thanked all for coming.

County Judge Danny Pierce took a recess at 10:17 a.m.

Budget Workshop

ACTION: Workshop began at 10:42 a.m.

District Judge, Don Kraemer

Spoke regarding – we have a significant number of people in jail awaiting trial – unable to make a surety bond – should be on the street and monitored while awaiting trial – need to be able to release without a bond. We have to have someone to monitor them. He has been working on this for over 5 years – legislator was supposed to do this, however it didn't come through.

Community Supervision Office – Pretrial Bond Supervision Office is needed.

CSCD – Kristen Hunter also spoke regarding this position.

Court is in consensus for this to create this position.

Sheriff McRae – spoke regarding asset forfeiture monies. It is around 800K, there are stipulations on spending – cannot use for any foundation of funding it has to be used as a supplemental. The Court discussed the need of five new Sheriff Vehicles versus the seven requested.

County Auditor, Patricia Allen went over the proposed budget line items as presented in Court.

Commissioner Dauge spoke regarding retirement options. He is not putting it out there now – maybe in the future or March of next year.

Performex RTU® has demonstrated effectiveness against viruses similar to SARS-CoV-2 (COVID-19) on hard, non-porous surfaces.

Therefore Performex RTU can be used against SARS-CoV-2 (COVID-19) when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces. Refer to CDC website at <https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.

BruTab^{6S}®

**Effervescent Disinfectant
& Sanitizer Tablet**

How NaDCC Works

How it differs from traditional Hypochlorite Bleach

The active ingredient in **BruTab 6S** is Sodium dichloro-s-triazinetriene (NaDCC), which produces an Available Chlorine solution very effective as a disinfecting and sanitizing agent against a broad spectrum of micro-organisms.

While **BruTab 6S** does provide chlorine, it is not a hypochlorite as is traditional bleach. There are significant differences that need to be understood to differentiate the two product types.

Sodium hypochlorite in bleach is stabilized with caustics and as a result, it has a pH of 11 or higher. NaDCC on the other hand has a neutral pH of ~6.5 when dissolved in water making NaDCC less harmful to **surfaces** and skin.

Once in solution, NaDCC releases approximately 50% of its total chlorine content as Free Available Chlorine (FAC) which is the active disinfection agent. As the FAC is consumed during the disinfection process, the NaDCC continues to release chlorine maintaining the 50/50 equilibrium in solution for longer lasting disinfection power than bleach. Sodium hypochlorite releases all its chlorine content immediately and once consumed there is no replenishment making it less effective. This means that **BruTab 6S** is not inactivated by dirt/cloths/organic matter as easily as bleach.

FAC exists in two forms, Hypochlorous acid (HOCl) found in **BruTab 6S** solutions and Hypochlorite ion (OCI-) found in a bleach solution. Studies have shown that Hypochlorous acid has **4X** (four times) more disinfection power than the hypochlorite ion. HOCl is very similar to the water molecule allowing it to easily penetrate through the negatively charged cell wall. Once the HOCl enters the micro-organism, it destroys the nucleus of the cell completing the disinfection process. The Hypochlorous acid found in bleach is used up very quickly, it doesn't penetrate the cell as easily and solutions must be replaced more often, especially in the presence of organic loads.

These differences lead to the unique advantages of **BruTab 6S**:

- Delivers more potent, longer lasting disinfection power in the form of Hypochlorous acid – **Strong and Cost Effective**
- Has long lasting, available chlorine in reserve – **Stable** solution that can be stored for 3 days in a closed container. Bleach becomes inactive after a day.
- Its tablet form is **Stable** for 3 years from date of manufacture. Bleach concentrates have a 6 month shelf life – **Stable/Sustainable** product
- Less damaging to surfaces and equipment, OSHA GHS Non-Hazardous — **Surface/User friendly.**

BruTab_{6S}[®]

1

STRONG One product for use throughout an entire facility

US EPA Registered Disinfectant: Kills *C. difficile* spores, TB and more in 4 minutes. Kills Norovirus, Hepatitis A Virus, Hepatitis B Virus, Hepatitis C Virus and HIV-1 in 1 minute. Hospital Disinfectant; Meets OSHA Bloodborne Pathogens* Standard; Sanitizer Claim for Food Service Applications; Kills *Canine Parvovirus*.

** Kills HBV and HIV-1 on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids.*

2

SURFACE/USER FRIENDLY Less damaging to surfaces and equipment with neutral pH — Use Dilution is OSHA GHS Non-Hazardous for Health, Physical or Environmental Classifications reducing risk/facilitating worker safety

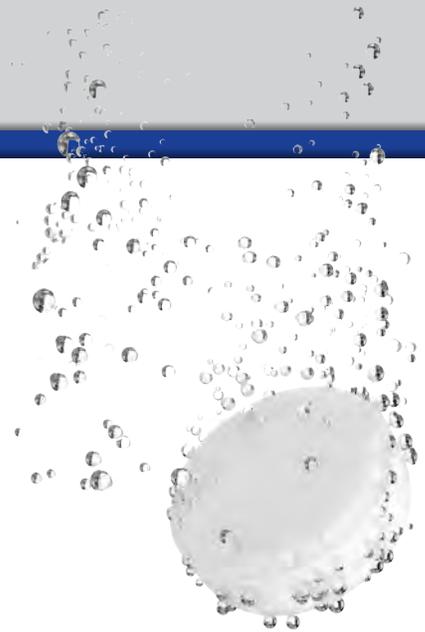

Similar pH to skin – will not burn the skin. Will not harm floor finishes. Safe on colorfast fabrics.*

** Always test small area of clothing for color fastness before using.*

3

STABLE Economical — lasts longer resulting in less waste

Longer shelf life in solution than bleach – 3 days compared to 1 day for bleach. Longer shelf life in tablet form than bleach – years compared to months for bleach. Continues working in the presence of organic load (i.e. blood and dirt). Sodium dichloro-s-triazinetriene retains killing power due to a 50 / 50 chemical equilibrium that continues to generate hypochlorous acid to replace that which is being used up in the process of destroying micro-organisms or contact with organic loads. This means that it is not inactivated by dirt/cloths/organic matter as easily as chlorine is depleted from bleach.

4

SUSTAINABLE Cost-savings in multiple ways: Storage, Shipping, Handling, Waste Minimization

Small tablet size: Reduces SKUs – less warehouse space required to stock product compared to bleach and other liquid disinfectants. Reduces shipping costs. Non-hazardous shipping. Reduces packaging waste.

5

SIMPLE Ease of training and usage

Exact dosage every time delivers accurate strength solution. Eliminates “measure and pour” guesswork. No dispensing equipment required.

6

SMELLS CLEAN Leaves areas smelling clean and disinfected

Ideal for all areas in the facility including patient rooms, restrooms and shower rooms.

ANIMAL PATHOGENS

When used at ppm solution listed below, applied as outlined under Animal Premises Disinfection/ Virucidal Directions, BruTab 6S is effective against the following animal pathogens with the corresponding contact time:

10 minute contact time (1076 ppm Solution)

Canine Parvovirus
 Newcastle Disease Virus
 Pseudorabies Virus
 Canine Distemper Virus
 Feline Calicivirus
 Actinobacillus pleuropneumoniae
 Avian influenza Virus (H5N1)
 Bordetella bronchiseptica (Rhinitis)
 Brachyspira (Treponema/Serpulina)

 Herpes Simplex Virus Type 1
 Hyodysenteriae (Swine Dysentery)
 Infectious canine hepatitis
 Porcine epidemic diarrhea Virus
 Porcine parvovirus
 Runtting and stunting Virus (tenosynovitis)
 Streptococcus uberis
 Teschen/Talfan disease
 Respiratory syncytial virus (538 ppm)

1 minute contact time (ppm Solution)

Feline Calicivirus (2153 ppm)
 Avian influenza virus (H5N1) (4306 ppm)
 Bovine viral diarrhea virus (4306 ppm)

NOTE: Only approved for use against Canine Parvovirus, Newcastle Disease Virus, Pseudorabies, Canine Distemper Virus and Feline Calicivirus in the State of California.

PHYSICAL & CHEMICAL SPECIFICATIONS

Active Ingredient: Sodium dichloro-s-triazinetriene	48.21%
Working pH	6.5 +/- 0.5
Color	Clear
Odor	Slight Chlorine
OSHA GHS Rating In-Use	Non-Hazardous

STABILITY DATA

A stability study was conducted and found that solutions made up of strengths from 100 - 5382 ppm active chlorine, retained the required chlorine activity after storage for 3 days in a closed container at room temperature out of direct sunlight.

General Solution Preparation: Prepare a fresh solution twice weekly (every 3 days) when using closed containers (spray bottles). Prepare a fresh solution daily when using open containers (buckets) or if solution becomes diluted.

MATERIAL SUBSTRATE COMPATIBILITY

Sodium dichloro-s-triazinetrione tablets dissolved in water produce a solution of hypochlorous acid.

Explanation of Ratings — Chemical Effect

A = Excellent.

B = Good – Minor Effect, slight corrosion or discoloration.

C = Fair – Moderate Effect, OK for short term use. Not recommended for continuous use. Some pitting may occur.

D = Severe Effect, not recommended for any use.

- First-aid measures after ingestion : Rinse mouth. Call a poison center/doctor/physician if you feel unwell.

Most important symptoms and effects (acute and delayed)

Symptoms/effects after eye contact : Eye irritation.

Immediate medical attention and special treatment, if necessary

Treat symptomatically.

SECTION 5: Fire-fighting measures

Suitable (and unsuitable) extinguishing media

Suitable extinguishing media : Water spray. Dry powder. Foam.

Specific hazards arising from the chemical

Reactivity : The product is non-reactive under normal conditions of use, storage and transport.

Special protective equipment and precautions for fire-fighters

Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Emergency procedures : Ventilate spillage area. Avoid contact with skin and eyes.

For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

Coronavirus Relief Fund
Guidance for State, Territorial, Local, and Tribal Governments
April 22, 2020

The purpose of this document is to provide guidance to recipients of the funding available under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act established the Coronavirus Relief Fund (the "Fund") and appropriated \$150 billion to the Fund. Under the CARES Act, the Fund is to be used to make payments for specified uses to States and certain local governments; the District of Columbia and U.S. Territories (consisting of the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and Tribal governments.

The CARES Act provides that payments from the Fund may only be used to cover costs that—

1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.¹

75%
\$ 328,548.

The guidance that follows sets forth the Department of the Treasury's interpretation of these limitations on the permissible use of Fund payments.

Necessary expenditures incurred due to the public health emergency

\$ 1,642,740
75%

The requirement that expenditures be incurred "due to" the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the State, territorial, local, or Tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures.

Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute. Although a broad range of uses is allowed, revenue replacement is not a permissible use of Fund payments.

The statute also specifies that expenditures using Fund payments must be "necessary." The Department of the Treasury understands this term broadly to mean that the expenditure is reasonably necessary for its intended use in the reasonable judgment of the government officials responsible for spending Fund payments.

