WALKER COUNTY, TEXAS

Fiscal Year 2021-2022 Annual Budget

Shown on the cover and copied with permission of the artist, Mr. Joseph Polley Paine, is a reproduction of a lithograph he did for Huntsville's Bicentennial in 1976.

JOSEPH POLLEY PAINE'S "Early Architecture of Huntsville" is what the artist calls "Documentary art".

Across the top is a reproduction of Bollaert's sketch of Huntsville made in December, 1843. Englishman William Bollaert came to Texas, at General Sam Houston's invitation, to study the possibility of attracting immigrants. Bollaert's diary of his visit to Huntsville read, "Three miles brought us to Huntsville, situated on a pine height. This town was commenced in 1836, but made little progress until 1842 when Mr. MacDonald gave an impetus to building. On entering the town is observed a planter's exchange, Gibbs Grocery, Huntsville Hotel... Mr. MacDonald, besides a very large and comfortable residence, has built a brick store, the upper part devoted to a Masonic Lodge. A large brick building for girls and boys schools is now building and many other improvements going on."

Next in the artwork is the Cumberland Presbyterian Church erected in 1839. The Christian congregation purchased the property in 1868.

The third structure is MacDonald's (sometimes spelled McDonald's) brick store and Masonic Hall. It was redrawn from an 1844 map of the city.

The Huntsville Academy, also from the map of 1844, is right of the tower. The structure at the left is the third building used as the Walker County Courthouse. This building in 1888, was razed by fire.

The large building facing the right portion of the drawing is the original building in the state prison system. The building, along with several others in Huntsville, was "remodeled" or "modernized" and the tower was removed. This building was revamped in 1942.

At the right is Andrews Female College, a Methodist institution built in 1852, which later became public school property in 1879 and a frame building was put on the same site.

Built in the 1840's, Henderson Yoakum's home at Shepherd's Valley was where Yoakum wrote his "History of Texas." The history was published in 1855. Dog run style houses had a hall through the center 20 feet wide. On each side of the open hall were two 20 by 20 foot rooms. The sills of the hand-hewn logs were sixty feet long and three feet thick.

Now known as Old Main, the Sam Houston Normal Institute was dedicated in 1890. (Lost to fire on February 12, 1982)

The Austin College building behind the Normal Institute was dedicated in 1851 as a Presbyterian school. The Bell Tower shown in Mr. Paine's Lithograph is now at the Austin College in Sherman, Texas and is rung at graduation there. This building was the main structure at Sam Houston Normal Institute from 1879 to 1890.

The final structure in the Bicentennial work is Sam Houston's home, "Woodlands", which was built in 1847.

Artist Paine was assisted in his research by Mrs. Josephine Bush, keeper of the books in the Thompson Room of Sam Houston State University Library.

Walker County Adopted Budget October 1, 2021 thru September 30, 2022

At a 100% collection rate based on original levies

This budget will raise more total property taxes than last year's budget by \$2,277,617 (10.33% increase), and of that amount \$795,948 is tax revenue to be raised from new property added to the tax roll this year.

The record vote of each member of the commissioners' court voting on the tax rate included in this budget is as follows:

County Judge Danny Pierce Absent and not voting	
Commissioner Precinct 1 – Danny Kuykendall	Yes
Commissioner Precinct 2 – Ronnie White	Yes
Commissioner Precinct 3 – Bill Daugette, Jr.	Yes
Commissioner Precinct 4 – Jimmy D. Henry	Yes

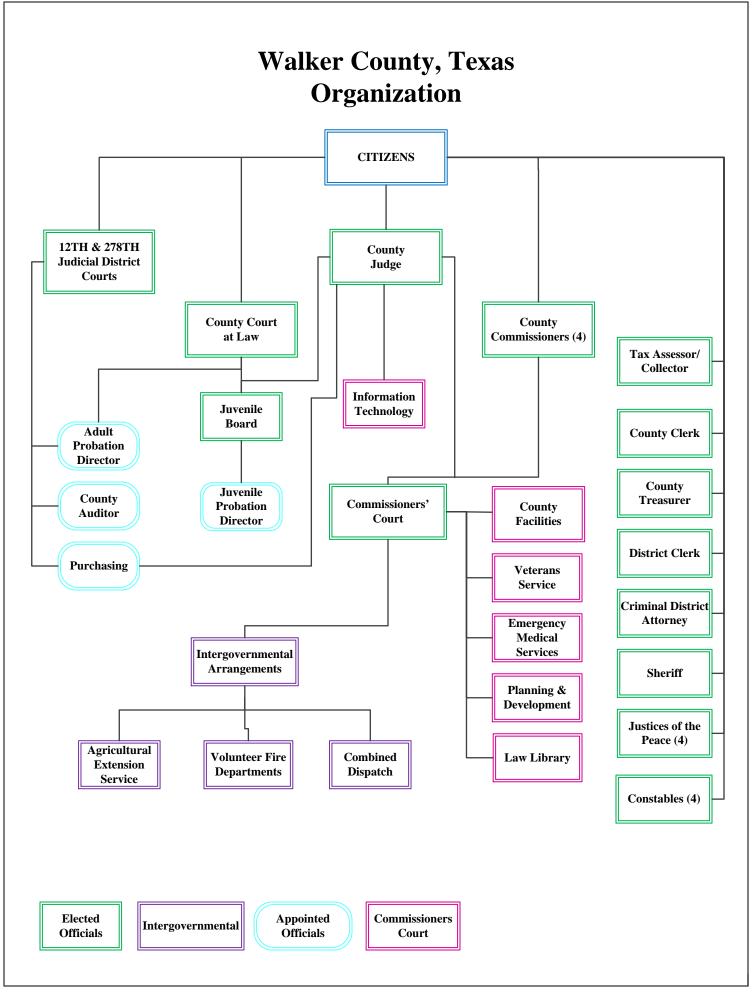

The county property tax rate for the preceding fiscal year (FY 20-21) was \$0.4808 for each \$100 taxable assessed valuation.

For this year's budget, the tax rate is \$0.4799 per \$100 taxable assessed valuation. The calculated No-New-Revenue tax rate is \$0.4499. The calculated Voter-Approval-Rate is \$0.4962 per \$100 taxable assessed valuation. The calculated No-New-Revenue maintenance and operations tax rate is \$0.4229 and the calculated debt rate is \$0.027

The total debt obligation of the county is \$ 12,435,000.

The wording of this notice is as required by Local Government Code Subtitle B. County Finances, Chapter 111. County Budget, Section 111.003.

The Citizens of Walker County, Texas The Honorable District Judges of the 12th and 278th Judicial Districts Honorable Walker County Judge and County Commissioners

Ladies and Gentlemen:

As discussed and agreed upon by the Commissioners Court, the Walker County adopted budget for the 2021-2022 fiscal year is herein submitted. The adopted budget establishes the legal spending limits for FY 2021-2022. This budget is a product of diligent review and consensus of the Commissioners Court of Walker County. After hearing from the elected officials and department heads in numerous meetings held to discuss the budget, County Judge Danny Pierce and County Commissioners Danny Kuykendall, Ronnie White, Bill Daugette, Jr. and Jimmy Henry, filed this budget with the County Clerk to present to the public for their review and discussion. The County Judge is the budget officer for Walker County, as per Texas State Statute for counties the size of Walker County. The County Auditor worked with the County Judge in his initial preparation of the budget submitted to the Commissioners Court, and with the County Judge and Commissioners Court in finalizing the numbers that were submitted to the County Clerk.

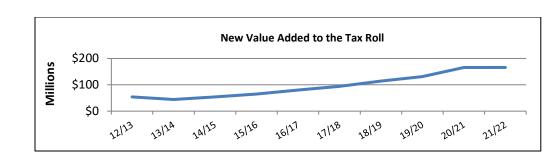

As the Commissioners Court entered the budget process, the primary goals stated were:

- \checkmark to maintain a consistent level of quality service to the community
- ✓ to adopt a tax rate that that does not exceed the Voter-Approved-Tax-Rate that will fund pay increases for Law Enforcement and EMS employees, the first tax increase since FY 13-14
- ✓ to address Public Safety needs and enhance Emergency Management Operations to meet future emergency disaster needs and the COVID pandemic
- ✓ prepare for the demands to be placed on county for the implementation and reporting of the Coronavirus State and Local Fiscal Recovery Fund established under the American Rescue Plan Act(ARPA)
- ✓ review the salary payment plan and benefit package each budget year and adjust as necessary within available revenues and prevailing conditions to be competitive with other employers
- ✓ to maintain the budgeted fund balance at no less than the minimum level set in budget policies of 16.67% with a preference to maintain a higher percentage on an annual basis, and to increase the fund balance to cover the possible impact on near term revenues as the effect of the current Corona Virus pandemic is determined
- \checkmark to fund on-going costs with revenues generated in the current year
- ✓ to supplement the Road and Bridge Fund budget from one-time monies available and allocate a portion of the revenues from new growth in the tax levy to Road and Bridge maintenance
- ✓ to evaluate vehicle and equipment replacement criteria, following a process based on maintenance costs, mileage, and usability of the asset for its intended purpose with an emphasis in the current year to address the need to fund replacement for ambulances in each of the next several years
- ✓ to continue to budget for major repairs and maintenance of the County's aging buildings

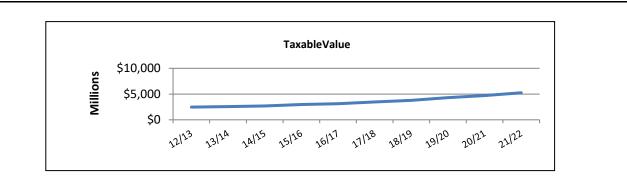

Commissioners Court met their goals with this budget.

Significant items in this budget are:

- The total expenditure budget for FY 21/22, that begins October 1, 2021 is \$43,227,189 compared to the original expenditure budget of \$39,343,885 for the FY 20/21 year, an increase of \$3,883,304, an increase of approximately 10%. This increase funds a pay plan put in place to increase the salaries of Law Enforcement, Jail and Emergency Medical Services personnel to be competitive with other local and surrounding jurisdictions. The county also increased salaries of other personnel in preparation for a county wide salary study. Commissioners Court entered the budget process this year focused on maintaining personnel and services, and maintaining/increasing reserves. A summary of the changes in allocations is presented on page D-11 of this document.
- This budget funds pay increases for Law Enforcement, Emergency Management Services (EMS), and Jail employees to address loss of employees to other local and surrounding jurisdictions agencies and the need to retain trained employees and is funded by a three cent tax increase over the No-New Revenue Tax Rate, the first tax increase since FY 13-14.
- The Commissioners Court adopted a tax rate is \$0.4799 per \$100 value as compared to \$0.4808 in FY 20/21. The separate components of the tax rate are: operating rate \$0.4529 per \$100 value, and debt service of \$0.027 per \$100 value. This is the No-New Revenue Tax Rate plus 3 cents.
- This tax rate, at 100% collection, will raise \$2,277,617 more revenue than last year, a 10.33% increase. Of this amount, \$795,948 is from new growth. The budgeted collection rate for the tax levy for FY 2021-2022 is 96% of the levy. Historically actual collections are in the 97% range. The amount of the levy attributable to frozen taxes and the amount to be paid to the TIRZ continue to increase.
- Taxable new growth for Walker County in tax year 2021 totaled \$165,857,116 a significant number for Walker County. Fiscal year 21/22 growth is almost flat from the previous year, something the County does not usually see. The graph below depicts the upward trend of new property values growth in Walker County and shows the nearly flat growth from 20/21 to 20/22.

• Property values increased as compared to the previous year, a pattern that Walker County continues to see and is depicted in the graph below. Properties subject to the tax ceiling also continue to increase. The tax ceiling value increased to \$885,606,363 from \$794,036,725, an increase of 11.5%. The net gain in total taxable value of \$412.9 million is an approximate 11.1% increase from the prior year. As values for properties that are on the tax roll for both years increase, the calculated No-New-Revenue tax rate will decrease. An individual's tax increase or decrease varies based on the actual value of their property in each of the two years. A line graph depicting the growth of the total assessed values follows.

In preparing this budget, external issues affecting the budget were identified. Some of these issues were:

- estimating the available revenue impact of the Corona Virus pandemic on near term revenues
- preparing for the demands to be placed on the county for the implementation and reporting of the Coronavirus State and Local Fiscal Recovery Fund established under the American Rescue Plan Act(ARPA)
- addressing the need for increased pay for law enforcement and EMS personnel as identified by the Sheriff and EMS director to allow for retaining current staff and filling vacant positions
- addressing the need for a comprehensive salary study to review internal equity in pay for positions in the various departments of the county and comparison with other local employers and surrounding agencies
- addressing the continued demands on the Emergency Management Operations department for personnel, equipment and additional operating funds while also addressing the need for support in Commissioner Court office due to the past reassignment of the staff member in the Commissioners court office to the emergency management office
- addressing aging facilities that are requiring major maintenance in addition to the routine maintenance needs
- addressing the budget increases required in the Road and Bridge Fund due to the increasing costs of Road and Bridge materials
- addressing the need for a part-time person and funds for additional engineering services in the Planning and Development department as demands for service increase
- In past years the Emergency Management Coordinator also had duties unrelated to emergency management that were under the direction of the Sheriff related to livestock. Included in the adopted budget is the moving of the Emergency Management Coordinator from the Sheriff budget to the Emergency Operations budget and the elimination of sheriff department duties from the coordinator. This budget adds a deputy in the Sheriff department to take on these responsibilities. By statute and practice, the duties related to emergency operations functions have always reported to the County Judge. The Emergency Management Coordinator will devote 100% of time to emergency operations functions. In addition, a support staff was moved from the Commissioners' Office to the Emergency Operations budget and housed at that location. In past years this employee would be assigned as needed to the Emergency Operations functions and transferred to the Emergency Operations budget.
- A pay plan was put in place to increase the salaries of Law Enforcement, Jail and Emergency Medical Services personnel to be competitive with other local and surrounding jurisdictions. A Deputy II Livestock Officer was added in the Sherriff department, along with funds for seven replacement vehicles.

In the Emergency Medical Services Fund (EMS), a replacement ambulance is included in the adopted budget.