Costs not accounted for in the budget most recently approved as of March 27, 2020

The CARES Act also requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. A cost meets this requirement if either (a) the cost cannot lawfully be funded using a line item, allotment, or allocation within that budget or (b) the cost

¹ See Section 601(d) of the Social Security Act, as added by section 5001 of the CARES Act.

is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.

The “most recently approved” budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account.

Costs incurred during the period that begins on March 1, 2020, and ends on December 30, 2020

A cost is “incurred” when the responsible unit of government has expended funds to cover the cost.

Nonexclusive examples of eligible expenditures

Eligible expenditures include, but are not limited to, payment for:

1. **Medical expenses such as:**
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. **Public health expenses such as:**
 - Expenses for communication and enforcement by State, territorial, local, and Tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, *e.g.*, nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. **Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.**

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a State, territorial, local, or Tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund's eligibility criteria.

Nonexclusive examples of ineligible expenditures²

The following is a list of examples of costs that would *not* be eligible expenditures of payments from the Fund.

1. Expenses for the State share of Medicaid.³
2. Damages covered by insurance.
3. Payroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

² In addition, pursuant to section 5001(b) of the CARES Act, payments from the Fund may not be expended for an elective abortion or on research in which a human embryo is destroyed, discarded, or knowingly subjected to risk of injury or death. The prohibition on payment for abortions does not apply to an abortion if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed.

Furthermore, no government which receives payments from the Fund may discriminate against a health care entity on the basis that the entity does not provide, pay for, provide coverage of, or refer for abortions.

³ See 42 C.F.R. § 433.51 and 45 C.F.R. § 75.306.

4. Expenses that have been or will be reimbursed under any federal program, such as the reimbursement by the federal government pursuant to the CARES Act of contributions by States to State unemployment funds.
5. Reimbursement to donors for donated items or services.
6. Workforce bonuses other than hazard pay or overtime.
7. Severance pay.
8. Legal settlements.

AMENDMENT TO ASSIGN TELEPHONE SYSTEM AND SERVICE AGREEMENT

This Amendment is made and entered into this ____ day of _____, 2020 (“Assignment Date”), by and between Legacy Long Distance International, Inc. dba Legacy Inmate Communications, (“Legacy” or “Company”), NCIC Inmate Communications, Inc (“NCIC”), and Walker County, Texas, a political subdivision of the State of Texas (“County”).

RECITALS

WHEREAS, Company desires to assign all rights and obligations under the Telephone System Agreement dated October 15, 2013 as amended (“Agreement”) to NCIC, a Texas corporation, complete with all amendments to date;

WHEREAS County consents fully to this assignment;

NOW, THEREFORE, County, NCIC, and Company further agree as follows:

1. Pursuant to Section II Subsection N, all rights and obligations of Company under the Telephone System Agreement are hereby assigned to NCIC effective Assignment Date. While assignment will occur on this date, either NCIC or Legacy may be providing the telephone service 60 days prior or after this date based on the needs of the agency and to ensure seamless transition of services at the facility and with the staff. The rights and obligations of County under the terms of the Agreement remain unchanged and in full force.
2. All other terms and conditions remain unchanged.

Profile of NCIC

Turn to NCIC for reliable, secure, affordable inmate communications.

As the only major privately-held, employee-owned inmate communications provider, NCIC operates without fanfare, instead focusing on providing affordable, reliable, secure inmate communications, excellent customer service and a combination of advanced technologies found nowhere else in our industry.

NCIC operates globally providing inmate communications in eight (8) countries with nearly 15,000 inmate telephones installed in over 750 facilities. Between our two network sites, NCIC handles more than 550,000 calls, video visitation sessions and text messages & emails per day, all carried over our own private network with only minimal need to interface with the open internet or public switching network.

Unparalleled Customer Service

As the longest, continuously operating inmate telephone provider in the U.S., through our 25 years in business, we have earned the trust and respect of our facility partners, while managing to become a highly successful company providing unmatched customer service. This is best demonstrated by our A+ accreditation with the Better Business Bureau (BBB). We average less than six (6) BBB complaints per year. Although the number of complaints is negligible compared to our client base and call volume, we regret that any customer feels they have a negative experience with NCIC, and we strive to further reduce/resolve the number of complaints.

One way we accomplish this is by providing exceptional customer service 24 x 7 x 365. Through NCIC, Friends and Family members can actually speak to a multilingual, live operator at our US-based call center twenty-four (24) hours a day, seven (7) days a week, rather than being forced to navigate awkward, automated IVR systems. A detailed escalation list will be provided, including every vital NCIC staff members' office and cell phone numbers (up to and including the President / Co-Owner of the company). We take all problems seriously and commit to quick resolution.

BBB Rating: A+

Our superior customer service does not stop there. We recognize that non-functional phones mean unhappy inmates as well as lower revenue. Our goal is to keep your facility, inmates and their friends and family satisfied with preventive maintenance and reliable service through our on-site Field Service Technicians. Our inmate voicemail application even allows inmates to report phone problems, directly alerting NCIC to needed repairs, thus reducing the amount of involvement by your staff.

Affordable Inmate Telephone Provider

In addition to exceptional customer service, we attribute our low number of complaints to our reputation as a conservative, low-cost correctional telephone provider. NCIC understands it is important to provide fair and reasonable rates and fees so inmates can easily stay connected to their family and friends. We credit this policy as the reason NCIC is the only major correctional communication provider who has not been named in costly class action lawsuits.

Technology Leader

NCIC Inmate Communications has grown into a critical partner for the Russell County Sheriff's Office. The Inmate Communications System provided by NCIC includes powerful tools for our correctional staff and investigators, while also allowing for affordable and reliable connections between inmates and the outside world. NCIC is very responsive to service requests and our staff are always able to get in touch with NCIC personnel, quickly.

*Sheriff Heath Taylor
Russell County Sheriff's Office - Alabama*

Although we provide affordable rates and minimal fees, we also provide leading communication technologies. Since our founding, NCIC has had a clear technology vision and established its call control platform and product development approach accordingly. NCIC was the first inmate telephone provider to offer a centralized, secure inmate call control platform. Our scalable platform, which currently operates at less than 20% of overall capacity, can easily be upgraded to

accommodate increased call traffic and recordings by simply adding equipment. NCIC has two geographically separate switching sites to provide the industry's most reliable network; sites are located in Longview, Texas and Dallas, Texas.

Other key strengths of NCIC:

1. NCIC has never been sued by an inmate or family member for charging excessive rates
2. NCIC operates with almost no debt
3. NCIC had no business disruption during the COVID-19 Pandemic
4. NCIC will be lowering the rates and fees charged to your customers
5. Supports most state Sheriff, Jailer and Police Chief Associations

We have been very pleased with not only the services we receive from NCIC, but the quick response to any inherent issues that we may come across. Over the past few years, we have developed a close working partnership with NCIC and as a result, the end product we have gotten from NCIC has far exceeded our expectations. We look forward to the continued relationship with NCIC.

SECTION H – CERTIFICATIONS AND ACKNOWLEDGEMENTS			
<p>I, the below signed individual, am the legal owner or legal representative of the owner of the property described in this application, and do hereby certify that the information contained in this application is a true and correct under penalty of law. The below signature further represents my understanding, agreement, and acceptance of the following items:</p> <ol style="list-style-type: none"> Authorization is hereby given to Walker County and its representatives to enter onto the private property described in the application for the purpose of inspection and regulation related to this application and the applicable regulations. I have read and understand the requirements of the Walker County Subdivision Regulations, and understand it is my responsibility to comply with all the requirements therein. The completion and acceptance of this application by Walker County in no way shall be construed as a guarantee that the proposed construction will be approved for installation. This application may be rejected as incomplete for 10 business days after the original submittal of the application at any point without any refund of the application fee. This includes that no refund shall be given for applications submitted incomplete or applications withdrawn. The applicant also recognizes that additional resubmittals, applications, or responses after the initial application may result in a fee increase to the original application fee, and that any increase in the fee must be paid when the additional submittal is submitted. The completion and acceptance of this application is not an authorization to perform any activity. A final approval of the application and approval of the plat for filing must be made in writing prior to any subdivision of property or filing of any plat. I understand that any approvals made related to this application are made subject to the minimum requirements of the Walker County Subdivision Regulations. If no direct variance is granted to the Walker County Subdivision Regulations or other State or Federal requirements then no approval under this application shall be construed to provide a waiver to compliance with those regulations and the Owner/Applicant is still fully responsible for compliance with said regulations. The fee for the subdivision applications may be calculated based on variable factors including cost of construction, number of lots, length of road centerline, and the quantity of revisions, replacement applications, and responses. The initial calculated fee charged at the original submittal may increase during the application timeline if any of these variables change or are calculated in error. Any increase in the fee must be paid as part of any submittal of a revision, replacement, or response to an application. I hereby release, indemnify, and hold harmless Walker County and its employees and agents for any and all claims, costs, or liabilities, expressly including alleged negligence, or for any damages to property or persons arising from the inspection, construction, development, design, or review related to this application or occurring under any permit issued in relation to this application. I understand that I and my agents are completely and wholly responsible for the design and construction of all necessary improvements to local, State, and Federal Standards. I certify that all necessary permits from those Federal, State, or local government agencies (including but not limited to Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334 (Corps of Engineers), Texas Commission on Environmental Quality, Texas Historical Commission, United States Fish and Wildlife (Endangered Species), Texas Water Development Board, TXDOT, and City Approvals, etc.) have been obtained.

January 21, 2020

8) Name of person causing lot or tract to be created (Owner, developer, or other):
Franklin Krystyniak, Executor of Clara Mae Snoe Krystyniak Estate

9) Name and address of lienholder of property(if none, so state):
none

10) Give :
Section 5.1 Page 10 of 32 Paragraph 6
of the subdivision document for which variance is requested.

II. Variance requested and reason.

1) Describe what variance is desired (Add additional pages if needed):
Family farm is being divided so that one of three heirs
(Joanne Reyes Krystyniak) can become the sole owner of
one portion of the property (17.97 acres) and continue to live
there and the remainder of the property (116.47 acres) sold with
proceeds shared by three heirs of the property in accordance with
the will of Clara Mae Snoe Krystyniak.

2) Give reason why your are unable to comply with the Walker County
Subdivision Policy as shown. Normal cost of creating and complying
with the Walker County Subdivision Policy is not necessarily an
acceptable reason. (Add additional pages if needed):
Applicant is requesting to use easement off Krystyniak Road as
access instead of frontage on FM 1375 as shown on Exhibit to
comply with the 80 ft. frontage/access requirement. The property
can then be accessed without the necessity of creating a separate
driveway within 400 feet of the present Krystyniak Road driveway
off FM 1375, which would be in violation of TEXDot regulations.

yes

I have been given a copy of Section 232.001 - 232.005 of the Local Government Code which states that dividing my property into smaller tracts may qualify me as a subdivider and my property as a subdivision.

I am aware that as a subdivider, I am required to comply with the Walker County Subdivision Policy.

I am aware that failure to comply with the policy may make me subject penalties.

I am aware that failure to comply with the policy will mean that the grantee may be unable to obtain a permit for utilities and building.