- A full time secretary was added in the County Judge office to support the office's functions.
- A part-time clerk was added in the Planning and Development department to assist with the increasing demand of service and funds were added for additional engineering services.
- The county increased allocations to the road and bridges maintenance budgets and budgeted a transfer to cover revenue losses due to decreasing court fine revenue both in the adopted budget and in the current year.
- Salaries of personnel not included in the Law Enforcement, Jail and Emergency Medical Services pay plan were increased by an annual \$4,000 FTE equivalent for employees in the current budget and all positions were budgeted at a \$15/hour minimum as preparation for a county wide salary study is underway focusing primarily on internal equity between departments and competitiveness with local employers.
- The County complied with its policy of funding on-going costs with revenues generated in the current year. In the fiscal year beginning October 1, 2021, as in previous years, one-time costs were funded with funds available in fund balance over the required minimum balance set by Commissioners Court in the Financial and Budget Policies. As in the past, the budget process included the review of fund balance and the adopted budget projects a fund balance percentage of 32.34% at year end. Using fund balance to fund one-time costs results in the ability to keep the needed tax rate lower than would otherwise be needed.
- The last tax rate increase was in Fiscal Year 2014 followed by no tax rate increases in Fiscal Years 2015, 2016, 2017, 2018, 2019, 2020 and 2021. A tax rate increase of 3 cents over the No-New-Revenue rate is included in the adopted budget for 2022.

Acknowledgements: My thanks to Judge Pierce and each of the commissioners, Danny Kuykendall, Ronnie White, Bill Daugette, Jr. and Jimmy Henry, and all other County Officials for their loyal and dedicated service to Walker County. The budget is a major project and takes the input and cooperation of all involved in the process.

Respectfully submitted,

Patricia allen Patricia Allen, CPA, Walker County

History of Texas Counties

The origin of Texas county government can be found in "municipality," the local unit of government under Spanish and Mexican rule. The municipalities were large areas embracing one or more settlements and the surrounding rural territory. In 1821, there were four major Spanish settlements in Texas—San Antonio, Bahía (Goliad), Nacogdoches, and the Rio Grande Valley—and three areas of light settlement and ranching and four major roads. Prior to the revolution of Texas against Mexico, there was no political subdivision at the county level. In 1835, Texas was divided into departments and municipalities. Three departments were established—Bexar, Brazos and Nacogdoches—along with 23 municipalities. Under the new Republic in 1836, the 23 municipalities became counties. When Texas became a state in 1845, there were 36 counties. Under the Texas State Constitution of 1845, county government varied little from that under the Republic. The only major change was one that made all county offices elective positions. When Texas entered the Confederacy in 1861 and adopted a new state constitution, there were 122 counties. Ten years after Reconstruction from the Civil War, the Constitution of 1876 was adopted. It is the present state constitution and contains much detail concerning the governmental organization of the County. The number of counties increased steadily until there were 254 counties in 1931.

Walker County - In the years prior to Texas independence, the area was governed by the Municipality of Washington, which became Washington County during the Texas Revolution. In 1837 the First Congress of the Republic of Texas included the area of present Walker County in Montgomery County when that county was carved from Washington County. In April 1846 the First Legislature of the new State of Texas established Walker County and designated Huntsville as the seat of government.

The area was originally named for Robert J. Walker of Mississippi, who introduced into the United States Congress the resolution for the annexation of Texas. In 1863, because Robert J. Walker was a Unionist during the Civil War the state legislature changed the honoree to Samuel H. Walker.

About Walker County

Walker County is in southeast Texas. The center of the county is at 30°47' north latitude and 95°33' west longitude. Huntsville, the county seat, is near the center of the county sixty miles north of Houston and 165 miles south of Dallas/Fort Worth. Interstate 45 runs through the County. Walker County, created in 1846, covers approximately 810 square miles in the rolling hills of the East Texas Piney Woods. Around 70 percent of the county is blanketed by forests of loblolly, short-leaf and long-leaf pine, and hardwoods. The County's current estimated population is 72,971. State and local government are significant sources of employment for this area while additional hiring focuses on agribusiness, forest production, and timber industries due to the vast number of natural resources available.

Elevations in the county range from 140 to 404 feet above sea level. The land is well watered, receiving fortysix inches of rain each year, and is drained by two major rivers, the Trinity River in the north and the San Jacinto River in the south. Temperatures range from an average low of 38° F in January to an average high of 95° F in July; the growing season lasts 265 days. (TSHA State Historical Association).

Walker County provides access to the highly popular Sam Houston National Forest where rich vegetation and numerous lakes allow visitors to participate in activities such as fishing, camping, and hiking. Walker County visitors and residents alike enjoy the scenery provided by the world's tallest statue of an American hero; the

67-foot high replica of Sam Houston known as "A Tribute to Courage". Indoor entertainment can be found at the Sam Houston Memorial Museum, the Texas Prison Museum, and a variety of cultural and sporting events offered by Sam Houston State University. The H.E.A.R.T.S Veteran's Museum of Texas is located adjacent to Interstate 45.

The county seat, Huntsville, and two other municipalities, the City of New Waverly and the City of Riverside are located within the County. Walker County has abundant wildlife and contains approximately 54,000 acres of the Sam Houston National Forest within its boundaries. Lake Livingston, a popular attraction, borders the County's eastern boundary while Lake Conroe rests on the southern boundary. The rural setting, with access to the outdoors, recreational facilities, and urban amenities, provides Walker County citizens and tourists with much enjoyment year round.

Walker County Government Structure

The County operates under the Commissioners' Court form of elected government and is a political subdivision of the State of Texas. County government structure is spelled out in the Texas Constitution, which makes counties functional agents of the state. Thus, counties, unlike cities, are limited in their actions to areas of responsibility specifically spelled out in laws passed by the Legislature. At the heart of each county is the Commissioners Court. Each Texas County has four precinct commissioners and a County Judge who serve on this court. This Court is responsible for adopting the budget, appointing committees, and overseeing the general business of the County.

The County is empowered to levy a property tax on both real and personal property located within its boundaries. Policy and decision making authority are vested in the Commissioners' Court. The Commissioners, as well as the Judge, are elected to four-year terms with alternate elections every two years so that the court will contain senior members.

Although this body conducts the general business of the county and oversees financial matters, the Texas Constitution established a strong system of checks and balances by creating other elective offices in each county.

In addition to the County Judge and County Commissioners, other elected officials include the District and County Clerks, County Treasurer, Sheriff, Constables, Justices of the Peace, County Court at Law Judge, two District Judges, a Criminal District Attorney, and the County Tax Assessor Collector. In Walker County the Commissioners Court is responsible for the oversight of the Facilities Maintenance Department, IT Department, EMS emergency operations, and the Planning and Development Department. State statute defines the roles and duties of each of the other elected officials.

Long Term Planning, Strategic Planning, Capital Budget and Initiatives

Walker County does not have a formalized Strategic plan or Long-Term Capital Budget Planning Document. A strategic plan is most often thought of as a strategy to move the County from its current state to where it desires to be in the future. Strategic planning in Walker County is part of adopting the spending plan in the budget, and is accomplished through Regulatory Plans and Documents adopted by the County including the Disaster Mitigation Plan, Subdivision Regulations, Economic Development Policy, Flood Management Policy, On-site Wastewater Facility Policy, Manufactured Home Community Regulations, and the Walker County Safety Community Plan.

Consistent and shared goals have surfaced over time. The Commissioners Court is fiscally conservative and seeks to minimize tax increases to its citizens. Maintaining equipment, vehicles, building, roads, and bridges is a high priority of the Court. They strive each year to set aside funds in the budget for major maintenance projects and supplement the road maintenance budget. The County has been very active in acquiring the rights of way on roads, to allow for widening and improving the roads and drainage. Over the past several years, the Commissioners have been able to procure equipment necessary to pave roads with high traffic and fund other high cost maintenance needs. These improvements have decreased labor-intensive and costly maintenance. This is often accomplished by accumulating funds over several years

Walker County is very proactive in searching for sources of revenues from granting agencies and monies available thru the state and federal government to fund local law enforcement, infrastructure improvements, disaster recovery, combat illegal dumping and environmental offenses, fire protection, community partnerships, and various other programs.

The unincorporated areas of Walker County are experiencing the highest levels of new lot development in over two decades. There are several new major land division projects in various stages of completion within the unincorporated areas of Walker County, in addition to the hundreds of lots being developed from previous years applications. 2020/2021 saw 473 residential lots enter development. In addition in the 2020/2021 fiscal year there were over 758 new development permits applied for, an increase of over 43% from the 2019/2020 year and an increase of over 55% from the 2018/2019 fiscal year.

Walker County assists in getting grants for rural water supply programs throughout the County, which have greatly enhanced services to rural county residents. These projects are funded through federal community grant funds and state funds that must be routed through a County. Currently the county is working with the Walker County Special Utility District on a Texas CDBG Community Development Grant.

Walker County is currently served by 6 fire departments including the City of Huntsville Fire Department, the New Waverly Fire Department, the Riverside Fire Department, the Crabb's Prairie / Pine Prairie Fire Department, the Dodge Fire Department, the Thomas Lake Fire Department, and the Pine Prairie Fire Department. All of the rural fire departments are now operating in areas covered by Emergency Service District Funding. ESD# 1 includes Riverside VFD, Thomas Lake VFD, and Dodge VFD. ESD # 2 includes only the New Waverly Volunteer Fire Department, and the newly formed ESD#3 includes the majority of the service area of The Crabb's Prairie VFD. ESD #1 and ESD #2 collect both ad valorem and sales tax for use by the districts, and ESD#3 will be collecting ad valorem taxes only. Walker County now has approximately 587 square miles of its 801 square mile area under ESD coverage.

Walker County is also very involved in several interagency public safety task forces and budgeting for grant match needs is a high priority budget item as is funding the personnel needed to address public safety concerns. The Sheriff's Department is very involved in the Organized Crime Drug Enforcement Task Force (OCDETF), which is expanded even nationwide, to reduce the flow of illicit drugs and drug proceeds of major trafficking organizations. Task Forces have proven to be a highly effective way for federal, state, and local law enforcement to join together to address specific crime problems and national security threats. Task Forces help liaison those gaps with shared intelligence and resources with all three branches of law enforcement (federal, state and local). By being members of some of the task forces it has opened up funding that otherwise would not be available. They also participate in the High Intensity Drug Trafficking Areas Program (HIDTA),

which operates in areas determined to be critical drug trafficking regions of the United States. Walker County works with Montgomery County on the Automobile Burglary and Theft Prevention Authority (AutoTheft) to combat vehicle theft and burglary through enforcement, prevention and education initiatives. Walker County applies for funds through the Homeland Security Grant Program to purchase necessary equipment to help law enforcement achieve a National Preparedness Goal of a secure and resilient nation. The Sheriff Department also works with the City of Huntsville in sharing funds awarded through the Edward Byrne Memorial Justice Assistance Grant Program (JAG) for necessary equipment and software for law enforcement.

Vehicles for emergency and law enforcement are part of each year's budget and maintaining the vehicle replacement schedule is a priority to Commissioners Court. The County and City jointly fund a Central Dispatch Center.

Transparency in the County's financial transactions continues to be a focus of Commissioners Court as well as maintaining adequate fund balance to meet future needs of the County. Elected Officials are encouraged to participate in the budget process and this communication is an important part of the funding decisions that are made in the budget process.

Basis of Budgeting

Annual operating budgets are adopted on a basis consistent with generally accepted accounting principles as promulgated by the Government Accounting Standards Board with exceptions that depreciation is not included in the budget, capital purchases are budgeted in the year of purchase, un-matured interest on long-term debt is recognized when due, and debt principal is budgeted in the year it is to be paid.

Governmental Fund Types are budgeted on a modified accrual basis, with exception noted above. Revenues are included in the year they are expected to become measureable and available. Expenditures are included in the budget when they are measurable, a liability has been incurred, and the liability will be liquidated with resources in the budget.

Capital Projects and General Projects are projects length budgets and are budgeted on a modified accrual basis.

Proprietary fund types are budgeted generally on an accrual basis with the exceptions noted above. Revenues are budgeted in the year they are expected to be earned and expenses are budgeted in the year the liability is expected to be incurred. The emphasis is to be on cash transactions in lieu of non-cash transactions, such as depreciation. The focus is on the net change in working capital.

The County budgets for all funds except Grants and Contracts in the annual budget. Since all funds currently used in Walker County are Governmental funds, the Basis for Budgeting for all funds included in this budget is the modified accrual basis of accounting.

Budget Process

The budget is a financial plan for a fiscal year that matches all planned revenues and expenditures with the services provided the citizens of Walker County. An annual budget is prepared for each fiscal year and, as described in Local Government Code 111.010, Commissioners Court may only levy taxes in accordance with the budget. For a county the size of Walker County, the County Judge serves as the budget officer of the County. The County Auditor assists the Judge in the budget process. Walker County's budget process begins in April of each year with the County Auditor's office coordinating with the County Judge for the upcoming budget preparation and results with the adoption of the budget and tax rate usually sometime in late August or September. Worksheets are distributed to elected officials and department heads in early May; elected officials and departments prepare their base budgets and supplemental requests in May; in June, the County Auditor prepares the budget work book and revenue estimates and assists the County Judge in preparing the budget he will submit to Commissioner Court for discussion; the Commissioners Court receives the budget the first of July; followed by elected officials and department heads presenting their supplemental requests during budget work sessions; extensive budget work sessions follow continuing throughout July with filing of a proposed budget for public review by July 31st. Following required notices and public hearings a budget and tax rate is adopted.

The County Judge, budget officer of the County, presents a budget to Commissioners Court for their review to establish the funding level and supplemental requests to be included in the budget. Generally, a base budget at the No-New-Revenue tax rate is presented by the County Judge, with recommended additions to the base budget, and the full list of supplemental requests made by the elected officials and department heads. Commissioner Court meetings are scheduled for elected officials and department heads to present their budget requests. Commissioners Court then prioritizes the requests within the funds available, projected revenues, projected tax revenues available at the No-New-Revenue rate, and discuss the tax rate that would be required to fund the recommended requests. This year the proposed budget was presented by the County Judge at the Voter Approval rate plus three cents as a result of the increase in salaries for Sheriff department law enforcement officers, Jailers, and EMS emergency personnel.

The approach used by Walker County is to prepare the proposed budget using two very distinct categories, base budget (funded from on-going continuing revenues) and one-time items. The starting point for the budget each year is the operations budget for the prior year less all one-time allocations. The base budget consists of

operating costs essential to the running of the office and funded from on-going or continuing revenues sources. The base budget is intended to fund a department with enough money to sustain operations at the same level of operations as the current year budget. Items not included in the base budget are items such as vehicles, equipment, capital allocations, projects, and other one-time items that were funded from fund balance. A detailed supplemental request form is required to be submitted for all requested changes to the base budget and for any request for one-time items.

After Commissioner Court review and consensus of what is to be included in the proposed budget, a copy of the proposed budget is filed with the County Clerk. The Commissioners Court will then discuss and propose a tax rate that will be required to fund the budget and vote on the tax rate to be proposed. Prior to this year, the proposed budget was filed with the County Clerk by July 31st each year. Statute changed this year, allowing counties a later filing date (August 15th). Walker County filed the proposed budget this year on August 4, 2021. Notices are published and hearing held as appropriate. The Commissioners Court sets a date and place for a public hearing.

At the hearing, the Commissioners Court give all interested taxpayers of the county an opportunity to be heard, for or against, the proposed budget plan. After the public hearing, the Commissioners Court takes action on the proposed budget. Once the budget is approved and adopted by Commissioners Court, a copy of the adopted budget is filed with the County Clerk.

After the filing of the budget, the Commissioners Court begins a series of publications and meetings related to budget adoption, and tax rate adoption, both of which run concurrently. All filings and publications must be posted on the County's website in addition to those required to be published in a newspaper of general circulation.

Prior to budget adoption, a Notice of Proposed Salaries for Elected Officials must be published in newspapers of general circulation at least 10 days prior to the adoption of the budget and a Notice of Public Hearing on the budget is also published. The Proposed budget must be filed with the County Clerk's Office before the public hearing on the fiscal year budget.

It is the policy of Walker County to fund the base budget with revenues to be generated during the budget year. One time expenditures, including capital, equipment, special projects or expenditures, are often funded from available funds. If there is any increase or decrease requested, the elected official or department head, must present a supplemental request form and justification narrative. Supplemental requests are then divided into two categories, those that are on-going and will affect the tax rate and those that are one-time requests that could be paid from available funds.

Tax Rate Process

Walker County contracts with the Walker County Appraisal District for the collection of taxes. The Walker County Appraisal District calculates the required tax rates, and after review by Walker County, publishes the required notices in a newspaper of general circulation.

Senate Bill 2 was passed in a recent prior legislative session. This bill made changes related to the process a taxing entity follows to set a property tax rate in Texas. In years prior to Senate Bill 2, two rates were calculated, the effective tax rate and the Roll-Back Rate. With Senate Bill 2, the two rates that are calculated are the No-New-Revenue Tax Rate and the Voter-Approval Tax Rate. The required notices, hearings, adoption process and the options voters have to roll back a tax rate vary with how the rate proposed by the governing body compares to these two calculated rates. The No-New-Revenue Tax Rate is a rate calculation defined by Texas State statute as (Last Year's Levy-Lost Property Levy) / (Current Total Value – New Property Value). In the Notice to Vote on the Proposed Tax Rate, it is further defined as "The no-new-revenue tax rate is the tax rate for the current year that will raise the same amount of property tax revenue for the same properties in both the preceding year and the current tax year". This year Senate Bill 1357 was signed by the Governor and became effective immediately. Changes made include the requirements on the public hearing and the filing date of the proposed budget with the County Clerk was changed from the end of July to August 15th.

As part of the budget process, Commissioners Court holds a meeting to discuss the proposed tax rate, takes a record vote, and authorizes the publishing of the notice of the rate they intend to adopt. If the rate will exceed the lower of the No-New-Revenue tax rate or Voter-Approval rate, Commissioners Court then sets the dates for the public hearing on the proposed tax rate.

If a tax rate no higher than the lower of the No-New-Revenue tax rate or Voter-Approval rate is proposed, no public hearings on the tax rate are required. This year because the rate exceeded this rate, a public hearing on the tax rate was required. The County holds a public hearing on the budget, ratifies any tax revenue increase included in the budget, discuss any proposed changes to the budget, adopts the budget, followed by adoption of the tax rate.

All notices required to be published are also placed on the Walker County website. The Appraisal District certified value report and the No-New-Revenue tax rate or Voter-Approval calculation are also placed on the Walker County website.

Budgetary Controls and the Budget Amendment Process

Walker County establishes budgetary controls to ensure compliance with Texas State Law and to ensure compliance with the legal provisions embodied in the annual appropriated budget approved by the Commissioners Court. As a method of control, Walker County also maintains an encumbrance accounting system. Available funds are encumbered during the year upon execution of a purchase order, contracts, or other appropriate documents in order to reserve that portion of the applicable appropriation. Outstanding encumbrances lapse at fiscal year-end. Controls also include restrictions on amending the budget. Reporting plays a large role in monitoring budgetary compliance. Statutes relating to County purchasing and review of invoices also enhance budget control. The accounting system gives messages and warning when budgets are being exceeded at various points of data entry. Departments have continual access to the budget versus actual reports.

The legal level of budgetary control is the level at which departments may not exceed their budget in a given fiscal year. The legal level of control for Walker County is the category level of Salary/Other Pay and Benefits, Operations (Supplies, Services and Charges), Capital Expenditures, Projects, Debt, Inter Governmental Services/Contracts and Transfers within the department budget for all funds, with the exception of Grants and Contracts Funds. The legal level of control for these funds is as established by the granting or funding agency.

Example: Fund – General Fund Function – Public Safety Department – Sheriff Expenditure Category – Operations Line Item – Fuel

In the above example, the legal level of control is the expenditure category of Operations within the Sheriff Department. The elected official or department head may not exceed budget allocations at the category level without a formal budget amendment approved by Commissioners Court.

Department heads and elected officials may expend money only in compliance with the budget and all purchases must comply with Texas State Law, the County's Procurement Policy, other County Policies, and funds must be available within the legal level of control categories. Departments are encouraged to maintain control at the line item level. No capital item may be purchased unless approved as part of the budget process or through a Commissioners Court approved budget amendment.

Restrictions are placed on the ability of the Commissioners Court to amend the budget in several sections of the Texas Local Government Code including:

- 1. Commissioners Court may amend the budget from time to time as provided by law for the purposes of authorizing emergency expenditures. [Texas Local Government Code § 111.010(c)].
- 2. Commissioners Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen

condition that could not have been included in the original budget through the use of reasonably diligent thought and attention.

- 3. Commissioners Court by order may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure. [Texas Local Government Code § 111.010(d)].
- 4. Special budgets for grants or aid money received by the county that are not included in this budget shall be certified to the Commissioners Court by the County Auditor and a special budget adopted for the limited purpose of spending the grant or aid money for its intended purpose. [Texas Local Government Code § 111.0106].
- 5. Special budget for revenue received after the start of the fiscal year that are not included in this budget shall be certified to the Commissioners Court by the County Auditor and a special budget will be adopted for the limited purpose of spending the revenues for general purposes or its intended purposes. [Texas Local Government Code § 111.0108].
- 6. State Law will be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.

With the exception of Grant and Contract Funds, Elected Officials or Department heads may, without prior Commissioners Court approval, authorize transfers within the budgetary legal level of control with the following exceptions:

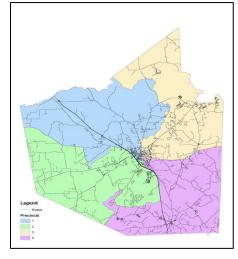

- 1. Salaries/Other Pay/Benefits Category
 - a. Personnel allocations shall not be changed without specific authorization of Commissioners Court.
 - b. When a vacant position is filled with a person making less than the budgeted amount, an account titled "Unallocated Reserves for Pay" will be created. These monies may be allocated to the other employees as long as base pay for every approved position remains. The base budget for the next year will not change. An allocation of these monies to employee pay increases shall not cause an increase in future year's salary and benefits budget.
 - c. Salary and benefit saving, including those due to vacancies shall not be transferred from the Salaries/Other Pay/Benefits category group without a formal budget amendment approved by the commissioners court.
- 2. Operations Category
 - a. There shall be no obligations made for recurring charges that will affect subsequent years budgets without consent of the Commissioners Court (cell phone contracts, service contracts, leases, etc).
 - b. There shall be no transfers that will adversely impact the budget for the remainder of the fiscal year.
- 3. Capital. There shall be no transfers made for the pupose of purchasing capital items without a formal budget amendment approved by Commissioners Court. Additions or replacements to the fleet or purchase or replacement of capital items (cost > \$5,000) shall not occur unless the capital purchase was approved in the budget process or with specific approval of a budget amendment by the Commissioners Court.
- 4. Centralized Costs/Nondepartmental Costs. The County Judge shall have the authority to authorize expenditures in the Centralized Costs and Nondepartmental budgets and to transfer amounts between line items within the constraints above with the exception of the contingency line item. Transfers of contingency funds will require approval of the Commissioners Court.

- 5. One-Time Allocations. Commissioners Court approved contingency transfers, special, or one-time allocations approved shall not be spent for other than their designated purpose and cannot be transferred to another line item without prior approval of Commissioners Court.
- 6. Inter Governmental Services/Contracts. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
- 7. Transfers. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
- 8. Projects. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
- 9. Debt. These monies shall not be spent for any purpose other than their specifically designated purpose.
- 10. Capital Projects Budget. Changes to Capital Projects Budget require a formal budget amendment by Commissioners Court. Change orders shall be approved by Commissioners Court.
- 11. State Law. State Law shall be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.
- 12. Unplanned Revenues. In the event of unplanned revenues, expenditures associated with the unplanned revenues shall occur only after a formal amendment to the budget is approved by Commissioners Court.
- 13. Contingency. Commissioners Court approval is required for any transfer from contingency and requires a formal budget amendment. Department heads and elected officials may request a transfer from contingency funds only after a review of departmental budgeted funds and shall justify the unplanned expenditure to the Commissioners Court for the proposed expenditure. Commissioners Court may review the departmental budget.

The County Auditor reviews budget amendments within the legal level of controls requested by Elected Officials and Department Heads to assure that the transfer will not adversely impact the budget for the remainder of the fiscal year or require increases in future years. After review by the County Auditor, all budget amendments requiring Commissioners Court approval are forwarded for approval at a following scheduled meeting. The Department will be notified when the transfer is approved and entered into the financial system.

WALKER COUNTY

Budget Structure

Budget Structure

The County's accounts are maintained on the basis of fund and accounts groups that segregate funds according to their intended purpose. Each fund is a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. The accounts within a fund are grouped by a functional category. Within the department, the expenditures are grouped by expenditure types.

The Financial Reporting Fund structure consists of the Major Funds -General Fund, Debt Service Fund, Road and Bridge Fund, EMS Fund, Capital Projects Fund, Grants and Contracts and Other Governmental Funds.

The Grants and Contracts grouping are Special Revenue Funds set up to account for grants received and monies received from the State. Grants and Contract funds are not included in the annual budget process. These grants and state contract funds do not follow the County fiscal year and budgets for the funds are adopted by Commissioners Court as the grant and contract funds become available and are accepted by the County.

The Other Governmental Funds are Special Revenue Funds set up for either legislatively designated purposes or other revenues committed for a special purpose. Legislatively Designed Funds are reported separately in the financial statements. Certain other funds such as the Healthy County Initiatives Fund and General Projects Fund are created for budgeting purposes for assigned or committed monies. These funds are budgeted separately in the annual budget but are included in the General Fund for financial reporting.

A Special Revenue Fund is set up for setting aside monies to fund health benefits for retirees that meet the criteria established for eligibility for the benefit. An employee hired before October 1, 2013 and has retired with or will retire with 20 years of service is eligible for this benefit. Beginning with Fiscal Year 2017-2018, monies are budgeted each year for transfer from the General Fund to fund this benefit.

Fund Descriptions

General Fund. The General Fund is the County's primary operating fund that accounts for most of the financial resources of the county, which may be used for any lawful purpose. It is used to account for all financial transactions not accounted for in other funds. The principal source of revenues are local property taxes, sales tax, and charges for services. Expenditures include costs associated with the daily operations of the County. In addition to general administration, law enforcement, judicial, and infrastructure expenditures, Walker County funds other services. Additional services include fire protection and comprehensive 911 dispatch operations, which are provided by interlocal agreements between Walker County and the City of Huntsville. Volunteer fire departments within the County also receive financial support from the County. Certain ares such as EMS services, Road and Bridge related expenditures, Debt payments, revenues designated for certain purposes are budgeted in a Special Revenue Fund set up for that purpose.

Debt Service Fund. The Debt Service Fund accounts for the financial resources for payment of principal and and interest on long-term debt paid primarily from taxes levied by the County. The tax rate adopted is adopted in two parts, one for operations of the County and for payment of the debt. The tax levy for debt must be sufficient to pay the debt services requirements for the year.

Road and Bridge Fund. The Road and Bridge fund is used to account for the costs associated with the construction and maintenance of roads and bridges. Revenues are derived mainly from ad-valorem taxes,

intergovernmental revenues, and fees and fines. Individual commissioner oversees the day-to-day work of the road crews and the budget for their respective precinct. The Road & Bridge Departments maintain 563 linear miles of roadway and their right-of-ways, bridges and low water crossings. Many additional miles of roads in Walker County are maintained by others, including the City of Huntsville, the Texas Department of Transportation (TXDOT) or private owners. The County maintains a comprehensive list of roads that have been accepted for county maintenance. All Walker County roads outside city limits are named by the Commissioners' Court and the naming process is coordinated through the Road and Bridge Commissioners and the Planning Development Department for 911 purposes. A road must be built to current specifications and presented to Commissioners' Court for acceptance in order for it to be maintained by Walker County. Those specifications are found in the Subdivision Rules & Regulations.

EMS Fund. The Emergency Medical Services (EMS) fund is used to account for financial transactions incurred for providing emergency medical and ambulance services to the public. User fees and a transfer from the General Fund are the main sources of revenues.