- NOTES:**
- Coordinates, bearings, distances and areas surveyed hereon are Grid NAD 83 (1993), Texas Central Zone referenced to the City of Huntsville Mapping Control Network and are based on the position of control point 6005 having published coordinates of N= 10,284,018.15 feet, E= 3,823,440.76 feet and G.P.S. observations. Distances herein may be converted to Geodetic Horizontal (surface) by dividing by a Combined Scale Factor of 0.99988.
 - This property is partially within Zone A, "areas determined to be within the 0.1% annual chance floodplain", according to F.E.M.A. Flood Insurance Rate Map, Community-Panel No. 481042 0525D and Map No. 48471C0525D dated August 16, 2011.
 - Special Flood Hazard Line (SFHL) shown hereon was scaled from FEMA Flood Insurance Rate Maps, neither H.E. McAdams & Son Surveying, Inc. nor H.E. McAdams intends to state or imply that flooding will or will not occur in Zones 'A' or 'X' shown hereon.
 - The private roads in Horseshoe Lake are now and shall continue to be privately maintained by Horseshoe Lake Property Owners' Association.
 - The ponds, lakes, and dams are privately maintained and permitted by Horseshoe Lake Property Owners' Association.
 - All common drainage infrastructures and facilities are privately maintained by Horseshoe Lake Property Owners' Association to allow access by owners, lessees, first responders as required to meet local, state, and federal requirements as it relates to drainage.
 - All lessees, owners, Property Owners' Association (Home Owners' Association), and emergency responders must have permanent access to right-of-way on the private roads throughout Horseshoe Lake Development.
 - No construction, without the written prior approval of Walker County, shall be allowed within a Flood plain, and then only after detailed engineering plans and studies show that no flooding and no obstruction to the natural flow of water will result. If construction is allowed, all finished floor elevations shall be a minimum of two (2) feet above the 100-year flood elevation. The existing creeks, lakes, reservoirs, or drainage channels, not within a public easement, traversing along or across portions of this subdivision, shall remain as an open channel always and shall be maintained by the individual owners of the lot or lots that are the individual owners of the lot or lots traversed by or next to the drainage courses along or across said lots. Walker County shall not be responsible for the maintenance and operation of private drainageways or for the control of erosion. Each property owner shall keep the natural drainage channels traversing or next to the property clean and free of debris, silt, or any substance that would result in unsanitary conditions. Walker County shall have the right of ingress and egress for inspection and supervision of maintenance work by the property. The natural drainage channels are subject to storm water overflow and natural bank erosion to an extent that cannot be definitely defined. Walker County shall not be liable for damages of any nature resulting from the occurrence of these natural phenomena, nor resulting from a failure of any structure within the natural drainage channels.
 - Dirt work on each lot/tract shall ensure that an individual's drainage must drain to the lowest point of their respective property (either directly in front of their property or to a lake).
 - Homeowners and lessees are responsible for all local, state, and federal legal requirements for drainage in regard to their lots and or tracts. This includes all build costs, repairs, maintenance costs, and modification costs needed to ensure legal drainage.
 - Compliance with the Walker County Floodplain Management regulations is the responsibility of the Horseshoe Lake Property Owners' Association, save the homeowners' or lessees' responsibilities described above.
 - All owners of lots and or tracts must open and maintain an account with the current provider of potable water (drinking water) with the current water utility.
 - This survey was completed without an Abstract of Title. There may be easements and other matters not shown.

CERTIFICATION BY SURVEYOR

THE ABOVE NAMED PERMIT APPLICANT DOES HEREBY MAKES AN APPEAL TO THE COMMISSIONER'S COURT OF WALKER COUNTY FOR A VARIANCE TO THE CONDITIONS OF PERMIT APPROVAL AND/OR CONSTRUCTIONS STANDARDS REQUIRED BY THE WALKER COUNTY FLOOD PLAIN MANAGEMENT REGULATIONS FOR PROPOSED DEVELOPMENT WITHIN AN IDENTIFIED FLOOD HAZARD AREA RELATED TO THE ABOVE REFERENCED DEVELOPMENT PERMIT APPLICATION.

SECTION C – BASE FLOOD ELEVATION UTILIZED IN DESIGN	
(If a determination of the base flood elevation has been made, then a copy of a <i>Determination of Base Flood Elevation Form</i> must be submitted and the elevation shown in C1 below should correspond with the elevation that appears in subsection E3 on that form. For large projects subject to varying or multiple flood heights please place an "X" in the box adjacent to D2)

D.1		
D.2		
D.3		
D.4		

SECTION E – OTHER VARIANCE

(All Variance requests need to include the specific variance along with the Section(s) of the Regulation to which they apply)

E.1 A Variance is requested to Section(s) 5:03(d) of the Walker County Flood Plain Regulations as follows:
A variance is requested to allow the minimum finished floor
elevations be provided on the construction plans in lieu of being
provided on the recorded plat.

SECTION F – APPLICANT’S JUSTIFICATION AND PRESENTATION FACTORS EFFECTING VARIANCE

(All variance requests to the Walker County Floodplain Regulations need to be included along with the Section(s) of the Regulation to which they apply)

F.1 Is the variance for new construction or substantial improvement of a structure to be erected on a lot of one-half acre or less in sized contiguous to and surrounded by lots with existing structures constructed below the base flood elevation?

Yes _____ No X

F.2 Please explain the cause or reason the variance is being requested (attach additional pages as "Exhibit F.2"):

The Texas Grand Ranch Sections 4A and 4B plats were recorded without the
minimum finished floor elevations for the applicable lots, but this information
has since been added to the construction plans. Coordination with the Walker
County Planning & Development Department has yielded the comment that
"a variance will need to be requested and approved from the Commissioner's
Court to use this document [construction plans] for permitting purposes".

F.3 Will the failure to grant the variance result in any exceptional hardship to the applicant?

Yes X No _____

If yes please explain below:

Failure to grant the variance will make it difficult for Walker County
to permit the structures on the affected lots, which will in turn create
a hardship between the developer and property owners.

F.4 Is the variance requested within a regulatory floodway?

Yes _____ No X

F.5 Will the variance result in increased flood heights, additional threats to public safety, extraordinary public expense, create a nuisance, cause fraud, victimization of the public, or conflict with existing local laws or court orders?

Yes _____ No X Please provide analysis or explanation below or reference attachments:

Mitigation has been provided per the "Construction Drawings for
Texas Grand Ranch Section 4" and the "Drainage Report for Texas
Grand Ranch Section 4".

SECTION H –VARIANCE(S) GRANTED

(All design elevations shall be given in the same elevation datum used for the elevation in section D1)

H.1 A VARIANCE TO THE WALKER COUNTY FLOOD PLAIN REGULATIONS IS GRANTED AS FOLLOWS:

H.2 THE FOLLOWING CONDITIONS ARE ATTACHED TO THE VARIANCE IN ADDITION TO THE REQUIREMENTS OF THE DEVELOPMENT PERMIT AND ANY REQUIREMENTS OF THE FLOOD PLAIN MANAGEMENT REGULATIONS:

SECTION J - NOTICE, ACKNOWLEDGEMENT, AND CERTIFICATIONS

NOTICE

ALL DEVELOPMENT MUST BE IN STRICT COMPLIANCE WITH THE VARIANCES STATED HERE AND OTHER CONDITIONS STATED ON THE DEVELOPMENT PERMIT. ANY VARIATION WILL RESULT IN IMMEDIATE SUSPENSION OF THIS VARIANCE AND THE DEVELOPMENT PERMIT. FLAGRANT VIOLATION OF THE CONDITIONS OF THIS VARIANCE MAY RESULT IN THE COMMISSIONER’S COURT SEEKING INJUNCTIVE RELIEF, CIVIL, OR CRIMINAL PENALTIES.

WARNING

THE GRANTING OF A VARIANCE IS LIMITED TO THE PERMITTING STANDARDS AND LOCAL REGULATORY STANDARD ONLY. IT IS NOT A VARIANCE FROM THE REQUIREMENT TO PURCHASE FLOOD INSURANCE. **PREMIUMS FOR FLOOD INSURANCE COVERAGE FOR THE STRUCTURE WILL INCREASE** AS A RESULT OF CONSTRUCTING THE FIRST FLOOR BELOW THE LEVEL OF THE BASE FLOOD, AND MAY INCREASE AS A RESULT OF OTHER VARIANCES GRANTED. **LOWERING THE FIRST FLOOR BELOW THE BASE FLOOD ELEVATION MAY INCREASE THE POTENTIAL FOR FLOOD DAMAGE AND LOSS OF LIFE.** THE APPLICANT ACKNOWLEDGES THAT HE/SHE IS RESPONSIBLE TO ENSURE THAT ANY VARIANCE DOES NOT DAMAGE OR THREATEN ADJASCENT PROPERTIES AND COMPLIES WITH LOCAL, STATE, AND FEDERAL REGULATIONS.

DISCLAIMER

THE COMMISSIONER’S COURT OF WALKER COUNTY AND ANY OFFICER OR EMPLOYEE OF WALKER COUNTY ARE NOT LIABLE FOR DAMAGES OR LOSS OF LIFE RESULTING FROM FLOODING OF THE PROPERTY FOR WHICH A PERMIT OR VARIANCE IS GRANTED.

I, Brett Wyant, PE, do hereby acknowledge that I have reviewed the provisions, warnings, notices, and disclaimers stated above and that I understand them agree with them and intend to comply fully with them. I also acknowledge that my flood insurance costs will increase and flood damage potential to any structure or property subject to this variance will increase. I am fully aware that Walker County is not liable for damages to my property or structure, and that I accept full responsibility for the risks associated with this variance. I also certify that in the event I sell this property or structure in the future, that I will give notice of the variance to the purchaser prior to sale.

Maintenance Agreement

Date	Services Performed By:	Services Performed For:
7/22/20	Prestige Tower Services LLC ("Contractor") P.O. Box 1616	Walker County P.O. Box 1260 Huntsville, TX 77320

This Maintenance Agreement Walker County ("Client") and Prestige Tower Services LLC ("Contractor") will be effective 9/1/20. This Agreement shall be effective as of 9/1/20, is entered into by and between the Contractor and Client and is subject to the terms and conditions specified below.

Period of Maintenance

The Services shall commence on 9/1/20, and shall continue through 8/31/21. The fee per site will be \$75.00 per month, to be paid on the first of each month through the term of this agreement.

Contractor Responsibilities

Prestige Tower Service, LLC shall provide 24/7 technical support for all wireless equipment and any other product installed by them. Walker County will have priority customer service over other customers in the event of any outage that may occur. Prestige Tower Services, LLC shall also provide same day technical support to make any necessary repairs if it is safe to do so. All tower maintenance will be performed by Prestige Tower Services, LLC, and be included in the monthly fee. This also includes the existing tower site.

Client Responsibilities

Walker County shall provide access to all sites in the event of any outage that may occur. Should the County require the services of Prestige Tower Services, LLC for maintenance or repair services, Prestige Tower Services, LLC shall be granted access to the County's facilities where equipment covered under this agreement is stored, used, or operated.

Access at each County facility shall be managed by the supervisor of each affected facility. The supervisor shall determine whether a County employee will accompany Prestige Tower Services, LLC while they are on site.

The County will verify that facilities are accessible prior to Prestige Tower Services, LLC being dispatched to perform scheduled or emergency services.

Walker County personnel are not required to be on site unless Walker County deems necessary.

Payment Schedule

All payments will be due on the first day of each month beginning 9/1/20 until 8/1/21. All checks will be made payable to Prestige Tower Services, LLC and mailed to P.O. Box 1616 Huntsville, Texas 77342. No less than 60 days prior to Maintenance Agreement ending term, a new contract shall be signed by both parties to extend the contract another year.

, the parties hereto have caused this SOW to be effective as of the day, month and year first written above.

FINANCIAL AND BUDGET POLICIES OF WALKER COUNTY

FINANCIAL POLICIES

I. FINANCIAL POLICIES - GENERAL INFORMATION

- A. **PURPOSE OF FINANCIAL POLICIES.** The purpose of these Financial and Budget Polices is to identify and present an overview of policies dictated by state law, policies adopted by orders of the courts, and administrative policies. The aim of these policies is to achieve long-term stability and a positive financial condition. These policies set forth the basic framework for the overall fiscal management of the County. The scope of these policies span accounting, auditing, financial reporting, internal controls, operating and capital budgeting, budget amendments, revenue management, cash and investment management, expenditure control, the budget amendment process, asset management and debt management. A substantial portion of the policies and procedures of Walker County are defined by State Law. To document some of the non-statutory policies, the first version of the financial policies was adopted on September 13, 2004, by the then sitting Commissioners Court for the purpose of documenting, formalizing and communicating the policies to the elected officials, department heads, and citizens. Goals included setting up policies for guiding financial planning and maintaining adequate fund balances, enhancing budgetary controls, and enhancing transparency in the financial operations of the County. The Commissioners Court began the process of addressing and formalizing other polices and, over time, has put together a comprehensive set of financial policies that guide and regulate County business and transactions. While subject to change, these policies and procedures have not changed in the core philosophies that were behind the original policies. Modifications to the policies are generally minor and generally include additions to the documentation of the policies and addressing changes in reporting.
- B. **PERSONNEL POLICY MANUAL, PURCHASING POLICIES AND PROCEDURES AND OTHER POLICIES.** In addition to the Financial and Budget Policies, the County has developed a comprehensive set of other policies and procedures that guide and regulate its activities. The Commissioners Court has been actively involved in the formalizing of these policies, many of which have been incorporated into the Personnel Policy Manual. The last major rewrite of the Personnel Policy Manual was in June 2015 with several modifications having been made since then. Formal purchasing polices were first adopted in 2006, followed by a major rewrite and adoption of the Purchasing Policy and Procedures Manual in February 2017. Investment Policies are reviewed each year as part of the budget process. All departmental operations must adhere to the policies adopted by Commissioners Court.
- C. **GENERAL GOVERNMENT FUNCTIONS.** The Commissioners Court is the governing body of the County. The Texas Constitution specifies that the Court consists of a County Judge, who is elected at large, and serves as the presiding officer and four County Commissioners elected by the voters of their individual precincts. The Local Government Code prescribes the duties and grants authorities of the Commissioners Court and other County officers relating to financial management. The Commissioners Court develops and adopts the County budget, establishes the tax rate and develops policies for County operations. Major responsibilities of County government include public safety, maintaining roads, maintaining jails, funding judicial systems, maintaining public records, assessing property taxes, issuing vehicle registrations, registering voters, conducting elections, and oversight of development within the County.

- D. **STRUCTURE OF COUNTY GOVERNMENT.** Counties are agents of the state, and their structure is defined in the Texas Constitution. Counties, unlike cities, are limited in their actions to areas of responsibility specifically described in laws passed by the Texas Legislature and signed by the Governor. In Texas, Commissioners Court conducts the general business and oversees financial matters of the County. To ensure Fiduciary responsibility, the Texas Constitution has established a strong system of financial checks and balances by creating, the position of County Auditor, who is appointed by the District Judges and a Purchasing Agent appointed by the County Judge and the District Judges.
- E. **ELECTED OFFICIALS.** In addition to the County Judge and County Commissioners, other elected officials include the District and County Clerks, County Treasurer, Sheriff, Constables, Justices of the Peace, County Court at Law Judge, two District Judges, a Criminal District Attorney, and the County Tax Assessor. In Walker County the Commissioners Court is responsible for the oversight of the Facilities Maintenance Department, the IT Department, **the EMS(Emergency Management Services) emergency and transfer operations**, and the Planning and Development Department. State statute defines the roles and duties of each of the other elected officials.
- F. **COUNTY FISCAL YEAR.** The County operates on a fiscal year that begins October 1st and ends on September 30th.
- G. **COMPREHENSIVE ANNUAL FINANCIAL REPORT.** A Comprehensive Annual Financial Report (CAFR) is issued at the end of each fiscal year. Walker County participates in the Government Finance Officer (GFOA) CAFR Review Program and prepares its statements in accordance with their recommended guidelines.
- H. **ANNUAL EXTERNAL AUDIT.** The annually adopted budget for Walker County includes funds for an external annual financial audit. The contract shall require that the external auditor of the financial statements conform to standards promulgated in the General Accounting Office's *Government Auditing Standards*.
1. **SELECTION OF EXTERNAL FIRM.** In the external audit firm selection process, Walker County shall issue a comprehensive request for proposals and follow Best Practice Guidelines issued by the GFOA for external audit procurement. In general, it will be the preferred practice of Walker County to rotate external auditors on a periodic basis. Selection of the external audit firm will generally be for a five year period with an initial contract of one year with review for annual renewals for years two thru five. After a five year consecutive period of service by an external audit firm, a request for proposal will be issued each year.
 2. **EXTERNAL AUDIT REVIEW COMMITTEE.** County policy is for the County Judge to designate an external audit review committee comprised of five to seven members. Once selected, the committee is presented for approval by the Commissioners Court. The primary responsibility of the external audit review committee will be to oversee the external independent audit of the comprehensive annual financial statements, including reviewing the request for proposal and proposal responses, and making a recommendation to commissioner's court for selection of the external audit firm.

II. BASIS OF ACCOUNTING

- A. **ACCOUNTING POLICY.** The County Auditor's Office maintains records on a basis consistent with accepted principles and standards for local government accounting and in accordance with current statements and pronouncements issued by the Governmental Accounting Standards Board, as applicable.
8. **GOVERNMENTAL FUND TYPES.** The County uses Governmental Funds to account for its general governmental activities. Governmental funds use the flow of current financial resources measurement focus, and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they are 'measurable

and available'). "Available" means collectible within the current year or soon thereafter to pay liabilities within 60 days of the end of the current fiscal period. Substantially all revenues except property taxes and fines are considered susceptible to accrual. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. Principal and interest on long-term debt are recognized as payments are due.

- C. PROPRIETARY FUND TYPES. ~~The county currently does not have any Proprietary Funds.~~ Proprietary fund types are used to account for business type activities (funds that receive their revenues through user charges). Proprietary funds use the accrual basis of accounting and are based on a flow of economic resources. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. There are two types of Proprietary funds, Enterprise Funds and Internal Service Funds. Enterprise Funds receive their revenues primarily from user fees. Internal Service Funds receive their revenues primarily from other funds. **The County has one Internal Service Fund, the Retiree Insurance Fund.**

III. INTERNAL CONTROL STRUCTURE

- A. INTERNAL CONTROLS RESPONSIBILITY. Internal controls are designed to provide reasonable, but not absolute assurance, regarding the safeguarding of assets against loss, unauthorized use, or disposition. Internal controls are designed to ensure reliability of financial records for preparing financial statements and for maintaining accountability for assets. The financial operating controls are shared by the Commissioners Court, which is the governing body, the County Auditor, who is appointed by the District Judges, the elected officials and the department heads. The County Auditor maintains the records of all financial transactions of the County and by statute examines, audits, and approves all disbursements from County funds prior to submission to the Commissioners Court for payment.
8. WRITTEN PROCEDURES. Elected officials and department heads are responsible for ensuring adequate control of the monies collected by their department and for assets assigned to their departmental area. Whenever possible, written procedures shall be established for all functions involving cash handling and accounting for revenues within the department. Each elected official or department head is responsible for ensuring that good internal controls are followed throughout the department.
- C. COMPUTER SYSTEM/DATA ACCESS. The County shall provide security of its computer systems and data files through physical security and shall require passwords for system access. There shall be a requirement that passwords be changed periodically. The IT department shall report to the Commissioners Court and shall recommend security policies for Commissioners Court approval. The IT department is charged with ensuring there are appropriate backups of data and disaster recovery processes are in place.

IV. RISK MANAGEMENT

- A. RISK. The County is exposed to various types of risk of losses related to torts, theft of, damage to, and destruction of capital assets, errors and omission, injury to employees, and natural disasters.
- B. MEMBER TEXAS ASSOCIATION OF COUNTIES RISK POOL. Walker County participates in the Texas Association of Counties Risk Management ('the pool') created by interlocal agreement to enable its members to obtain coverage against various types of risk. The pool is administered by the Texas Association of Counties (TAC). Through this pool, the county obtains general liability, property, public officials liability, law enforcement professional liability, auto physical damage, auto liability, and workers' compensation coverage.

- C. ANNUAL REVIEW OF INSURANCE COVERAGE AND DEDUCTIBLES. Each year nearing time of renewal, the Purchasing Agent shall present to the Commissioners Court an agenda item discussing renewal, alternate methods of insuring the county, and a discussion of the amount of insurance deductibles.

V. FIXED ASSETS

- A. DEFINITION. A fixed asset is a purchased or otherwise acquired piece of equipment, vehicle, furniture, fixture, capital improvement, infrastructure addition, or addition to existing land, or buildings. For financial reporting purposes, a fixed asset's cost or value is \$5,000 or more with an expected useful life of greater than one year, or infrastructure or building improvement at a cost of \$25,000 or more that will extend the life by more than five years.
- B. CENTRAL FIXED ASSET ACCOUNTING MODULE. Fixed assets shall be tagged and information entered into the centralized Fixed Asset Accounting module in a manner defined by the County Auditor.
- C. ANNUAL INVENTORY. An annual physical inventory shall be conducted by the Purchasing Department and as required by Local Government Code 262.01 l(i), a report submitted to the County Auditor, County Judge and District Judges by July 1st of each year.
- D. POLICY ON ASSET MANAGEMENT. Commissioners Court has adopted a separate Asset Management Policy that includes small equipment inventory and inventory maintained at the department level. This policy requires that the Purchasing Agent tag assets with a cost of greater than \$1,000 and are susceptible to loss, that these assets be entered and maintained in the centralized asset accounting system, and defines the departments' responsibility to maintain assets records at the department level.
- E. PURCHASE OF A FIXED ASSET. No fixed asset purchase shall be made without specific approval of Commissioners Court. Generally requests for fixed assets shall be planned and included as part of the annual budget process or an approved Capital Project. In the event of an unplanned purchase made after the annual budget is approved, a budget amendment must be submitted and approved.