Capital Project Fund. Currently the County has no Capital Project Funds. When a capital project is begun, a budget is adopted for the duration of the project and is usually funded from the issue of long term debt. The last use of a Capital Project Fund by Walker County was in 2012 when a \$20,000,000 Certificate of Obligation was issued for the building of a 22,000 square foot County Jail. In addition to construction of a new jail, significant improvements were made to the Justice Center heating and cooling systems.

Grants and Contracts Fund. These governmental fund are used to accounts for grants and contracts the County enters into with the State of Texas and the federal government. These funds are not included at the time the annual budget is adopted but are adopted by the Commissioners Court at the time the funds are accepted and become available. These funds rarely follow the County fiscal year.

Legislatively Designated Funds. Walker County currently has 26 funds that the County maintains in this grouping. Many of these funds maintained by Walker County are established as required in State statutes. Others have been established to better account for expenditures and the restrictions that has been placed by legislative action on certain revenues the County receives. In the section beginning on page M-1 that shows the individual funds maintained in this grouping a reference is provided to the state statute that places the restriction on the revenues and a description of the allowable uses of these revenues.

Other Governmental Funds. The County budgets for three funds in this grouping, the General Projects Fund and the Healthy County Initiative Fund. These funds are included in the annual budget. For annual CAFR reporting, these two funds are included in the General Fund. A project included in the General Projects budget is a project length budget. The Healthy County Initiative Fund is funded from monies received from the Texas Association of Counties Reward Program. This program rewards its members for efforts and success in helping employees enroll and complete various Healthy County Programs sponsored by Texas Association of Counties Health and Employee Benefit Pool. The Insurance Fund-Retiree Health is included in the grouping. No expenditures are expected from that fund this year.

Department Descriptions

The department structure generally follows the County Government structure with each elected official, appointed official and department heads having a departmental budget established to account for the costs of providing the services outlined in state statute or assigned to their supervision. Certain functional areas are also assigned a department budget to further the accounting for designated costs. In addition to the County Judge and the four Precinct Commissioners, other elective offices found in Walker County include the County Clerk, District Clerk, County Treasurer, Sheriff, Constables, Tax Assessor-Collector and Justices of the Peace. Walker County has one elected County Court at Law Judge. As part of the checks and balances system, counties have a County Auditor appointed by the District Judges.

District Officials include the 12th Judicial District Judge, the 278th Judicial District Judge, and the Criminal District Attorney. These officials are paid by the State of Texas and operating costs are budgeted for these offices in the General Fund.

While many county functions are administered by elected officials, others are run by individuals employed by the Commissioners Court. In Walker County, these include the Planning and Development Director, Emergency Medical Services Director, IT Director, and Facilities Maintenance Director.

Walker County also has three positions that are appointed by boards, the Juvenile Probation Director appointed by the Juvenile Probation Board, the Adult Probation Director (CSCD) Director appointed by the Adult Probation Board, and a Purchasing Agent appointed by a board made up of the two District Judges and the County Judge.

The Commissioners Court conducts the general business of the county and consists of the County Judge and four Commissioners. The Court adopts the county's budget and tax rate, approves for payment all purchases of the county, fills vacancies in elective offices, sets all salaries and benefits as part of the budget process, has exclusive authority to authorize contracts, and provides and maintains all county buildings and facilities.

County Judge - The Texas Constitution vests broad judicial and administrative powers in the position of County Judge, who presides over a five-member Commissioners' Court, which has budgetary and administrative authority over county government operations. The County Judge is also head of civil defense and disaster relief, county welfare and in counties with a population of under 225,000, such as Walker County, the County Judge prepares the county budget along with the County Auditor's Office. The County Judge has judicial responsibility for certain criminal, civil and probate matters, may perform marriages and represents the County in many administrative functions. The County Judge is elected to serve four year terms.

Road and Bridge Commissioners – Commissioners represent one of four precincts in the County. As members of the Commissioners Court, they exercise broad policy-making authority. They are responsible for building and maintaining county roads and bridges within the precinct. They are also responsible for providing and maintaining County buildings and facilities. Departments are set up in the Road and Bridge Fund for each of the four precincts. County Commissioners are elected to serve four year terms.

County Clerk – The office of the County Clerk is established by the Texas Constitution, whose duties, prerequisites and fees of office are prescribed by the State Legislature, (Texas Constitution Art. 5, Sec.20). The County Clerk is the Clerk for County Court at Law, County Court and Commissioners' Court and is the official recorder and custodian of public records. In court proceedings the clerk receives and files all documents, receives all exhibits and conclusions of the proceeding, issues all process and other duties as needed. The County Clerk records and preserves documents pertaining to real and personal property. Instruments are filed

for recording such as deeds, agreements, liens, releases, easements, contracts, judgments, power of attorney and more. The County Clerk also records and issues birth and death records, marriage licenses, assumed names, cattle brands, dd-214s and administers other miscellaneous licensing and recording requirements. As part of the duties, the County Clerk is the custodian for the registry of the court funds. The County Clerk is elected to serve four year terms.

District Clerk – The District Clerk serves as clerk and custodian of court documents for the District Courts and County Court at Law and is responsible for the security of the recordings. The District Clerk provides support staff for all courts, docketing and indexing of court records, collects fines, fees and court costs, and manages funds held in litigation and money awarded to minors. The District Clerk also handles the coordination of the jury selection process and Grand Jury selection. The District Clerk is elected to serve four year terms.

Sheriff – The County Sheriff is a constitutionally created office with duties prescribed by the legislature (Texas Constitution Art. 5, Sec.23). By statutes, the Sheriff must be eligible to be licensed as a Texas Peace Officer under sections 1701.301 through 1701.317 of the Texas Occupation Code. The Sheriff is the Chief Law Enforcement Officer for the County, with countywide jurisdiction. The Sheriff also operates and maintains the County Jail. The Sheriff is responsible for preparing and submitting proposed budgets for three different divisions consisting of the County Jail, Sheriff Department and Emergency Management. Within the three divisions are other budgeted accounts to operate efficiently such as County Jail Medical, Sheriff Estray, Courthouse Security and Litter Control. The Sheriff is elected and serves four year terms.

Constables - Departments are set up in the General Fund for each of the four Constables, one elected in each precinct of the County. Constables along with their deputies have all the enforcement powers of Texas Peace Officers and performs various law enforcement functions, including issuing traffic citations. A Constable serves warrants and civil papers, such as subpoenas and temporary restraining orders, and serves as bailiff for the Justice of the Peace Court. In Walker County, the Constables also perform bailiff services for the the two District Courts. Constables are elected to serve four year terms.

Tax Assessor-Collector - The duty of the assessor-collector is to assess taxes on each property in the county and collect that tax. The Appraisal District, which is not a part of county government, handles the actual appraisal of property. Walker County contracts with the Walker County Appraisal District (WCAD) for collection of taxes. WCAD also calculates the effective tax rate and rollback rate for Walker County and posts the required notices. On behalf of the Texas Department of Motor Vehicles, the assessor-collector is also responsible for the registration and titling of motor vehicles owned by residents of the county, issuance of license plates such as Purple Heart and Disabled Veterans license plates, along with disabled parking placards. The tax assessor-collector also serves as the voter registrar. The voter registrar's responsibilities include accepting applications for voter registration, issuing voter certificates, maintaining voter registration lists, verifying petitions for local option elections and submitting required reports to the Secretary of State's Office. The Elections Department holds all county and state elections as well as local elections of entities wishing to contract the elections office's services. The county tax assessor-collector ensures all election workers receive training before each election. The county tax assessor-collector also oversees collections of special fees imposed by the county and state on alcoholic beverage permits. In Walker County, three departments are set up in the General Fund for the Tax Assessor functional areas: Voter Registration, Elections and Vehicle Registration. The Office of Tax Assessor-Collector is an elected position serving four year terms and was created by the Texas Constitution.

Justices of the Peace - The Justice of the Peace is a constitutionally created position who serve as Judges, Magistrates, and Coroners for the county. Departments are set up in the General Fund for each of the four Justices of the Peace, one elected in each precinct of the County. Justices of the Peace serve as both Judges and Magistrates. As Judges, a Justice of the Peace presides over criminal cases including traffic and other Class C misdemeanor cases punishable by fine only, hear landlord and tenant disputes, cases involving mental health issues, and truancy cases. They also preside over Civil cases, including Debt Claims, Eviction, Small Claims, and Repair Remedy cases; where the amount in controversy does not exceed \$20,000.00, an increase from \$10,000 effective September 1, 2019. They have exclusive jurisdiction over eviction cases, including Repair and Remedy suits. Justice of the Peace Courts collect the fines and fees for various civil and criminal cases filed. As magistrates, the Justices of the Peace may issue warrants for search and arrest and also conduct magistrate hearings including Juvenile hearings which include bond settings and conduct inquests. Justices of the Peace for year terms.

County Court at Law Judge - Walker County Court at Law is a general jurisdiction court created by statute in 1977. In addition to Class A and Class B Misdemeanors, the court has jurisdiction over juvenile, probate, guardianship, mental health and family law cases. The court also has jurisdiction in civil cases when the amount in controversy is \$200,000 or less. The County Court at Law Judge is elected to serve four year terms.

District Judges 12th and 278th Judicial Districts. Two District Judges serve Walker County. The salaries of District Judges are paid by the State of Texas. Costs associated with the running of the office and support personnel is budgeted at the County level in the General Fund. District Judges are elected to serve four year terms.

Criminal District Attorney – The Criminal District Attorney's Office was statutorily created to serve a dual role representing the State of Texas and the citizens of Walker County. The main function of the office is to prosecute criminal cases in the four Justice of the Peace Courts, County Court at Law and both District Courts seated in Walker County. This includes misdemeanors, felonies, and juvenile matters. The office handles criminal prosecution throughout each stage of the process from intake and grand jury through trial and appeal. The Criminal District Attorney's Office also handles collateral criminal proceedings such as protective orders, mental commitments, writs of habeas corpus, bond matters, extradition, and other issues related to the prosecution of criminal cases. The office also serves in the capacity of the County Attorney by advising Commissioners Court and other elected officials on legal issues and representing Walker County in legal proceedings, including civil lawsuits, when necessary. Office personnel includes the elected Criminal District Attorney is elected to serve four year terms.

County Treasurer - The office of County Treasurer was one of the foundational offices established by the Texas Constitution in 1846. The County Treasurer acts as the chief custodian of county finances and is responsible for receiving and depositing all county revenues and for disbursing funds upon order of the Commissioners' Court. The Treasurer in Walker County is designted as the county's investment officer and submits regular reports on county finances to Commissioners' Court in compliance with the Public Funds Investment Act. The Treasurer in Walker County also prepares payroll, is responsible for human resources and manages the collection department which works with the courts for collection of delinquent fines and fees. The County Treasurer is elected to serve four year terms.

County Auditor – The County Auditor is appointed by the District Judges for two year terms. Duties include, preparing and administering the accounting records for all county funds, auditing the records and accounts of the various county departments and verifying the validity and legality of all county expenditures. The County Auditor works with the County Judge in the budget process, and has very specific audit and reporting requirements outlined in state statutes.

Purchasing Agent – Walker County has adopted a centralized purchasing structure and has a Purchasing Agent appointed by a Purchasing Board consisting of the two District Judges and the County Judge. Commissioners Court has adopted a comprehensive Purchasing Policy and Procedures Manual which the Purchasing Office operates in accordance with. This office also operates in accordance with federal, state and local government legislation laws. State statute defines the role of the Purchasing Agent. Costs associated with the operations of this function are budgeted in this department. The Purchasing Agent is appointed for two year terms.

Fund Balance

Fund Balance is the difference between current financial assets and current liabilities reported in a governmental funds financial statement. In governmental funds, only current assets and current liabilities are reported in the financial statements. This means that fund balance is often considered more of a measure of liquidity, than a measure of net worth. Fund balance is the excess of revenues over expenditures over a period of time. In the budget cycle, the beginning fund balance is the amount available from prior years for allocation and expenditure in the current budget and the estimated ending fund balance is the amount that is estimated to be available for allocation in subsequent years. At the time of budget adoption, the actual beginning fund balance is necessary to pay expenditures caused by unforeseen emergencies, for shortfalls in revenues and to eliminate short term borrowing. In accordance with Walker County's Financial and Budget Policies, the minimum desired fund balance for the General Fund is 16.67% with a goal set for the fund balance to be in the two to three months range.

The following summary shows the budgeted changes in fund balance for the budget year. Historically, the actual fund balance at the end of a budget year will exceed the budgeted fund balance due to expenditures coming in less than budget, often in the salaries and benefits categories due to vacancies and turnover, other expenditures coming in under budget and revenues exceeding the budgeted amount.

The fund balance of the General Fund is estimated to decrease by \$2,652,382 during FY 2022. It is Walker County's policy to budget for one-time expenditures from fund balance in excess of the minimum fund balance established by policy. Included in this amount is a transfer of \$600,000 to the Road and Bridge Fund for road improvements and a transfer of \$194,700 to cover expected revenue shortfalls in the Road and Bridge Fund, a contingency of \$600,000 in the General Fund, \$200,000 for IT improvement, \$115,000 for a chiller at the storm shelter and \$731,479 for replacement of vehicles. Beginning on page C-14, a detail of the one-time allocations for FY 2022 is shown.

The other funds listed below do not have minimum fund balance polices and funds are budgeted as they become available. The fund balances of these funds are either committed or restricted for the purpose of the fund.

In the General Fund, the fund balance budgeted to be available at year end exceeds the minimum required fund balance.

REVENUES

Projecting revenues is one of the first steps in preparation of the budget for the fiscal year. Walker County practices a consevative approach to revenue projecting. Several methodologies are used in forecasing the revenues to ensure the most accurate revenue projections. Historical trends, informed judgement, and review of pending legislative changes that may affect the revenue sources to the County are the most prevelant methods used. Changes in revenue sources and allowable charges are subject to change at least every legislative session. Walker County maintains a matrix of monthly revenues by month by fiscal year for many of the revenues sources. By reviewing patterns of the different revenues, several methods of analysis are done, using average monthly, % of total revenues in past years as it relates to collections for the year and level of activity. Property taxes collection rates are monitored and reviewed as part of the estimating of property taxes, the County largest revenue source.