VI. REVENUE MANAGEMENT

- A. REVENUE GENERATED DURING THE BUDGET YEAR TO FUND OPERATING COSTS BUDGETED FOR THE FISCAL YEAR. Walker County shall strive to fund all on-going costs during a budget year with revenues that are generated in the budget year. On-going costs not funded by revenues to be generated during the budget year shall be specifically identified during the budget process and the funding plan for future years shall be part of the budget planning process. A function that is to be placed in the tax rate over a period of years shall be part of the annual budget review process.
- B. REVENUE SOURCES. County Government revenues are generally limited to what is allowed in state statute. Many of the revenues allowed are set by specific statute with little discretion on the amount to be charged. The primary revenue sources of Walker County are ad valorem taxes, sales taxes, fines, fees paid to the County by the State of Texas for collecting revenues for the State of Texas, fees for EMS services, license and permit fees and certain other fees. The County is also fortunate to receive numerous grants.
- C. CHARACTERISTICS OF THE REVENUE SYSTEM. The County strives for the following in its revenue system:
- Simplicity in naming and grouping. The County shall strive to keep its revenue classifications system simple to promote understanding of the revenue sources.
 - Realistic and Conservative Estimates. Revenues are to be estimated realistically. Revenues of a volatile nature shall be budgeted conservatively.

- Reporting. Reports showing actual revenues vs. budgeted revenues shall be presented in detail at least monthly and the Commissioners Court shall be advised of potential shortfall of revenues that could have an adverse effect on the budget.
- Monitoring of fee offices timely submittal of revenues to the County Treasurer. As part of the internal audit process, revenue reporting offices shall be carefully monitored.
- Aggressive collection policy. Elected officials are encouraged to implement aggressive collection policies and practices. The County shall have in place contracts for collections of past due court and ad valorem revenues.

D. NON-RECURRING REVENUES. One-time or non-recurring revenues shall **generally** not be used to finance current on-going operations. Non-recurring revenues shall **generally** be used for one-time expenditures.

E. PROPERTY TAX REVENUES. As per state statute, all real and personal property located within the County is valued at 100% of the fair market value based on the appraised value supplied by the Walker County Appraisal District. Reappraisal and reassessment is as provided by the Walker County Appraisal District. Property tax shall be maintained at a rate determined by Commissioners Court to fund the budget they establish annually. The County contracts with the Walker County Appraisal District for the collection of current and delinquent taxes. In addition, a third party attorney is hired to collect delinquent taxes. The tax rate is set as part of the annual budget in accordance with the Texas Local Government Code and the Texas Tax Code and in accordance with the Texas Truth in Taxation Guidelines.

F. INTEREST INCOME. Interest is earned from investment of available monies. The County Treasurer is the investment officer and invests monies in accordance with the Commissioners Court approved investment policy. Monthly reports are presented to the Commissioner Court as required by statute. Interest earning shall be deposited in the fund that was the source of the funds invested (interest follows source).

G. USER-BASED FEES. Many fees, including court related fees and vehicle registration fees, are established by state statute. Chapter 118 of the Texas Local Government Code outlines many of the fees that are allowable or required to be charged by Walker County. Other fees such as EMS ~~emergency and transfer~~ fees are established by the County. When possible, the County strives to collect fees from the users of the services to recover costs. Fees shall be reviewed each year either under the time line defined by statute or part of the annual budget process.

H. FINES. Fine amounts are set by the Judges of the various courts.

I. INTERGOVERNMENTAL REVENUES. Monies received from other governments shall be matched with the fund **or department** where the costs or expenses associated with the services are budgeted.

J. GRANT AND SPECIAL REVENUES. Grant and other special revenues received shall be deposited into the fund **or department** established for this purpose and spent for their intended purpose.

K. FEMA/DISASTER REVENUES. These monies will be matched with their expenditures. Monitoring of costs vs revenues received shall be maintained by **the fund or** departments receiving the funds. Refunds due to the provider shall be charged back against the department receiving the funds.

VII. PURCHASING

- A. **CENTRALIZED PURCHASING.** Walker County has adopted a centralized purchasing structure and has an appointed Purchasing Agent. A Purchasing Board comprised of the County Judge and District Judges of the 12th and 278th Judicial Districts appoints the Purchasing Agent. Statutory duties of purchasing agents are defined by Texas State Statute. The Purchasing Agent is appointed for two year terms.
- B. **PURCHASING AGENT.** Local Government Code 262.01 I defines the role of the purchasing agent. The purchasing agent shall purchase all supplies, materials, and equipment required or used, and contract for all repairs to property used by the county, except purchases and contracts required by law to be made on competitive bid. A person other than the Purchasing Agent may not make the purchase of the supplies, materials or equipment or make the contract for repairs. The Commissioners Court has adopted a Purchasing Policies and Procedures Manual that defines the guidelines for making purchases.
- C. **REQUISITIONS/PURCHASE ORDERS.** Local Government Code 113.901 requires a requisition be signed by the county officer ordering the materials or supplies and unless the requirement is waived by Commissioners Court, the requisition must be signed by the County Judge. Walker County has waived the requirement for the County Judge's signature on the requisition.
- D. **CONTRACTS.** A purchase order defines the terms of an agreement to purchase an item. Contracts that define the terms of the agreement must be approved by the Commissioners Court and requires the signature of the County Judge.

VIII. PERIODIC REPORTING

- A **STATE STATUTE REQUIRED REPORTING.** State Statute sets the minimum periodic reporting requirements for County Government. The reports are to be presented at Commissioners Court meetings in a timely manner.
- Local Government Code 114.024 requires that a report showing a listing of the county's receipts and disbursements and the accounts of the county be presented at each regular meeting of Commissioner Court.
 - Local Government Code 114.025 requires that the County Auditor make monthly and annual reports to the Commissioners Court and to the District Judges of the County. The report is to include: Aggregate amounts received and disbursed, condition of each account on the books, the amount of county and district funds on deposit in the county's depository, the amount of county bonded indebtedness and other indebtedness, and any other facts of interest and information that the County Auditor considers proper or the Court or District Judges request.
 - Local Government Code 111.091 requires periodic reports on the budget. The County Auditor includes these reports as part of the monthly reporting process.
 - County Treasurer Reporting. Statute places numerous reporting requirements on the County Treasurer related to funds on hand and investment reports.
 - Other Elected Officials. Statute places reporting requirements on other elected officials including the County Clerk, District Clerk and Justices of the Peace.
- B. **INTERNAL REPORTING.** Commissioners Court has placed monthly reporting requirements on many of the departmental functions that they supervise.

IX. DEBT MANAGEMENT

- A. **ISSUE OF DEBT.** The County shall issue debt only when specifically approved by Commissioners Court and all monies shall be spent for only their designated purpose.
- B. **LONG-TERM DEBT.** The county will use long-term debt only for the purpose of funding capital projects which cannot feasibly be financed with current revenues or available funds and when future citizens will receive the benefit of the improvement. The payback period of the debt will be limited to the estimated useful life of the capital projects or improvements.
- C. **SHORT-TERM DEBT.** The County will issue short term debt only in instances where funds are not available through current revenues or available for allocation in the budget process from funds in excess of the county's required minimum fund balances as set by policy. In the past this type of debt has been used to issue certificates of obligation to finance equipment. In recent years, the County has been able to finance its equipment through the use of fund balance in excess of the minimum required amount.
- D. **METHOD OF SALE.** The County shall use a competitive bidding process in the sale of bonds or certificates of obligation unless there is specific action of Commissioners Court to vary from the competitive process.
- E. **FINANCIAL ADVISOR.** The Commissioners Court shall review the need and approve the hiring of a Financial Advisor for long term and short-term debt issues as appropriate.
- F. **ANALYSIS OF FINANCING ALTERNATIVES.** Alternatives to the issue of debt including grants, use of reserves, and use of current revenues shall be explored prior to the issue of debt.
- G. **DISCLOSURE.** Full disclosure shall be made available to rating agencies, holders of the debt and other users of financial information. The County shall prepare necessary materials to provide for presentations and the production of the Offering Statement.
- H. **DEBT STRUCTURE.** The County will generally issue debt for a term not to exceed 20 years or the life of asset, whichever is less.
- I. **FEDERAL REQUIREMENTS.** The County shall maintain procedures to comply with arbitrage rebate and other Federal requirements.
- J. **BIDDING PARAMETERS.** The County will work with the Financial Advisor to construct the notice of sales to ensure the best bid for the County, in light of the existing market condition and other prevailing factors including parameters such as coupon requirements relative to the yield curve, use of bond insurance, call provisions, method of the underwriters compensation, discount or **premium** coupons.

INVESTMENT AND CASH MANAGEMENT

- A. **STATE STATUTES.** As with other functions in Texas county government, there are statutes governing county investments and cash management. The county is required by Government Code 2256, the Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written, primarily emphasize safety of principal and liquidity, address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of authorized investments in which the county's funds may be invested; and include the maximum allowable stated maturity of any individual investment owned by the County. Texas statute also defines very specific reporting requirements for County Treasurers.
- B. **COUNTY TREASURER AS CHIEF CUSTODIAN OF FUNDS.** Texas Local Government Code Chapter 113 establishes the role of the County Treasurer as the chief custodian of county funds. It further requires that monies be kept in a designated depository and defines the responsibility of the

County Treasurer to account for all money belonging to the County. Statute identifies three classes of funds (1) jury fees, (2) money received under the provisions of road and bridge law, including fines and (3) other money received by the Treasurer's office that is not otherwise appropriated. With the exception of delinquent ad valorem taxes, the County Treasurer is to direct prosecution for the recovery of any debt owed to the county, as provided by law and shall supervise the collection of the debt.

- C. **PLEDGED SECURITIES.** The County's funds are required to be deposited under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the County's agent bank approved securities in an amount sufficient to protect County funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit (FDIC) Insurance.
- D. **CHIEF INVESTMENT OFFICER.** The County Treasurer is the **Chief Investment** Officer of Walker County as authorized by state law.
- E. **INVESTMENT COMMITTEE.** There shall be an investment committee consisting of the County Investment Officer and at least two other members appointed by the Commissioners Court. The Investment Committee shall meet at least once quarterly.
- F. **WRITTEN INVESTMENT POLICIES UPDATED ANNUALLY.** The County shall maintain a written investment policy and the Commissioners Court shall review the investment policy each September.
- G. **DEPOSITORY CONTRACTS.** Walker County shall conduct its treasury activities with financial institutions based on written contracts.
- H. **FUNDS HELD IN CERTAIN TRUST ACCOUNTS AND COURT REGISTRY ACCOUNTS.** The County Clerk and District Clerk hold money in separate bank accounts not managed by the County Treasurer. Chapter 117 of the Texas Local Government Code defines the law for establishing of a depository, and duties of the custodian of these funds. The County Treasurer is not the custodian of these accounts. Reconciliation and monthly reporting of these accounts is required to be sent to the County Auditor and balances of these accounts are reported to Commissioners Court.
- I. **RECONCILIATION OF BANK ACCOUNTS OTHER THAN TRUST ACCOUNTS HELD BY OTHER ELECTED OFFICIALS.** The County Treasurer shall handle original reconciliation of Walker County Bank Accounts with the Depository Bank.