Property Taxes

Revenues from property taxes account for 61% of overall County revenues and 70% of the General Fund revenues. Current property taxes, delinquent property taxes and penalites and interest on delinquent property taxes are included in the budget. Taxes are assessed on all property in Walker County except for certain properties that are eligible for exemption, such as state and federally owned property and other full or partial exemptions are allowed. Exemptions from property tax are governed by Federal and State laws. The Walker County Appraisal District assesses the value of property in Walker County, processes all applications for exemptions, calculates tax ceilings, and maintains curent ownership information of the appraisal records. Based on the total taxable property certified by the Appraisal District, the Commissioners Court sets the tax rate necessary to support the adopted budget. Applying the tax rate to the taxable appraised value of the property determines the amount of tax that is paid by the individual taxpayer. The Appraisal District to collect the taxes. The Appraisal District works with an attorney to collect delinqent taxes.

When the County adopts the tax rate, it adopts two rates, one for operations and one for payment of debt. Beginning on D-2 of the Tax Information section, information related to comparison of levies is presented. Within Walker County there are several taxing agencies including school districts, cities, emergency service districts, and the Walker County Hospital District. The overlapping tax rate for an individual varies depending on where you live within the County.

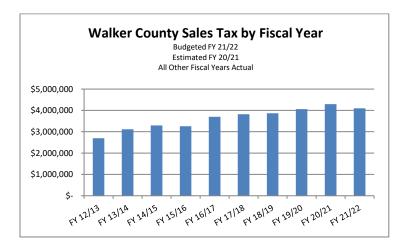

Property taxes are accessed each year based on the property values at January 1st of each year. Current property taxes account for 59.2% of the total revenues. Delinquent taxes account for another 1.2% of revenues, and property tax penalties and interest accounts for another .8% of revenues. Property tax collections remain stable in the 98% to 99% range for current and delinquent collections combined. The FY 2022 budget is projected based on an approximate 98% collection rate for the combined current and delinquent tax collections. In the FY 2022 budget, new growth accounted for \$795,948 of additional revenues from current property taxes.

Senate Bill 2 was passed in a recent legislative session. This bill made changes related to the process a taxing entity follows to set a property tax rate in Texas. In years prior to Senate Bill 2, two rates were calculated, one called the effective tax rate and one called the Roll-Back Rate. Depending on the rate

adopted, different public hearing were required and options available to the voters to petition for an election that would require the taxing jurisdiction to roll back the rate to be no more than an 8% increase in the operations tax rate. One of rates that was calculated was called the effective tax rate, defined by the tax statutes as the rate that would provide the taxing entity with the same revenue from properties that were on the tax roll in both years. With Senate Bill 2, the two rates that are calculated are called the No-New-Revenue Tax Rate and the Voter-Approval Tax Rate and the options voters have to roll back a tax rate were changed. In a non-disaster declared year, if the rate to be adopted is proposed to be more than 3.5%, an election is automatically required. In a year where a disaster has been declared, a taxing entity has the option to elect to use 8% as the maximum not to be exceeded. Walker County used the 3.5% not to exceed rate in its FY 21 calculation. A rate now called the No-New-Revenue Rate is generally calculated the same as the effective rate was and generally provides the same tax revenue to the taxing entity for property that was on the tax roll in both years. For the taxing entity, this calculated rate will decrease as appraised values on the property that was on the tax roll for both years increase. In FY 2022, Walker County proposes to adopt a tax rate that is \$0.03 (3 cents) greater than the calculated No-New-Revenue Rate. The purpose for this tax increase is to fund pay increases for Law Enforcement, Jail and and Emergency Medical Service (EMS) employees. Prior to this proposed increase, the County was not comparable in pay for local and immediate surrounding areas to Walker County. The County could not attract employees to fill vacant positions and employees were leaving for other opportunities.

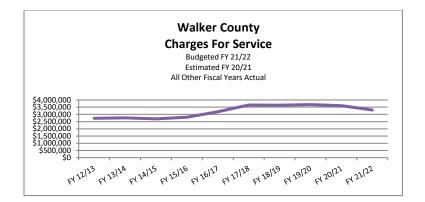

Sales Tax

Walker County has a ½ cent tax rate, adopted by the voters in 2002. The sales tax revenue is used to reduce the property tax rate. The sales tax adjustment rate, determined as part of the No-New-Revenue tax rate calculation is \$0.1003 per \$100 assessed valuation. Sales tax accounts for approximately 11% of total revenues and approximately 15.4% of revenues of the General Fund. Sales tax is budgeted relatively flat using the base of the as the FY 20 level. The revenue from sales tax in FY 2021(current year) is projected to increase from FY 2020, somewhat unexpected because of the pandamic. Because the number of Covid cases is again on the rise as of the time the proposed budget is being prepared, the County elected to budget very conservatively for this volatile revenue.

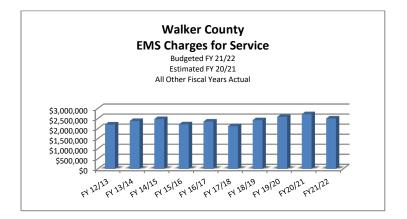

Charges for Service

Charges for Service, the third largest revenue grouping accounts for 9% of the total revenues of the County and 7.3% of revenues of the General Fund, and 14.3% of revenues of the Road and Bridge Fund. Vehicle Registration Fees shows an increase. Fees of office associated with the judicial system are included in this category as well as fees from the service of papers by law enforcement. License registration fees, vehicle registration commissions, certificates of title, road and bridge fees, coin phone charges at the County Jail, and charges to the hospital district for services provided at the jail are also included.

Charges for EMS Service

Charges for EMS Service, accounts for 6% of the total revenues of the County and 57% of revenues of the EMS Fund. Billings for services are processed using a billing services provider. Filing of claims with insurance providers, Medicare and Medicaid are processed as part of the billing.

Fines/Court Cost/Forfeitures

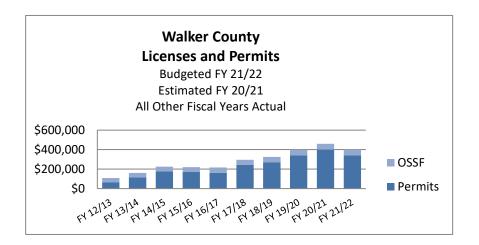

Fines, Court Costs and Forfeitures continue their downward trend as a percentage of total revenues, accounting for approximately 2% of the total revenues of the County. The bulk of this category is fines. Fines are generally deposited into the Road and Bridge Fund and account for approximately 11.3% of the Road and Bridge Fund revenues,. This is a highly volatile revenue source and the County has seen a downward trend over the last several years, resulting in an increased portion of the property tax revenues being required for allocation to the Road and Bridge Fund. Forfeiture amounts received by law enforcement agencies such as the Sheriff's and the District of Attorney's office are deposited in the Legislative Group of Funds. Expenditure of these funds falls under the direction of law enforcement and their expenditure is subject to statutory spending guidelines.

Inter Governmental Revenues

For the FY 2022, revenues expected in this group total \$854,828. Sources include monies from the State to supplement the salaries of the County Judge, Court at Law Judge, District Attorney, and monies from other Counties for participation in the operating costs of the District Judges housed in Walker County, that serve not only Walker County, but also several surrounding counties. The County receives \$52,924 for indigent defense from the State, and is estimated to receive \$223,765 from the State for the Road and Bridge Fund. Walker County also has a contract with the City of New Waverly and the New Waverly ISD to provide law enforcement services. In the Grant Funds, not included in the annual budget, most of the revenues received fall in this category.

Licenses and Permits

Revenues budgeted in this area total \$400,000. The Department of Planning and Development collects fees for on-site sewage permitting and compliance, floodplain development permits, map documents, and land platting submittals. The current fee schedule also includes fees for map production and solid waste permitting; however these service categories have an extremely low volume due to limited requests for service. Walker County has seen growth of revenues in permits the last several years and increased revenues are projected for this year. Revenues for FY 2022 at budgeted at the FY 2020 level of activity.

Transfers In

Transfers totaling \$ 3,065,562 are included in the FY 2022 budget. All transfers are *from* the General Fund. Transfers include \$794,700 to the Road and Bridge Fund, \$315,000 to the General Projects Fund, \$1,911,121 to the EMS Fund, and \$44,741 to the Legislatively Designated Funds. The transfer to the Road and Bridge Fund includes a transfer of \$600,000 for road improvements and \$194,700 to cover revenue reductions. The EMS fund transfer includes an increased transfer due to the pay increases included in the budget, and will add annually to the ongoing transfer of \$1,261,882 to supplement the cost of operations that fee collection do not cover. The transfer this year is also increased to cover the cost of a new ambulance. Transfers account for 8.0% of the total revenues included in the budget.

Expenditures

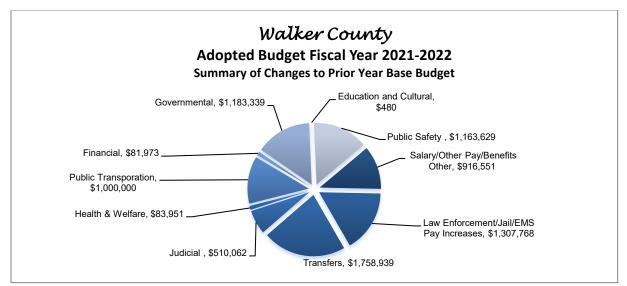

The expenditure budget for the Fiscal Year October 1, 2021 to September 30, 2022 is \$43,227,189 as compared to \$39,343,885 for the prior year, an increase of \$3,883,304, an increase of approximately 10%. This increase funds a pay plan put in place to increase the salaries of Law Enforcement, Jail and Emergency Medical Services personnel to be competitive with local and surrounding jurisdictions. The county also increased salaries of other personnel in preparation for a county wide salary study. Commissioners Court entered the budget process this year focused on maintaining personnel and services, and maintaining/increasing reserves.

The starting point for the budget each year is the base budget for the prior year, defined as last year's total budget less one time expenditures that were included in that budget. For FY 21/22 the starting point was \$35,220,497 (\$39,343,885 less \$4,123,388). The adopted budget for FY 21/22 includes additions to the base budget of \$ 4,098,110 in on-going costs and one-time allocations of \$3,908,582.

Capital Expenditures Included in the Budget

Capital expenditures defined in the context of this budget include assets that have a cost of \$5,000 or more, have a useful life of over one year and are not a component replacement part. Included in this year's budget is \$846,479 detailed below. In the General Projects section of the budget beginning on page G-1, a review of approved projects to date is presented and some additional discussion provided.

Vehicles and office equipment that meet the capitalization criteria are included in the list presented below. Vehicle replacement generally results in lower maintenance costs, which help to offset the increasing maintenance and repair costs of the fleet as the other vehicles get older.

ORDER NO. 2021-79

AN ORDER OF THE COMMISSIONERS COURT OF WALKER COUNTY, TEXAS, FINDING THAT ALL THINGS REQUISITE AND NECESSARY HAVE BEEN DONE IN PREPARATION AND PRESENTMENT OF AN ANNUAL BUDGET; APPROVING AND ADOPTING THE OPERATING AND PROJECTS BUDGET FOR WALKER COUNTY, TEXAS, FOR THE PERIOD OCTOBER 1, 2021 THROUGH SEPTEMBER 30, 2022; AND PROVIDING FOR AN EFFECTIVE DATE HEREOF.

- WHEREAS, the itemized budget shows a comparison of expenditures between the budget and the actual expenditures for the same or similar purposes for the preceding year and projects for which expenditures and the estimated amount of money carried for each [Texas Local Government Code § 111.004(a)]; and
- WHEREAS, the budget contains financial information of the county that shows the outstanding obligations of the County, the available funds on hand to the credit of each fund, the funds received from all sources during the preceding year; the funds available from all sources during the ensuing year; the estimated revenue available to cover the budget; and the estimated tax rate required to cover the budget [Texas Local Government Code § 111.004(b)]; and
- WHEREAS, the proposed budget was filed with the County Clerk and published on the county's web site before August 15, 2021 as required by Texas Local Government Code § 111.008(c); and
- WHEREAS, on August 14, 2021, and August 17, 2021 notice of a public hearing was published in the County's official newspaper and notice was posted on the County's website for a public hearing relating to the budget, and included one publication not earlier than the 30th day or later than the 10th day before the date of the hearing (Texas Local Government Code § 111.0075); and
- WHEREAS, on August 14, 2021, and August 17, 2021 notice of a public hearing on tax increase was published in the County's official newspaper and notice was posted on the County's website for a public hearing relating to the tax increase, and included one publication not earlier than the 30th day or later than the 5th day before the date of the hearing; and
- WHEREAS, on August 30, 2021 the Commissioners Court of the County held a public hearing on the budget; and
- WHEREAS, on August 30, 2021 the Commissioners Court of the County held a public hearing on the tax rate increase; and
- WHEREAS, the budget for the year October 1, 2021 through September 30, 2022, has been presented to the Commissioners Court and the Commissioners Court has held a public hearing with all notice as required by law, and all comments and objections have been considered; and
- WHEREAS, the Commissioners Court has, as required by Texas Local Government Code § 111.008(c) for adoption of a budget that will require raising more revenue from property taxes than in the previous year, ratified the property tax increase reflected in the budget ; and
- WHEREAS, the Commissioners Court now makes changes to the budget that it considers warranted by law or in the best interest of the county taxpayers;

NOW, THEREFORE, BE IT RESOLVED AND ORDERED BY THE COMMISSIONERS COURT OF WALKER COUNTY, TEXAS, that:

- SECTION 1: Commissioners Court adopts the budget for Walker County Texas, now before the Commissioners Court for consideration and attached, as the budget for Walker County period of October 1, 2021, through September 30, 2022.

Adopted Budget Fiscal Year 2021-2022

General Projects Fund

The Project Fund is used to account for approved projects generally funded from a transfer from the General Fund. Project budgets generally span multi fiscal years and do not lapse at fiscal year-end. In the annual financial reports, this fund is included as part of the General Fund. Annual Fund Balances in this fund fluctuate based on the timing of projects. A minimum fund balance is not established by policy.

Increase to the Projects Fund budget for year 21-22 is \$316,600 funded by a transfer from the General Fund and projected interest earnings.

Chiller for Storm Shelter	\$115,000
Implementation of IT Assessment Recommendations	\$200,000
Increase to Contingency Funds	\$ 1,600

It is not anticipated that there will be major impacts on operating budgets in future year budgets related to the general facilities maintenance projects included in the budget. The AC unit replacements will result in reduced maintenance costs and older units that were less energy efficient will be replaced with more energy efficient models. As part of on-going facilities maintenance, lighting fixtures are being replaced with LED. Improvements are cosmetic in nature and major repairs that will result in maintaining the usefulness and life of the buildings are not expected to have much of an impact on future budgets. As the County reviews its building needs, energy and maintenance costs play a role in the decisions. It is not expected that additional employees will be hired as a result of this project. Replacement of payroll software is in progress due the current software reaching end of life support by the software company. Migration to a cloud based system is on-going as the end of life plan for the current system was announced in the past years.

Walker County Adopted Budget Fiscal Year 2021-2022 Insurance Fund - Retiree Health

Fund Description: This fund has been established to plan for future costs of funding the health benefit for retirees. Employees hired before October 1, 2013 who have retired with 20 years of continuous service or will retire with 20 years continuous service are eligible for a retiree health benefit. Employees hired after that date are not eligible for a retiree health benefit. Recognizing that the County needed to plan for the future budgetary impact on the budget for this cost, a fund has been created to set aside monies to fund this benefit. Several years ago, the County begin accumulating funds for this purpose.

Adopted Budget Fiscal Year 2021-2022

Debt Service Fund

The Debt Service Fund accounts for the financial resources for payment of principal and interest on long-term debt paid primarily from taxes levied by the County. The tax rate adopted is adopted in two parts, one for operations of the County and one for payment of the debt. The tax levy for debt must be sufficient to pay the debt services requirement for the year. Walker County has one debt issue outstanding, a certificate of obligation issued in 2012 for construction of a new County Jail. Of the \$20,000,000 debt issue, \$12,435,000 is outstanding as of the beginning of the fiscal year. A payment of \$965,000 will be made during this budget year leaving a balance of \$11,470,000 at fiscal year-end.

Article III, Section 52 of the Texas Constitution, limits the amount of debt that a county can issue to an amount not to exceed one-fourth of the assessed valuation of the real property. Outstanding debt is less than .64% of the allowable debt amount. The legal debt margin for Walker County is \$1,788,724,069.

Adopted Budget Fiscal Year 2021-2022

Personnel Summary

Positions added include a secretary in the County Judge's Office, a deputy (livestock officer) at the Sheriff's Office and an Operator IV in Road and Bridge Precinct 4. A part-time Operator V in Road and Bridge Precinct 2 was upgraded to a full time position. In the Planning and Development Department a part-time development tech was added. One employee position was transferred from the General Government category to the Emergency Operations budget in the Public Safety department. A vacant medical billing clerk position was eliminated in the EMS Fund as the internal billing was transferred from in-house to a contracted service. The total employee count for Walker County increased from 306 to 309, net increase of three positions.

Walker County receives grants on an annual basis from the State of Texas to fund employees for Adult Probation (CSCD), Juvenile Probation services, and for the Special Prosecution Unit's criminal division. This division prosecutes all crimes arising from within facilities owned or operated by the Texas Department of Criminal Justice. Walker County also contracts with the State of Texas to administer general funds from the State Appropriation Budget to the Special Prosecution Unit for the operation of the juvenile division which prosecutes all crimes arising from within facilities owned or operated by the Texas Juvenile Justice Department and the civil division which handles the civil commitment of sexually violent predators in all jurisdictions across the State of Texas.

The minimum and maximum pay in the County's salary group ranges were increased by a flat fee of \$4,000. The benefit package remained the same with a slight increase in cost of health insurance and retirement contribution rates.

During the fiscal year that ended September 30, 2021, the pay for sheriff department law enforcement officers, jailers and emergency medical services employees in the EMS Fund were substantially increased. In this budget year, salaries were substantially increased for other certified law enforcement officers and the budget includes funds for a salary study that is currently underway.

FINANCIAL AND BUDGET POLICIES OF WALKER COUNTY

FINANCIAL POLICIES

I. FINANCIAL POLICIES - GENERAL INFORMATION

- A. PURPOSE OF FINANCIAL POLICIES. The purpose of these Financial and Budget Polices is to identify and present an overview of policies dictated by state law, policies adopted by orders of the courts, and administrative policies. The aim of these policies is to achieve long-term stability and a positive financial condition. These policies set forth the basic framework for the overall fiscal management of the County. The scope of these policies span accounting, auditing, financial reporting, internal controls, operating and capital budgeting, budget amendments, revenue management, cash and investment management, expenditure control, the budget amendment process, asset management and debt management. A substantial portion of the policies and procedures of Walker County are defined by State Law. To document some of the non-statutory policies, the first version of the financial policies was adopted on September 13, 2004, by the then sitting Commissioners Court for the purpose of documenting, formalizing and communicating the policies to the elected officials, department heads, and citizens. Goals included setting up policies for guiding financial planning and maintaining adequate fund balances, enhancing budgetary controls, and enhancing transparency in the financial operations of the County. The Commissioners Court began the process of addressing and formalizing other polices and, over time, has put together a comprehensive set of financial policies that guide and regulate County business and transactions. While subject to change, these policies and procedures have not changed in the core philosophies that were behind the original policies. Modifications to the policies are generally minor and generally include additions to the documentation of the policies and addressing changes in reporting.
- B. PERSONNEL POLICY MANUAL, PURCHASING POLICIES AND PROCEDURES AND OTHER POLICIES. In addition to the Financial and Budget Policies, the County has developed a comprehensive set of other policies and procedures that guide and regulate its activities. The Commissioners Court has been actively involved in the formalizing of these policies, many of which have been incorporated into the Personnel Policy Manual. The last major rewrite of the Personnel Policy Manual was in June 2015 with several modifications having been made since then. Formal purchasing polices were first adopted in 2006, followed by a major rewrite and adoption of the Purchasing Policy and Procedures Manual in February 2017. Investment Policies are reviewed each year as part of the budget process. All departmental operations must adhere to the policies adopted by Commissioners Court.
- C. GENERAL GOVERNMENT FUNCTIONS. The Commissioners Court is the governing body of the County. The Texas Constitution specifies that the Court consists of a County Judge, who is elected at large, and serves as the presiding officer and four County Commissioners elected by the voters of their individual precincts. The Local Government Code prescribes the duties and grants authorities of the Commissioners Court and other County officers relating to financial management. The Commissioners Court develops and adopts the County budget, establishes the tax rate and develops policies for County operations. Major responsibilities of County government include public safety, maintaining roads, maintaining jails, funding judicial systems, maintaining public records, assessing property taxes, issuing vehicle registrations, registering voters, conducting elections, and oversight of development within the County.

- D. STRUCTURE OF COUNTY GOVERNMENT. Counties are agents of the state, and their structure is defined in the Texas Constitution. Counties, unlike cities, are limited in their actions to areas of responsibility specifically described in laws passed by the Texas Legislature and signed by the Governor. In Texas, Commissioners Court conducts the general business and oversees financial matters of the County. To ensure Fiduciary responsibility, the Texas Constitution has established a strong system of financial checks and balances by creating, the position of County Auditor, who is appointed by the District Judges and a Purchasing Agent appointed by the County Judge and the District Judges.
- E. ELECTED OFFICIALS. In addition to the County Judge and County Commissioners, other elected officials include the District and County Clerks, County Treasurer, Sheriff, Constables, Justices of the Peace, County Court at Law Judge, two District Judges, a Criminal District Attorney, and the County Tax Assessor. In Walker County the Commissioners Court is responsible for the oversight of the Facilities Maintenance Department, the IT Department, the EMS (Emergency Management Services) operations, and the Planning and Development Department. State statute defines the roles and duties of each of the other elected officials.
- F. COUNTY FISCAL YEAR. The County operates on a fiscal year that begins October 1st and ends on September 30^{th.}
- G. COMPREHENSIVE ANNUAL FINANCIAL REPORT. A Comprehensive Annual Financial Report is issued at the end of each fiscal year. Walker County participates in the Government Finance Officer (GFOA) Review Program and prepares its statements in accordance with their recommended guidelines.
- H. ANNUAL EXTERNAL AUDIT. The annually adopted budget for Walker County includes funds for an external annual financial audit. The contract shall require that the external auditor of the financial statements conform to standards promulgated in the General Accounting Office's *Government Auditing Standards*.
 - 1. SELECTION OF EXTERNAL FIRM. In the external audit firm selection process, Walker County shall issue a comprehensive request for proposals and follow Best Practice Guidelines issued by the GFOA for external audit procurement. In general, it will be the preferred practice of Walker County to rotate external auditors on a periodic basis. Selection of the external audit firm will generally be for a five year period with an initial contract of one year with review for annual renewals for years two thru five. After a five year consecutive period of service by an external audit firm, a request for proposal will be issued each year.
 - 2. EXTERNAL AUDIT REVIEW COMMITTEE. County policy is for the County Judge to designate an external audit review committee comprised of five to seven members. Once selected, the committee is presented for approval by the Commissioners Court. The primary responsibility of the external audit review committee will be to oversee the external independent audit of the comprehensive annual financial statements, including reviewing the request for proposal and proposal responses, and making a recommendation to commissioner's court for selection of the external audit firm.

II. BASIS OF ACCOUNTING

- A. ACCOUNTING POLICY. The County Auditor's Office maintains records on a basis consistent with accepted principles and standards for local government accounting and in accordance with current statements and pronouncements issued by the Governmental Accounting Standards Board, as applicable.
- B. GOVERNMENT AL FUND TYPES. The County uses Governmental Funds to account for its general governmental activities. Governmental funds use the flow of current financial resources measurement focus, and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they are 'measurable

and available'). "Available" means collectible within the current year or soon thereafter to pay liabilities within 60 days of the end of the current fiscal period. Substantially all revenues except property taxes and fines are considered susceptible to accrual. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. Principal and interest on long-term debt are recognized as payments are due.

C. PROPRIETARY FUND TYPES. Proprietary fund types are used to account for business type activities (funds that receive their revenues through user charges). Proprietary funds use the accrual basis of accounting and are based on a flow of economic resources. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. There are two types of Proprietary funds, Enterprise Funds and Internal Service Funds. Enterprise Funds receive their revenues primarily from user fees. Internal Service Funds receive their revenues primarily from other funds. The County has one Internal Service Fund, the Retiree Insurance Fund.

III. INTERNAL CONTROL STRUCTURE

- A. INTERNAL CONTROLS RESPONSIBILITY. Internal controls are designed to provide reasonable, but not absolute assurance, regarding the safeguarding of assets against loss, unauthorized use, or disposition. Internal controls are designed to ensure reliability of financial records for preparing financial statements and for maintaining accountability for assets. The financial operating controls are shared by the Commissioners Court, which is the governing body, the County Auditor, who is appointed by the District Judges, the elected officials and the department heads. The County Auditor maintains the records of all financial transactions of the County and by statute examines, audits, and approves all disbursements from County funds prior to submission to the Commissioners Court for payment.
- B. WRITTEN PROCEDURES. Elected officials and department heads are responsible for ensuring adequate control of the monies collected by their department and for assets assigned to their departmental area. Whenever possible, written procedures shall be established for all functions involving cash handling and accounting for revenues within the department. Each elected official or department head is responsible for ensuring that good internal controls are followed throughout the department.
- C. COMPUTER SYSTEM/DATA ACCESS. The County shall provide security of its computer systems and data files through physical security and shall require passwords for system access. There shall be a requirement that passwords be changed periodically. The IT department shall report to the Commissioners Court and shall recommend security policies for Commissioners Court approval. The IT department is charged with ensuring there are appropriate backups of data and disaster recovery processes are in place.

IV. RISK MANAGEMENT

- A. RISK. The County is exposed to various types of risk of losses related to torts, theft of, damage to, and destruction of capital assets, errors and omission, injury to employees, and natural disasters.
- B. MEMBER TEXAS ASSOCIATION OF COUNTIES RISK POOL. Walker County participates in the Texas Association of Counties Risk Management ('the pool') created by interlocal agreement to enable its members to obtain coverage against various types of risk. The pool is administered by the Texas Association of Counties (TAC). Through this pool, the county obtains general liability, property, public officials liability, law enforcement professional liability, auto physical damage, auto liability, and workers' compensation coverage.

C. ANNUAL REVIEW OF INSURANCE COVERAGE AND DEDUCTIBLES. Each year nearing time of renewal, the Purchasing Agent shall present to the Commissioners Court an agenda item discussing renewal, alternate methods of insuring the county, and a discussion of the amount of insurance deductibles.

V. FIXED ASSETS

- A. DEFINITION. A fixed asset is a purchased or otherwise acquired piece of equipment, vehicle, furniture, fixture, capital improvement, infrastructure addition, or addition to existing land, or buildings. For financial reporting purposes, a fixed asset's cost or value is \$5,000 or more with an expected useful life of greater than one year, or infrastructure or building improvement at a cost of \$25,000 or more that will extend the life by more than five years.
- B. CENTRAL FIXED ASSET ACCOUNTING MODULE. Fixed assets shall be tagged and information entered into the centralized Fixed Asset Accounting module in a manner defined by the County Auditor.
- C. ANNUAL INVENTORY. An annual physical inventory shall be conducted by the Purchasing Department and as required by Local Government Code 262.01 l(i), a report submitted to the County Auditor, County Judge and District Judges by July 1st of each year.
- D. POLICY ON ASSET MANAGEMENT. Commissioners Court has adopted a separate Asset Management Policy that includes small equipment inventory and inventory maintained at the department level. This policy requires that the Purchasing Agent tag assets with a cost of greater than \$1,000 and are susceptible to loss, that these assets be entered and maintained in the centralized asset accounting system, and defines the departments' responsibility to maintain assets records at the department level.
- E. PURCHASE OF A FIXED ASSET. No fixed asset purchase shall be made without specific approval of Commissioners Court. Generally requests for fixed assets shall be planned and included as part of the annual budget process or an approved Capital Project. In the event of an unplanned purchase made after the annual budget is approved, a budget amendment must be submitted and approved.