XI. FUND AND ACCOUNT GROUPS

- A. **ORGANIZATION OF ACCOUNTS.** The County's accounts are maintained on the basis of fund and accounts groups that segregate funds according to their intended purpose. Each fund is a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. The accounts within a fund are grouped by a functional category. Within the department, the expenditures are grouped by expenditure types.
- B. **FUND STRUCTURE.** The Financial Reporting Fund structure will generally consist of the Major Funds - General Fund, Debt Service Fund, Road and Bridge Fund, EMS Fund, Capital Projects Fund, Grants and Contracts and Other Governmental Funds.
 - 1. The Grants and Contracts grouping are Special Revenue Funds set up to account for grants received and monies received from the State. The Other Governmental Funds are Special Revenue Funds set up for either legislatively designated purposes or other revenues committed for a special purpose.
 - 2. All funds with the exception of the Grants and Contract funds shall be included in the annual budget process. Certain other funds (such as the Healthy County **Initiative** Fund and General Projects Fund) created for budgeting purposes for assigned or committed monies will be included in the annual budget. For financial reporting purposes, these funds may be included as part of the General Fund.

- C. DEPARTMENTAL FUNCTIONAL CATEGORIES. The departments for the County are grouped by several functional **categories**; General Government, Financial Administration, Judicial, Public Safety, Corrections and Supervision, Health and Welfare, Education and Culture, Public Transportation, Debt, Contingency and Transfers.
- D. EXPENDITURE ACCOUNT CATEGORIES. Within each department, expenditures are further grouped in the following categories. These categories generally follow the legal level of control for a departmental budget. The following is an example of categories and are subject to change as accounting needs change.
- Salary/Other Pay/ Benefits
 - Operations
 - Capital
 - Projects
 - Debt
 - Intergovernmental Services/Contracts
 - Contingency
 - Transfers
- E. REVENUE ACCOUNT CATEGORIES. For reporting and budgeting purposes, revenues are grouped into categories. The following is an example of categories and are subject to change as accounting needs change.
- Property Taxes
 - Current Taxes
 - Delinquent Taxes
 - Property Taxes Penalty and Interest
 - Sales Tax
 - Other Taxes
 - Licenses and Permits
 - Intergovernmental Revenues
 - Charges for Services/Fees of Office
 - Charges for Service - EMS
 - Fines/Court Costs and Forfeitures
 - Interest Earnings
 - Other Revenues
 - Transfers In

F. MAJOR FUNDS. Major Funds identified for financial reporting purposes are described below.

- 1. GENERAL FUND. The General Fund is the main operating fund that accounts for most of the financial resources of the county, which may be used for any lawful purpose. The following is a sample of functions and departments found in the General Fund subject to change as accounting needs change.**

2. **DEBT SERVICE FUND.** This fund is created for servicing the payments on outstanding debt. As part of the budget process, a separate tax rate is adopted each year sufficient to pay the annual debt requirements. The only debt outstanding for Walker County is for the 2012 Certificate of Obligation which had an original issue amount of \$20,000,000. This was a 20 year issue with payments beginning in fiscal year 2013 and final maturity in 2032. The primary purpose was construction of new County Jail. Annual debt payments are approximately \$1,375,000.

3. **ROAD AND BRIDGE FUND.** The purpose of this fund is to account for costs associated with maintenance and repairs of roads and bridges in each of the four precincts. A budget is established for each of the four precincts that also includes the salary and benefits of the commissioner. The majority of funding for the Road and Bridge fund is derived from a combination of revenue sources identified in state statute, as well as ad valorem taxes. There is not a specific tax rate adopted for the Road and Bridge Fund, but is part of the operations tax set by Commissioners Court. Unrestricted monies remaining at the end of the fiscal year in the Road and Bridge Fund are committed to the purposes budgeted and are available for expenditure in the following budget year. The following is a sample of functions and departments found in the Road and Bridge Fund subject to change as accounting needs change.

4. **EMERGENCY MEDICAL SERVICES (EMS) FUND.** The purpose of the EMS fund is to account for costs associated with providing EMS ~~transfer and~~ emergency services to Walker County residents. There are also several private sector companies operating within Walker County. These private sector providers do not receive funding from Walker County. Primary sources of revenues for EMS service are user fees and a monetary transfer from the General Fund from monies brought in through the ad valorem operations tax rate. Unrestricted monies at the end of each fiscal year in the EMS Fund are committed to the purpose of providing EMS services.

5. **CAPITAL PROJECTS FUNDS.** These funds are used to account for capital projects generally paid from the issue of debt. Walker County currently has no Capital Projects Funds. The most recent use of this fund type was for construction of a new County Jail. The balance of the debt issue to fund this construction was spent in the fiscal year ending

September 30, 2016 for improvements at the Justice Center. Currently there are no anticipated debt issues.

6. GRANTS AND CONTRACT FUNDS. The County receives numerous grants and also receives funds that are part of the State of Texas General Appropriations Bill for funding of a state-wide Civil and Juvenile unit. The State has contracted with Walker County to administer these funds. Grant funds are set up for the purpose of accounting for specific grants. These funds are not budgeted as part of the annual budget. Budgets for grants are adopted by the Commissioners Court upon acceptance of the grant.
7. OTHER GOVERNMENTAL FUNDS. Other governmental funds are generally divided into two types, those that are legislatively designated and those that are committed to account for a specific or committed revenue.
 - a. Legislatively Designated Funds. These funds are created to account for the proceeds from specific revenue sources that are restricted to expenditure for specified purposes designated by State Statute. Proceeds from specific restricted revenue sources are the foundation of the fund. The county will disclose the purpose for each legislatively designated special revenue fund.
 - b. Other Special Revenue Funds. Transfers from the General Fund are the most common source of revenues for these funds, although specific revenues may be the source of funding as in the case of the Healthy County Initiative Fund. It is the policy of the County Auditor to establish separate funds as may be required/needed for budgeting and accounting for special purpose revenues including, projects, and other revenues for a specific purpose. These funds are budgeted separately, but vary in the reporting in the annual financial report.
 - i. General Projects Fund. This fund is generally funded from the transfer of General Fund revenues. These projects generally span multiple years and/or require contribution from the General Fund over a period of several years. Examples of projects that may be included are large facilities maintenance, facilities renovation projects and software replacement. A separate budget is adopted for this fund. Expenditures are reported in the General Fund financial statements, and the Fund Balance of this fund is identified as committed in the General Fund annual financial report. Funds remain committed to the project for which monies were intended until completion of the project, or other Court action.
 - ii. Healthy County Initiative Fund. This fund is funded from monies received from the Texas Association of Counties Rewards Program. This program rewards its members for efforts and success in helping employees enroll and complete various Healthy County Programs sponsored by the Texas Association of Counties Health and Employee Benefits Pool. These monies has been committed by Commissioners Court for programs that address healthy living initiatives for Walker County employees. A separate budget is adopted for this fund. Expenditures are reported in the General Fund financial statements, and the fund balance of this fund is identified as committed in the General Fund annual financial report.
 - iii. Retiree Health Insurance Committed Funds. Monies available at the end of each fiscal year that were budgeted or previously budgeted for retiree health insurance benefits are shown as committed fund balance for that purpose in ~~the General Fund, or other~~ fund established for that purpose, or accounted for as a trust if a trust has been established.

The following is a sample of functions and departments found in the Legislatively Designated Fund Grouping subject to change as accounting needs change.

F. FIDUCIARY FUNDS. In addition to the above major governmental funds, the County reports the fiduciary fund types. Agency funds are used to account for assets held by the County as an agent on behalf of various third parties outside of the County. Agency funds held by the County include Adult Probation, the Sheriff Commissary Fund, Walker County Public Safety Communications Center, LEOSE Training Funds for Law Enforcement Officials, Walker County Entergy Transportation TRZ#1, and various County Officials Trust and Agency Funds. These funds are not included in the annual budget.

XII. FINANCIAL POLICIES - FUND BALANCE

- A. **GOVERNMENTAL FUNDS DEFINED.** Fund Balance is the difference between current financial assets and current liabilities reported in a governmental fund's financial statement. In governmental funds, only current assets and current liabilities are reported in the financial statements. This means that fund balance is often considered more of a measure of liquidity, than a measure of net worth. Fund balance is the excess of revenues over expenditures over a period of time. In the budget cycle, the beginning fund balance is the amount available from prior years for allocation and expenditure in the current budget and the estimated ending fund balance is the amount that is estimated to be available for allocation in subsequent years.
- B. **FUND BALANCE.** Walker County shall maintain fund balance in the General Fund to pay expenditures caused by unforeseen emergencies or for shortfalls caused by revenue declines, and to eliminate any short-term borrowing for cash flow purposes.
- C. **FUND BALANCE NOT USED TO SUPPORT ON-GOING OPERATION.** Fund balance generally shall not be used to support on-going operations. The exception may be specific approval of Commissioners Court during the budget process to bring a cost into the tax rate over a period of years generally not to exceed three years.
- D. **FUND BALANCE USED FOR ONE-TIME COSTS BUDGETED FOR THE FISCAL YEAR.** Allocations included in the budget for one-time costs including equipment, vehicles, special projects, contracts or purchases are generally funded by use of fund balance in excess of the county's required minimum fund balance set by this policy.
- D. **MINIMUM FUND BALANCE.** It shall be the policy of Walker County to maintain a General Fund Balance of generally two to three months cash flow. At a minimum, the goal will be to maintain at least a fund balance in the 16.67% range of the operating costs reflected in the most current General Fund budget. No minimum fund balance is required for other funds of the County.
- E. **FUND BALANCE CLASSIFICATION.** Fund Balances shall be reported in the Financial Statement in compliance with the Governmental Standards Board (GASB) Statement 54. Each fund will be categorized into one of five classifications, which are described below. The county governmental-fund financial statements will present fund balances classified in a hierarchy based on the strength of the constraints governing how those balances can be spent. The presentation is only for purposes of the CAFR and may result in a consolidation of related funds for reporting purposes.
1. Fund classifications are listed below in descending order of restrictiveness:
 - a. **Nonspendable:** This classification includes amounts that cannot be spent because they: (a) are not in spendable form (e.g., inventories and prepaid items); (b) are not expected to be converted into cash within the current period or at all (e.g., long-term receivables); or (c) are legally or contractually required to be maintained intact.
 - b. **Restricted:** This classification includes amounts subject to usage constraints that have either been: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Legislatively Designated funds fall in this category.
 - c. **Committed:** This classification includes amounts that are constrained to use for specific purposes pursuant to formal action of Commissioners Court prior to the end of the fiscal year. These amounts cannot be used for other purposes unless the Court removes or changes the constraints via the same type of action used to initially commit them. A commitment of fund balance requires formal action as to purpose but not as to amount; the latter may be determined and ratified by the Court at a later date. The Road and Bridge Fund, EMS Fund, Other Special Revenue Funds including the General Capital Projects Fund, and Healthy County Initiative generally fall in this category for non-restricted funds.