VI. REVENUE MANAGEMENT

- A. REVENUE GENERATED DURING THE BUDGET YEAR TO FUND OPERATING COSTS BUDGETED FOR THE FISCAL YEAR. Walker County shall strive to fund all on-going costs during a budget year with revenues that are generated in the budget year. On-going costs not funded by revenues to be generated during the budget year shall be specifically identified during the budget process and the funding plan for future years shall be part of the budget planning process. A function that is to be placed in the tax rate over a period of years shall be part of the annual budget review process.
- B. REVENUE SOURCES. County Government revenues are generally limited to what is allowed in state statute. Many of the revenues allowed are set by specific statute with little discretion on the amount to be charged. The primary revenue sources of Walker County are ad valorem taxes, sales taxes, fines, fees paid to the County by the State of Texas for collecting revenues for the State of Texas, fees for EMS services, license and permit fees and certain other fees. The County is also fortunate to receive numerous grants.
- C. CHARACTERISTICS OF THE REVENUE SYSTEM. The County strives for the following in its revenue system:
 - Simplicity in naming and grouping. The County shall strive to keep its revenue classifications system simple to promote understanding of the revenue sources.
 - Realistic and Conservative Estimates. Revenues are to be estimated realistically. Revenues of a volatile nature shall be budgeted conservatively.

- Reporting. Reports showing actual revenues vs. budgeted revenues shall be presented in detail at least monthly and the Commissioners Court shall be advised of potential shortfall of revenues that could have an adverse effect on the budget.
- Monitoring of fee offices timely submittal of revenues to the County Treasurer. As part of the internal audit process, revenue reporting offices shall be carefully monitored.
- Aggressive collection policy. Elected officials are encouraged to implement aggressive collection policies and practices. The County shall have in place contracts for collections of past due court and ad valorem revenues.
- D. NON-RECURRING REVENUES. One-time or non-recurring revenues shall generally not be used to finance current on-going operations. Non-recurring revenues shall generally be used for one- time expenditures.
- E. PROPERTY TAX REVENUES. As per state statute, all real and personal property located within the County is valued at 100% of the fair market value based on the appraised value supplied by the Walker County Appraisal District. Reappraisal and reassessment is as provided by the Walker County Appraisal District. Property tax shall be maintained at a rate determined by Commissioners Court to fund the budget they establish annually. The County contracts with the Walker County Appraisal District for the collection of current and delinquent taxes. In addition, a third party attorney is hired to collect delinquent taxes. The tax rate is set as part of the annual budget in accordance with the Texas Local Government Code and the Texas Tax Code and in accordance with the Texas Truth in Taxation Guidelines.
- F. INTEREST INCOME. Interest is earned from investment of available monies. The County Treasurer is the investment officer and invests monies in accordance with the Commissioners Court approved investment policy. Monthly reports are presented to the Commissioner Court as required by statute. Interest earning shall be deposited in the fund that was the source of the funds invested (interest follows source).
- G. USER-BASED FEES. Many fees, including court related tees and vehicle registration fees, are established by state statute. Chapter 118 of the Texas Local Government Code outlines many of the fees that are allowable or required to be charged by Walker County. Other fees such as EMS-fees are established by the County. When possible, the County strives to collect fees from the users of the services to recover costs. Fees shall be reviewed each year either under the time line defined by statute or part of the annual budget process.
- H. FINES. Fine amounts are set by the Judges of the various courts.
- I. INTERGOVERNMENTAL REVENUES. Monies received from other governments shall be matched with the fund or department where the costs or expenses associated with the services are budgeted.
- J. GRANT AND SPECIAL REVENUES. Grant and other special revenues received shall be deposited into the fund or department established for this purpose and spent for their intended purpose.
- K. FEMA/DISASTER REVENUES. These monies will be matched with their expenditures. Monitoring of costs vs revenues received shall be maintained by the fund or departments receiving the funds. Refunds due to the provider shall be charged back against the department receiving the funds.

VII. PURCHASING

- A. CENTRALIZED PURCHASING. Walker County has adopted a centralized purchasing structure and has an appointed Purchasing Agent. A Purchasing Board comprised of the County Judge and District Judges of the 12th and 278th Judicial Districts appoints the Purchasing Agent. Statutory duties of purchasing agents are defined by Texas State Statute. The Purchasing Agent is appointed for two year terms.
- B. PURCHASING AGENT. Local Government Code 262.01 I defines the role of the purchasing agent. The purchasing agent shall purchase all supplies, materials, and equipment required or used, and contract for all repairs to property used by the county, except purchases and contracts required by law to be made on competitive bid. A person other than the Purchasing Agent may not make the purchase of the supplies, materials or equipment or make the contract for repairs. The Commissioners Court has adopted a Purchasing Policies and Procedures Manual that defines the guidelines for making purchases.
- C. REQUISITIONS/PURCHASE ORDERS. Local Government Code 113.901 requires a requisition be signed by the county officer ordering the materials or supplies and unless the requirement is waived by Commissioners Court, the requisition must be signed by the County Judge. Walker County has waived the requirement for the County Judge's signature on the requisition.
- D. CONTRACTS. A purchase order defines the terms of an agreement to purchase an item. Contracts that define the terms of the agreement must be approved by the Commissioners Court and requires the signature of the County Judge.

VIII. PERIODIC REPORTING

- A. STATE STATUTE REQUIRED REPORTING. State Statute sets the minimum periodic reporting requirements for County Government. The reports are to be presented at Commissioners Court meetings in a timely manner.
 - Local Government Code 114.024 requires that a report showing a listing of the county's receipts and disbursements and the accounts of the county be presented at each regular meeting of Commissioner Court.
 - Local Government Code 114.025 requires that the County Auditor make monthly and annual reports to the Commissioners Court and to the District Judges of the County. The report is to include: Aggregate amounts received and disbursed, condition of each account on the books, the amount of county and district funds on deposit in the county's depository, the amount of county bonded indebtedness and other indebtedness, and any other facts of interest and information that the County Auditor considers proper or the Court or District Judges request.
 - Local Government Code 111.091 requires periodic reports on the budget. The County Auditor includes these reports as part of the monthly reporting process.
 - County Treasurer Reporting. Statute places numerous reporting requirements on the County Treasurer related to funds on hand and investment reports.
 - Other Elected Officials. Statute places reporting requirements on other elected officials including the County Clerk, District Clerk and Justices of the Peace.
- B. INTERNAL REPORTING. Commissioners Court has placed monthly reporting requirements on many of the departmental functions that they supervise.

IX. DEBT MANAGEMENT

- A. ISSUE OF DEBT. The County shall issue debt only when specifically approved by Commissioners Court and all monies shall be spent for only their designated purpose.
- B. LONG-TERM DEBT. The county will use long-term debt only for the purpose of funding capital projects which cannot feasibly be financed with current revenues or available funds and when future citizens will receive the benefit of the improvement. The payback period of the debt will be limited to the estimated useful life of the capital projects or improvements.
- C. SHORT-TERM DEBT. The County will issue short term debt only in instances where funds are not available through current revenues or available for allocation in the budget process from funds in excess of the county's required minimum fund balances as set by policy. In the past this type of debt has been used to issue certificates of obligation to finance equipment. In recent years, the County has been able to finance its equipment through the use of fund balance in excess of the minimum required amount.
- D. METHOD OF SALE. The County shall use a competitive bidding process in the sale of bonds or certificates of obligation unless there is specific action of Commissioners Court to vary from the competitive process.
- E. FINANCIAL ADVISOR. The Commissioners Court shall review the need and approve the hiring of a Financial Advisor for long term and short-term debt issues as appropriate.
- F. ANALYSIS OF FINANCINING ALTERNATIVES. Alternatives to the issue of debt including grants, use of reserves, and use of current revenues shall be explored prior to the issue of debt.
- G. DISCLOSURE. Full disclosure shall be made available to rating agencies, holders of the debt and other users of financial information. The County shall prepare necessary materials to provide for presentations and the production of the Offering Statement.
- H. DEBT STRUCTURE. The County will generally issue debt for a term not to exceed 20 years or the life of asset, whichever is less.
- I. FEDERAL REQUIREMENTS. The County shall maintain procedures to comply with arbitrage rebate and other Federal requirements.
- J. BIDDING PARAMETERS. The County will work with the Financial Advisor to construct the notice of sales to ensure the best bid for the County, in light of the existing market condition and other prevailing factors including parameters such as coupon requirements relative to the yield curve, use of bond insurance, call provisions, method of the underwriters compensation, discount or premium coupons.

INVESTMENT AND CASH MANAGEMENT

- A. STATE STATUTES. As with other functions in Texas county government, there are statutes governing county investments and cash management. The county is required by Government Code 2256, the Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written, primarily emphasize safety of principal and liquidity, address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of authorized investments in which the county's funds may be invested; and include the maximum allowable stated maturity of any individual investment owned by the County. Texas statute also defines very specific reporting requirements for County Treasurers.
- B. COUNTY TREASURER AS CHIEF CUSTODIAN OF FUNDS. Texas Local Government Code Chapter 113 establishes the role of the County Treasurer as the chief custodian of county funds. It further requires that monies be kept in a designated depository and defines the responsibility of the

County Treasurer to account for all money belonging to the County. Statute identifies three classes of funds (1) jury fees, (2) money received under the provisions of road and bridge law, including fines and (3) other money received by the Treasurer's office that is not otherwise appropriated. With the exception of delinquent ad valorem taxes, the County Treasurer is to direct prosecution for the recovery of any debt owed to the county, as provided by law and shall supervise the collection of the debt.

- C. PLEDGED SECURITIES. The County's funds are required to be deposited under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the County's agent bank approved securities in an amount sufficient to protect County funds on a day-to day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit (FDIC) Insurance.
- D. CHIEF INVESTMENT OFFICER. The County Treasurer is the Chief Investment Officer of Walker County as authorized by state law.
- E. INVESTMENT COMMITTEE. There shall be an investment committee consisting of the County Investment Officer and at least two other members appointed by the Commissioners Court. The Investment Committee shall meet at least once quarterly.
- F. WRITTEN INVESTMENT POLICIES UPDATED ANNUALLY. The County shall maintain a written investment policy and the Commissioners Court shall review the investment policy each September.
- G. DEPOSITORY CONTRACTS. Walker County shall conduct its treasury activities with financial institutions based on written contracts.
- H. FUNDS HELD IN CERTAIN TRUST ACCOUNTS AND COURT REGISTRY ACCOUNTS. The County Clerk and District Clerk hold money in separate bank accounts not managed by the County Treasurer. Chapter 117 of the Texas Local Government Code defines the law for establishing of a depository, and duties of the custodian of these funds. The County Treasurer is not the custodian of these accounts. Reconciliation and monthly reporting of these accounts is required to be sent to the County Auditor and balances of these accounts are reported to Commissioners Court.
- I. RECONCILIATION OF BANK ACCOUNTS OTHER THAN TRUST ACCOUNTS HELD BY OTHER ELECTED OFFICIALS. The County Treasurer shall handle original reconciliation of Walker County Bank Accounts with the Depository Bank.

XI. FUND AND ACCOUNT GROUPS

- A. ORGANIZATION OF ACCOUNTS. The County's accounts are maintained on the basis of fund and accounts groups that segregate funds according to their intended purpose. Each fund is a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. The accounts within a fund are grouped by a functional category. Within the department, the expenditures are grouped by expenditure types.
- B. FUND STRUCTURE. The Financial Reporting Fund structure will generally consist of the Major Funds General Fund, Debt Service Fund, Road and Bridge Fund, EMS Fund, Capital Projects Fund, Grants and Contracts and Other Governmental Funds.
 - 1. The Grants and Contracts grouping are Special Revenue Funds set up to account for grants received and monies received from the State. The Other Governmental Funds are Special Revenue Funds set up for either legislatively designated purposes or other revenues committed for a special purpose.
 - 2. All funds with the exception of the Grants and Contract funds shall be included in the annual budget process. Certain other funds (such as the Healthy County Initiative Fund and General Projects Fund) created for budgeting purposes for assigned or committed monies will be

included in the annual budget. For financial reporting purposes, these funds may be included as part of the General Fund.

- C. DEPARTMENT AL FUNCTIONAL CATEGORIES. The departments for the County are grouped by several functional categories; General Government, Financial Administration, Judicial, Public Safety, Corrections and Supervision, Health and Welfare, Education and Culture, Public Transportation, Debt, Contingency and Transfers.
- D. EXPENDITURE ACCOUNT CATERGORIES. Within each department, expenditures are further grouped in the following categories. These categories generally follow the legal level of control for a departmental budget. The following is an example of categories and are subject to change as accounting needs change.
 - Salary/Other Pay/ Benefits
 - Operations
 - Capital
 - Projects
 - Debt
 - Intergovernmental Services/Contracts
 - Contingency
 - Transfers
- E. REVENUE ACCOUNT CATEGORIES. For reporting and budgeting purposes, revenues are grouped into categories. The following is an example of categories and are subject to change as accounting needs change.
 - Property Taxes
 - o Current Taxes
 - o Delinquent Taxes
 - Property Taxes Penalty and Interest
 - Sales Tax
 - Other Taxes
 - Licenses and Permits
 - Intergovernmental Revenues
 - Charges for Services/Fees of Office
 - Charges for Service EMS
 - Fines/Court Costs and Forfeitures
 - Interest Earnings
 - Other Revenues
 - Transfers In

F. MAJOR FUNDS. Major Funds identified for financial reporting purposes are described below.

1. GENERAL FUND. The General Fund is the main operating fund that accounts for most of the financial resources of the county, which may be used for any lawful purpose. The following is a sample of functions and departments found in the General Fund subject to change as accounting needs change.

2. DEBT SERVICE FUND. This fund is created for servicing the payments on outstanding debt. As part of the budget process, a separate tax rate is adopted each year sufficient to pay the annual debt requirements. The only debt outstanding for Walker County is for the 2012 Certificate of Obligation which had an original issue amount of \$20,000,000. This was a 20 year issue with payments beginning in fiscal year 2013 and final maturity in 2032. The primary purpose was construction of new County Jail. Annual debt payments are approximately \$1,375,000.