- d. Assigned: This classification includes amounts intended by the county for use for a specific purpose but which do not qualify for classification as either restricted or committed. The intent can be expressed by Commissioners Court or by the County Auditor or other selected official. An assignment of fund balance implies intent of Commissioners Court.
 - e. Unassigned: This classification applies to the residual fund balance of the General Fund and to any deficit fund balances of other governmental funds.
- 2. ORDER OF SPENDING: Where appropriate, Walker County will typically use restricted, committed, and/or assigned fund balances, in that order, prior to using unassigned resources. The County reserves the right to deviate from this general strategy.
 - 3. ANNUAL COMMISSIONERS COURT ORDER: Annually during the time frame of August or September, Commissioners Court will adopt an Order classifying how the funds are to be classified in the upcoming financial statements for the fiscal yearend.

XIII. GRANT MANAGEMENT

- A. GRANT APPLICATIONS AND ACCEPTANCE OF GRANTS. Prior to applying for a grant, Department Heads/Elected Officials shall present to Commissioners Court a request to apply for the grant and identify out of pocket or cash requirements. Upon approval, the department or official requesting the grant will complete the application for signature by the County Judge. If the grant application is approved, the county will be notified by the grantor agency of the award, which will require acceptance by the Commissioners Court. Upon acceptance of the Grant, by Commissioners Court, a full copy of the grant application and grant award shall be submitted to the Auditor Department prior to any expenditure or obligation of grant monies.
- B. GRANT COMPLIANCE AND PERFORMANCE REPORTS. The Department Head/Elected Official applying for the grant shall be responsible for ensuring any monies expended meet grant requirements and are within the approved grant budget. The Department Head/Elected Official is responsible for working with the Purchasing Agent to ensure the procurement processes is in compliance with applicable grant requirements.
- C. EXPENDITURES AND FISCAL REPORTING REQUIREMENTS. Department Heads and Elected Officials shall review invoices for payment to ensure the supporting documentation is in compliance with applicable regulations. Grant documentation provided by the receiving department shall provide information as to who is responsible for making requests for reimbursement and fiscal reporting to the granting agency. Amendments to the grant budget shall be the responsibility of the Department Head/Elected Official responsible for receiving the grant.
- D. GRANT BUDGETS. Grant budgets are adopted at the grant level and a budget is accepted/established at the time of receipt of the grant and acceptance by Commissioners Court. Usually grants do not follow the County's fiscal year and are therefore not included as part of the annual budget adoption process or order adopting the county budget. All grant revenues and expenditures are included in the Comprehensive Annual Financial Report (CAFR) and reported on the county's fiscal year.

XIV. CAPITAL IMPROVEMENTS PROGRAM AND CAPITAL BUDGET

- A. CAPITAL IMPROVEMENT PLAN. The County does not have a formalized Capital Improvements Plan. Generally the Capital Improvements Plan is a document with a multi-year plan for capital improvements that is reviewed and updated annually. It is a generally a planning document that over time is funded with debt, grants, fund balance or a combination of sources. Included would be infrastructure improvements or additions, buildings and major software replacements.
- B. ANNUAL BUDGET. During the annual budget process, items that would typically be included as part of a Capital Improvements Plan or Capital Budget are reviewed. The items are most often

presented as supplemental requests and generally have been part of Commissioners Court discussions over a period of time.

- C. **OTHER FINANCING PROGRAMS.** As the first alternative, the County shall research alternative financing sources including Hazard Mitigation Grants, State and Federal Funds and other grants or funds available for the identified project.
- D. **USE OF FUND BALANCE AND COMMITTED FUNDS BEFORE DEBT.** After researching sources of external sources of fund, the approach Walker County has used is to next look to fund balance over the minimum fund balance required by policy and committed funds, followed by looking to debt. Projects are often planned over a multi-year period by committing funds to a project each year until sufficient funds are available for the project.
- E. **ROAD AND BRIDGE INFRASTRUCTURE.** Historically the approach has been to budget a \$600,000 transfer from the General Fund each year to the Road and Bridge Fund from fund balance over the minimum required. Monies available after meeting operating requirements from fines related to a weigh station have been committed to bridge improvements.
- F. **SOFTWARE.** Software Improvements and replacements are funded by transfers from the fund balance of the General Fund over the required minimum reserves. Prior to purchasing new major software, cloud based alternatives and software as a service options shall be reviewed.
- G. **BUILDINGS.** The first alternative explored shall be remodeling, updating or expanding the existing structure.
- H. **PROJECT LENGTH BUDGET.** A budget for a capital project shall be a project length budget. At the end of the fiscal year, the unspent budget shall move forward to the new budget year until the project is completed.
- I. **PROJECT MANAGEMENT.** Commissioners Court shall assign a project manager to oversee a capital project.
- J. **REPORTING.** Status reports shall be provided to the Commissioners Court on a capital project by the project manager and financial reporting shall be made available to the Commissioners Court on a regular basis.

FINANCIAL AND BUDGET POLICIES OF WALKER COUNTY

BUDGET POLICIES

- XV. **OVERVIEW OF BUDGET AND BUDGET SCHEDULE.** The budget is a financial plan for a fiscal year that matches all planned revenues and expenditures with the services provided the citizens of Walker County. An annual budget is prepared for each fiscal year and, as described in Local Government Code 111.010, Commissioners Court may only levy taxes in accordance with the budget. For a county the size of Walker County, the County Judge serves as the budget officer of the County. The County Auditor assists the Judge in the budget process. Walker County's budget process begins in April of each year with the County Auditor's office coordinating with the County Judge for the upcoming budget preparation and results with the adoption of the budget and tax rate usually sometime in September. Worksheets are distributed to elected officials and department heads in early May; elected officials and departments prepare their base budgets and supplemental requests in May; in June, the County Auditor prepares the budget work book and revenue estimates and assists the County Judge in preparing the budget he will submit to Commissioner Court for discussion; the Commissioners Court receives the budget the first of July; followed by elected officials and department heads presenting their supplemental requests during budget work sessions; extensive budget work sessions follow continuing throughout July with filing of a proposed budget for public review by July 31st. Following required notices and public hearings a budget and tax rate is adopted.
- XVI. **COUNTY JUDGE AS BUDGET OFFICER.** By state statute, the County Judge serves as the budget officer of the County. The County Judge presents a budget to Commissioners Court for their review to establish the funding level and supplemental requests to be included in the proposed budget. Generally, a base budget at the ~~effective No-New-Revenue Tax Rate~~ is presented by the County Judge, with recommended additions to the base budget, and the full list of supplemental requests made by the elected officials and department heads. Commissioners Court then prioritizes the requests within the funds available, projected revenues, projected tax revenues available at the ~~effective No-New-Revenue Tax Rate~~, and discuss the tax rate that would be required to fund the recommended requests.
- XVII. **BASIS OF BUDGET.** Annual operating budgets shall be adopted on a basis consistent with generally accepted accounting principles as promulgated by the Government Accounting Standards Board with exceptions that depreciation is not included in the budget, capital purchases are budgeted in the year of purchase, un-matured interest on long-term debt is recognized when due, and debt principal is budgeted in the year it is to be paid.
- A. Governmental Fund Types are budgeted on a modified accrual basis, with exception noted above. Revenues are included in the year they are expected to become measureable and available. Expenditures are included in the budget when they are measurable, a liability has been incurred, and the liability will be liquidated with resources in the budget.
 - B. Capital Projects and General Projects are projects length budgets and are budgeted on a modified accrual basis.
 - C. Proprietary fund types are budgeted generally on an accrual basis with the exceptions noted above. Revenues are budgeted in the year they are expected to be earned and expenses are budgeted in the year the liability is expected to be incurred. The emphasis is to be on cash transactions in lieu of non-cash transactions, such as depreciation. The focus is on the net change in working capital.

D. The County budgets for all funds except Grants and Contracts in the annual budget. Since all funds currently used in Walker County are Governmental funds, the Basis for Budgeting for all funds is the modified accrual basis of accounting.

XVIII. BALANCED BUDGET. Walker County shall adopt a balanced budget for each fund meaning that budgeted expenditures for a fund may not exceed the balances in those funds as of the first day of the fiscal year plus the anticipated revenue for the fiscal year.

XIX. STATUTES AFFECTING THE BUDGET PROCESS. Texas State Statutes have much to say about the budget process.

1. The statutes of the State of Texas provide that the amounts budgeted in a fiscal year for expenditures from the various funds of the County may not exceed the balances in those funds as of the first day of the fiscal year, plus the anticipated revenue for the fiscal year as estimated by the County Auditor.
2. In addition, the law provides that the Commissioners' Court may, upon proper application, transfer funds from an existing budget (during the year) to a budget of like kind but no such transfer shall increase the total of the budget.
3. The statutes of the State of Texas require an itemized budget be prepared to allow as clear a comparison as practicable between the proposed budget and actual expenditures for the same or similar purposes that were made for the preceding fiscal year. The budget must contain a complete financial statement of the County that shows:
 - o the outstanding obligations of the County;
 - o the cash on hand to the credit of each fund of the County government;
 - o the funds received from all sources during the preceding year;
 - o the funds available from all sources during the ensuing fiscal year;
 - o the estimated revenues available to cover the proposed budget;
 - o the estimated tax rate required to cover the proposed budget.
4. **AD VALOREM TAXES.** Local Government Code 111.010 states that Commissioners Court may levy taxes only in accordance with the budget.
5. **EXPENDITURES OF FUNDS UNDER BUDGET.** After final approval of the budget, the Commissioners Court may spend county funds only in strict compliance with the budget except in the event of an emergency [Texas Local Government Code§ 111.010(b)].

XX. WALKER COUNTY APPROACH TO BUDGETING. The proposed budget shall be prepared using two very distinct categories, base budget (funded from on-going continuing revenues) and one-time items. The starting point for the budget each year shall be the operations budget for the prior year less all one-time allocations. The base budget is to consist of operating costs essential to the running of the office and funded from on-going or continuing revenues sources. The base budget is intended to fund a department with enough money to sustain current operations at the same level of operations as the current year budget. Items not included in the base budget are items such as vehicles, equipment, capital allocations, projects, and other one-time items that were funded from fund balance. A detailed supplemental request form is required to be submitted for all requested changes to the base budget and for any request for one-time items.

XXI. CONTINGENCY. The budget shall include a contingency line item in the General Fund to meet unanticipated expenditures during the budget year. Historically, the amount budgeted is in the \$300,000 range. The monies may be transferred to other line items in the budget only after formal amendment to the budget in an Order adopted by Commissioners Court. In addition, an additional contingency line may be included in the budget to cover legal costs associated with attorney expenses for indigents. The amount generally ranges in the \$500,000 range and are generally reimbursed by the State of Texas.

XXII. PERSONNEL BUDGET. The annual budget shall include a detail of the number of positions for each fund and department by job classifications and show the total salaries budgeted. A detail of personnel allocation changes from the current year to the adopted budget shall be presented. The pay classifications and pay scale for the County shall be part of the budget.

1. **NUMBER OF PERSONNEL.** The number of personnel, an elected official, or department head has on the payroll at any one time shall not exceed the number of positions included in the adopted budget for the department. Commissioners Court may approve through official court action the hiring of a temporary position and may fund the temporary position through a formal budget amendment, if necessary.
2. **HIRING PROCEDURES AND PLACEMENT OF THE POSITION ON THE SALARY SCALE.** The hiring procedures and placement of the employee on the salary scale must be in compliance with the County adopted Personnel Policy and total salaries paid shall not exceed the amount budgeted.
 - a. Prior to advertising a position, the elected official or department head shall communicate with the Human Resources officer in the County Treasurer department about the vacancy and hiring of the position and availability of funds for the position. The amount of pay and employee benefits offered to a new employee must be as outlined in the County adopted personnel rules.
 - b. Elected Officials and department heads shall notify the Human Resources officer in the County Treasurer department immediately of any employee terminations and file the appropriate personnel forms.
 - c. A change of status form shall be reviewed by the County Auditor for budget compliance. Prior to allowing an employee to begin work, all paperwork must have been received by Human Resources in the County Treasurer Office and the elected official or department head shall have received notice that the employee may begin work.

3 **AMENDING THE PERSONNEL ALLOCATION.** The adopted personnel allocations and budget shall only be amended by formal action of the Commissioners Court.

XXIII. EMPLOYEE BENEFITS. As part of the annual budget, the employee benefit package and costs associated with the benefits shall be part of the budget consideration and supplemental requests shall be prepared for increases or changes in the cost of benefits. A supplemental request is required for any suggested changes in the benefit plan or changes in cost of these benefits.

1. **Pension Plan.** Walker County participates in the Texas County and District Retirement System (TCDRS). TCDRS provides retirement, disability and death benefits.
 - a. The plan provisions are adopted by the County, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Employees are required to contribute 7% of their pay and the county budget includes funding for a 2.1 to 1 match at an approximate cost of ~~13%~~ 14% of payroll.
 - b. The County Treasurer and County Auditor shall present to Commissioners Court during the budget cycle information related to the contribution rate and cost for the upcoming year and the County Auditor shall submit a supplemental request outlining any changes in costs. The County shall review the actuarially determined contribution amount as provided by TCDRS each budget year and include funds in the budget or adjust plan benefits if necessary. Historically the county has not underfunded the actuarially determined contribution rate.
2. **Health Plan.** The county participates in the Texas Association of Counties Health and Employee and Benefits Pool administered by TAC.

- a. Active Employees. The County budget includes funding for 100% of the cost of a full time employee's health insurance. The employee is responsible for any elected dependent coverage or dental coverage.
- b. Retired Employees. The County budget includes funding for 100% of the cost of the coverage for currently retired retirees that met certain conditions at the time of their retirement and that were hired before October 1, 2013. Employees hired after October 1, 2013 are not eligible for the retiree health benefit.
- c. Future retiree planning for budgetary impacts. Commissioner Court recognizes that the impact on future budgets for retiree health insurance coverage must be addressed if the benefit is to remain in place.
 - i. Multi-year funding plan to increase the annual operating budget. ~~Beginning with the budget process in FY 2017-2018, Commissioners Court has put in place a multi-year plan to increase the on-going budget for this benefit. One-time monies were set aside in each of the last two years.~~
 - ii. Base budget ~~increase~~. The proposed base budget from on-going revenues along with the supporting supplemental request documentation shall be submitted to Commissioners Court during the budget process ~~to fund on an annual basis changes in funding needed for eligible employees. al shall be to increase the funding level by an additional amount each year.~~
 - ~~m. Annual one-time funding for retiree insurance. The proposed base budget from one-time revenues along with the supporting supplemental request documentation shall be submitted to Commissioners Court in each of the next four years. Over the next four year period, the goal shall be to create A special fund or Trust for the purpose of funding future budgetary impacts of maintaining this benefit.~~
- 3. Workers Compensation Insurance. The County is a member of the Texas Association of Counties Workers Compensation Pool. Rates are established by the Pool and adjusted for experience on an annual basis.
- 4. Social Security/Medicare. The County pays in to the Federal Social Security and Medicare System. Cost is 7.65% of payroll.
- 5. Pay and Pay Classification System. The County adopts the pay classification rates as part of the annual budget review process. All changes to the pay system are presented as a supplemental request during the budget process.

XXIV. STATUTORY RESTRICTIONS ON AMENDING THE BUDGET. Restrictions are placed on the ability of the County to amend the budget in several sections of the Texas Local Government Code including:

- 1. Commissioners Court may amend the budget from time to time as provided by law for the purposes of authorizing emergency expenditures. [Texas Local Government Code § 111.010(c)].
- 2. Commissioners Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention.
- 3. Commissioners Court by order may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure. [Texas Local Government Code § 111.010(d)].

4. Special budgets for grants or aid money received by the county that are not included in this budget shall be certified to the Commissioners Court by the County Auditor and a special budget adopted for the limited purpose of spending the grant or aid money for its intended purpose. [Texas Local Government Code § 111.0106].
5. Special budget for revenue received after the start of the fiscal year that are not included in this budget shall be certified to the Commissioners Court by the County Auditor and a special budget will be adopted for the limited purpose of spending the revenues for general purposes or its intended purposes. [Texas Local Government Code § 111.0108].
6. State Law. State Law will be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.

XXV. LEGAL LEVEL OF CONTROL. The legal level of budgetary control is the level at which departments may not exceed their budget in a given fiscal year. The legal level of control for Walker County is the category level. Category levels are established in the budget process and include Salary/Other Pay/Benefits, Operations (Supplies, Services and Charges), Capital Expenditures, Projects, Debt, Inter/Intra Governmental Services/Contracts, Contingency and Transfers within the department budget for all funds, with the exception of Grants and Contracts Funds. The legal level of control for these funds is as established by the granting or funding agency.

Example:

Fund - General Fund

Function - Public Safety

Department - Sheriff

Expenditure Category - Salaries/Other Pay/Benefits

Line Item - Regular Salaries

In the above example, the legal level of control is the expenditure category of Salaries/Other Pay/Benefits within the Sheriff Department. The elected official or department head may not exceed budget allocations at the category level without a formal budget amendment approved by Commissioners Court.

XXVI. CAPITAL PROJECT FUNDS. At the time, a capital project fund is established, Commissioners Court shall set the original budget at a category or project level they deem appropriate for the project in accordance with the legal requirements set forth in the funding document and for internal control purposes. Any movement between category levels established in the original budget shall require a formal budget amendment approved by Commissioners Court. Prior to beginning a capital project approved in the budget process, the County Auditor shall certify to Commissioner's Court that funds are available for the project. After approval by the Commissioners Court to begin the project, the Commissioners Court or the County Judge will assign a department head, elected official, or Project Manager to review and recommend approval of payment of invoices through the formal approval process.

XXVII. BUDGETARY CONTROLS. Walker County establishes budgetary controls to ensure compliance with Texas State Law and to ensure compliance with the legal provisions embodied in the annual appropriated budget approved by the Commissioners Court. As a method of control, Walker County also maintains an encumbrance accounting system. Available funds are encumbered during the year upon execution of a purchase order, contracts, or other appropriate documents in order to reserve that portion of the applicable appropriation. Outstanding encumbrances lapse at fiscal year-end. Controls also include restrictions on amending the budget.

1. Compliance with Texas State Law and County Policies. Department heads and elected officials may expend money only in compliance with the budget and all purchases must comply with Texas State Law, the County's Procurement Policy, other County Policies, and funds must be available within the legal level of control categories.

2. Line Item Level Control. Departments are encouraged to maintain control at the line item level.
3. Capital Purchases. No capital item may be purchased unless approved as part of the budget process or through a Commissioners Court approved budget amendment.
4. Encumbrance accounting. Encumbrances represent commitments related to unperformed contracts for goods or services. Available funds are encumbered during the year upon execution of purchase orders, contracts, or other appropriate documents in order to reserve that portion of the applicable appropriation. As all encumbrances lapse at year end, those encumbrances (e.g. purchase orders, contracts) outstanding at September 30 must be re-appropriated in the budget of the subsequent year.

XXVIII. BUDGET AMENDMENTS. With the exception of Grant and Contract Funds, Department heads or elected official may, without prior Commissioners Court approval, authorize transfers *within* the budgetary legal level of control with the following exceptions:

1. Salaries/Other Pay/Benefits Category
 - a. Personnel allocations shall not be changed without specific authorization of Commissioners Court.
 - b. When a vacant position is filled with a person making less than the budgeted amount, an account titled "Unallocated Reserves for Pay" will be created. These monies may be allocated to the other employees as long as base pay for every approved position remains. The base budget for the next year will not change. An allocation of these monies to employee pay increases shall not cause an increase in future year's salary and benefits budget.
 - c. Salary and benefit saving, including those due to vacancies shall not be transferred from the Salaries/Other Pay/Benefits category group without a formal budget amendment approved by the commissioners court.
2. Operations Category
 - a. There shall be no obligations made for recurring charges that will affect subsequent years budgets without consent of the Commissioners (cell phones, service contracts, leases, etc).
 - b. There shall be no transfers that will adversely impact the budget for the remainder of the fiscal year.
3. Capital. There shall be no transfers made for the purpose of purchasing capital items without a formal budget amendment approved by Commissioners Court. Additions or replacements to the fleet or purchase or replacement of capital items (cost > \$5,000) shall not occur unless the capital purchase was approved in the budget process or with specific approval of a budget amendment by the Commissioners Court.
4. Centralized Costs/Nondepartmental Costs. The County Judge shall have the authority to authorize expenditures in the Centralized Costs and Nondepartmental budgets and to transfer amounts between line items within the constraint above with the exception of the contingency line item. Transfers of contingency funds will require approval of the Commissioners Court.
5. One-Time Allocations. Commissioners Court approved contingency transfers, special, or one-time allocations approved shall not be spent for other than their designated purpose and cannot be transferred to another line item without prior approval of Commissioners Court.
6. Intergovernmental Services/Contracts. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.

7. Transfers. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
8. Projects. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
9. Debt. These monies shall not be spent for any purpose other than their specifically designated purpose.
10. Capital Projects Budget. Changes to Capital Projects Budget require a formal budget amendment by Commissioners Court. Change orders shall be approved by Commissioners Court.
11. State Law. State Law shall be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.
12. Unplanned Revenues. In the event of unplanned revenues, expenditures associated with the unplanned revenues shall occur only after a formal amendment to the budget is approved by Commissioners Court.
13. Contingency. Commissioners Court approval is required for any transfer from contingency and requires a formal budget amendment. Department heads and elected officials may request a transfer from contingency funds only after a review of departmental budgeted funds and shall justify the unplanned expenditure to the Commissioners Court for the proposed expenditure. Commissioners Court may review the departmental budget.
14. County Auditor Review Budget Amendments: The County Auditor shall review all budget amendments to assure that the transfer will not adversely impact the budget for the remainder of the fiscal year or require increases in future years. After review by the County Auditor, all budget amendments requiring Commissioners Court approval will be forwarded for review at a following scheduled meeting. The Department will be notified when the transfer is approved and entered into the financial system.