Debt Service Fund Function: General Government

3. ROAD AND BRIDGE FUND. The purpose of this fund is to account for costs associated with maintenance and repairs of roads and bridges in each of the four precincts. A budget is established for each of the four precincts that also includes the salary and benefits of the commissioner. The majority of funding for the Road and Bridge fund is derived from a combination of revenue sources identified in state statute, as well as ad valorem taxes. There is not a specific tax rate adopted for the Road and Bridge Fund, but is part of the operations tax set by Commissioners Court. Unrestricted monies remaining at the end of the fiscal year in the Road and Bridge Fund are committed to the purposes budgeted and are available for expenditure in the following budget year. The following is a sample of functions and departments found in the Road and Bridge Fund subject to change as accounting needs change.

- 4. EMERGENCY MEDICAL SERVICES (EMS) FUND. The purpose of the EMS fund is to account for costs associated with providing EMS emergency services to Walker
 - County residents. There are also several private sector companies operating within Walker County. These private sector providers do not receive funding from Walker County. Primary sources of revenues for EMS service are user fees and a monetary transfer from the General Fund from monies brought in through the ad valorem operations tax rate. Unrestricted monies at the end of each fiscal year in the EMS Fund are committed to the purpose of providing EMS services.

5. CAPITAL PROJECTS FUNDS. These funds are used to account for capital projects generally paid from the issue of debt. Walker County currently has no Capital Projects Funds. The most recent use of this fund type was for construction of a new County Jail. The balance of the debt issue to fund this construction was spent in the fiscal year ending

September 30, 2016 for improvements at the Justice Center. Currently there are no anticipated debt issues.

- 6. GRANTS AND CONTRACT FUNDS. The County receives numerous grants and also receives funds that are part of the State of Texas General Appropriations Bill for funding of a state-wide Civil and Juvenile unit. The State has contracted with Walker County to administer these funds. Grant funds are set up for the purpose of accounting for specific grants. These funds are not budgeted as part of the annual budget. Budgets for grants are adopted by the Commissioners Court upon acceptance of the grant.
- 7. OTHER GOVERNMENTAL FUNDS. Other governmental funds are generally divided into two types, those that are legislatively designated and those that are committed to account for a specific or committed revenue.
- a. Legislatively Designated Funds. These funds are created to account for the proceeds from specific revenue sources that are restricted to expenditure for specified purposes designated by State Statute. Proceeds from specific restricted revenue sources are the foundation of the fund. The county will disclose the purpose for each legislatively designated special revenue fund.
- b. Other Special Revenue Funds. Transfers from the General Fund are the most common source of revenues for these funds, although specific revenues may be the source of funding as in the case of the Healthy County Initiative Fund. It is the policy of the County Auditor to establish separate funds as may be required/needed for budgeting and accounting for special purpose revenues including, projects, and other revenues for a specific purpose. These funds are budgeted separately, but vary in the reporting in the annual financial report.
 - I. General Projects Fund. This fund is generally funded from the transfer of General Fund revenues. These projects generally span multiple years and/or require contribution from the General Fund over a period of several years. Examples of projects that may be included are large facilities maintenance, facilities renovation projects and software replacement. A separate budget is adopted for this fund. Expenditures are reported in the General Fund financial statements, and the Fund Balance of this fund is identified as committed in the General Fund annual financial report. Funds remain committed to the project for which monies were intended until completion of the project, or other Court action.
 - II. Healthy County Initiative Fund. This fund is funded from monies received from the Texas Association of Counties Rewards Program. This program rewards its members for efforts and success in helping employees enroll and complete various Healthy County Programs sponsored by the Texas Association of Counties Health and Employee Benefits Pool. These monies has been committed by Commissioners Court for programs that address healthy living initiatives for Walker County employees. A separate budget is adopted for this fund. Expenditures are reported in the General Fund financial statements, and the fund balance of this fund is identified as committed in the General Fund annual financial report.
 - 111. Retiree Health Insurance Committed Funds. Monies available at the end of each fiscal year that were budgeted or previously budgeted for retiree health insurance benefits are shown as committed fund balance for that purpose in the fund established for that purpose, or accounted for as a trust if a trust has been established.

The following is a sample of functions and departments found in the Legislatively Designated Fund Grouping subject to change as accounting needs change.

F. FIDUCIARY FUNDS. In addition to the above major governmental funds, the County reports the fiduciary fund types. Agency funds are used to account for assets held by the County as an agent on behalf of various third parties outside of the County. Agency funds held by the County include Adult Probation, the Sheriff Commissary Fund, Walker County Public Safety Communications Center, LEOSE Training Funds for Law Enforcement Officials, Walker County Entergy Transportation TIRZ#l, and various County Officials Trust and Agency Funds. These funds are not included in the annual budget.

XII. FINANCIAL POLICIES - FUND BALANCE

- A. GOVERNMENT AL FUNDS DEFINED. Fund Balance is the difference between current financial assets and current liabilities reported in a governmental fund's financial statement. In governmental funds, only current assets and current liabilities are reported in the financial statements. This means that fund balance is often considered more of a measure of liquidity, than a measure of net worth. Fund balance is the excess of revenues over expenditures over a period of time. In the budget cycle, the beginning fund balance is the amount available from prior years for allocation and expenditure in the current budget and the estimated ending fund balance is the amount that is estimated to be available for allocation in subsequent years.
- B. FUND BALANCE. Walker County shall maintain fund balance in the General Fund to pay expenditures caused by unforeseen emergencies or for shortfalls caused by revenue declines, and to eliminate any short-term borrowing for cash flow purposes.
- C. FUND BALANCE NOT USED TO SUPPORT ON-GOING OPERATION. Fund balance generally shall not be used to support on-going operations. The exception may be specific approval of Commissioners Court during the budget process to bring a cost into the tax rate over a period of years generally not to exceed three years.
- D. FUNDBALANCE USED FOR ONE-TIME COSTS BUDGETED FOR THE FISCAL YEAR. Allocations included in the budget for one-time costs including equipment, vehicles, special projects, contracts or purchases are generally funded by use of fund balance in excess of the county's required minimum fund balance set by this policy.
- D. MINIMUM FUND BALANCE. It shall be the policy of Walker County to maintain a General Fund Balance of generally two to three months cash flow. At a minimum, the goal will be to maintain at least a fund balance in the 16.67% range of the operating costs reflected in the most current General Fund budget. No minimum fund balance is required for other funds of theCounty.
- E. FUND BALANCE CLASSIFICATION. Fund Balances shall be reported in the Financial Statement in compliance with the Governmental Standards Board (GASB) Statement 54. Each fund will be categorized into one of five classifications, which are described below. The county governmentalfund financial statements will present fund balances classified in a hierarchy based on the strength of the constraints governing how those balances can be spent. The presentation is only for purposes of the CAFR and may result in a consolidation of related funds for reporting purposes.
 - 1. Fund classifications are listed below in descending order of restrictiveness:
 - a. Nonspendable: This classification includes amounts that cannot be spent because they: (a) are not in spendable form (e.g., inventories and prepaid items); (b) are not expected to be converted into cash within the current period or at all (e.g., long-term receivables); or (c) are legally or contractually required to be maintained intact.
 - b. Restricted: This classification includes amounts subject to usage constraints that have either been: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Legislatively Designated funds fall in this category.
 - c. Committed: This classification includes amounts that are constrained to use for specific purposes pursuant to formal action of Commissioners Court prior to the end of the fiscal year. These amounts cannot be used for other purposes unless the Court removes or changes the constraints via the same type of action used to initially commit them. A commitment of fund balance requires formal action as to purpose but not as to amount; the latter may be determined and ratified by the Court at a later date. The Road and Bridge Fund, EMS Fund, Other Special Revenue Funds including the General Capital Projects Fund, and Healthy County Initiative generally fall in this category for non-restricted funds.

- d. Assigned: This classification includes amounts intended by the county for use for a specific purpose but which do not qualify for classification as either restricted or committed. The intent can be expressed by Commissioners Court or by the County Auditor or other selected official. An assignment of fund balance implies intent of Commissioners Court.
- e. Unassigned: This classification applies to the residual fund balance of the General Fund and to any deficit fund balances of other governmental funds.
- 2. ORDER OF SPENDING: Where appropriate, Walker County will typically use restricted, committed, and/or assigned fund balances, in that order, prior to using unassigned resources. The County reserves the right to deviate from this general strategy.
- 3. ANNUAL COMMISSIONERS COURT ORDER: Annually during the time frame of August or September, Commissioners Court will adopt an Order classifying how the funds are to be classified in the upcoming financial statements for the fiscal yearend.

XIII. GRANT MANAGEMENT

- A. GRANT APPLICATIONS AND ACCEPTANCE OF GRANTS. Prior to applying for a grant, Department Heads/Elected Officials shall present to Commissioners Court a request to apply for the grant and identify out of pocket or cash requirements. Upon approval, the department or official requesting the grant will complete the application for signature by the County Judge. If the grant application is approved, the county will be notified by the grantor agency of the award, which will require acceptance by the Commissioners Court. Upon acceptance of the Grant, by Commissioners Court, a full copy of the grant application and grant award shall be submitted to the Auditor Department prior to any expenditure or obligation of grant monies.
- B. GRANT COMPLIANCE AND PERFORMANCE REPORTS. The Department Head/Elected Official applying for the grant shall be responsible for ensuring any monies expended meet grant requirements and are within the approved grant budget. The Department Head/Elected Official is responsible for working with the Purchasing Agent to ensure the procurement processes is in compliance with applicable grant requirements.
- C. EXPENDITURES AND FISCAL REPORTING REQUIREMENTS. Department Heads and Elected Officials shall review invoices for payment to ensure the supporting documentation is in compliance with applicable regulations. Grant documentation provided by the receiving department shall provide information as to who is responsible for making requests for reimbursement and fiscal reporting to the granting agency. Amendments to the grant budget shall be the responsibility of the Department Head/Elected Official responsible for receiving the grant.
- D. GRANT BUDGETS. Grant budgets are adopted at the grant level and a budget is accepted/established at the time of receipt of the grant and acceptance by Commissioners Court. Usually grants do not follow the County's fiscal year and are therefore not included as part of the annual budget adoption process or order adopting the county budget. All grant revenues and expenditures are included in the Comprehensive Annual Financial Report (CAFR) and reported on the county's fiscal year.

XIV. CAPITAL IMPROVEMENTS PROGRAM AND CAPITAL BUDGET

- A. CAPITAL IMPROVEMENT PLAN. The County does not have a formalized Capital Improvements Plan. Generally the Capital Improvements Plan is a document with a multi-year plan for capital improvements that is reviewed and updated annually. It is a generally a planning document that over time is funded with debt, grants, fund balance or a combination of sources. Included would be infrastructure improvements or additions, buildings and major software replacements.
- B. ANNUAL BUDGET. During the annual budget process, items that would typically be included as part of a Capital Improvements Plan or Capital Budget are reviewed. The items are most often

presented as supplemental requests and generally have been part of Commissioners Court discussions over a period of time.

- C. OTHER FINANCING PROGRAMS. As the first alternative, the County shall research alternative financing sources including Hazard Mitigation Grants, State and Federal Funds and other grants or funds available for the identified project.
- D. USE OF FUND BALANCE AND COMMITTED FUNDS BEFORE DEBT. After researching sources of external sources of fund, the approach Walker County has used is to next look to fund balance over the minimum fund balance required by policy and committed funds, followed by looking to debt. Projects are often planned over a multi-year period by committing funds to a project each year until sufficient funds are available for the project.
- E. ROAD AND BRIDGE INFRASTRUCTURE. Historically the approach has been to budget a \$600,000 transfer from the General Fund each year to the Road and Bridge Fund from fund balance over the minimum required. Monies available after meeting operating requirements from fines related to a weigh station have been committed to bridge improvements.
- F. SOFTWARE. Software Improvements and replacements are funded by transfers from the fund balance of the General Fund over the required minimum reserves. Prior to purchasing new major software, cloud based alternatives and software as a service options shall be reviewed.
- G. BUILDINGS. The first alternative explored shall be remodeling, updating or expanding the existing structure.
- H. PROJECT LENGTH BUDGET. A budget for a capital project shall be a project length budget. At the end of the fiscal year, the unspent budget shall move forward to the new budget year until the project is completed.
- I. PROJECT MANAGEMENT. Commissioners Court shall assign a project manager to oversee a capital project.
- J. REPORTING. Status reports shall be provided to the Commissioners Court on a capital project by the project manager and financial reporting shall be made available to the Commissioners Court on a regular basis.

FINANCIAL AND BUDGET POLICIES OF WALKER COUNTY

BUDGET POLICIES

- XV. **OVERVIEW OF BUDGET AND BUDGET SCHEDULE.** The budget is a financial plan for a fiscal year that matches all planned revenues and expenditures with the services provided the citizens of Walker County. An annual budget is prepared for each fiscal year and, as described in Local Government Code 111.010, Commissioners Court may only levy taxes in accordance with the budget. For a county the size of Walker County, the County Judge serves as the budget officer of the County. The County Auditor assists the Judge in the budget process. Walker County's budget process begins in April of each year with the County Auditor's office coordinating with the County Judge for the upcoming budget preparation and results with the adoption of the budget and tax rate usually sometime in September. Worksheets are distributed to elected officials and department heads in early May; elected officials and departments prepare their base budgets and supplemental requests in May; in June, the County Auditor prepares the budget work book and revenue estimates and assists the County Judge in preparing the budget he will submit to Commissioner Court for discussion; the Commissioners Court receives the budget the first of July; followed by elected officials and department heads presenting their supplemental requests during budget work sessions; extensive budget work sessions follow continuing throughout July with filing of a proposed budget for public review by August 15th. Following required notices and public hearings a budget and tax rate is adopted.
- XVI. **COUNTY JUDGE AS BUDGET OFFICER.** By state statute, the County Judge serves as the budget officer of the County. The County Judge presents a budget to Commissioners Court for their review to establish the funding level and supplemental requests to be included in the proposed budget. Generally, a base budget at the No-New-Revenue Tax Rate is presented by the County Judge, with recommended additions to the base budget, and the full list of supplemental requests made by the elected officials and department heads. Commissioners Court then prioritizes the requests within the funds available, projected revenues, projected tax revenues available at the No-New-Revenue Tax Rate, and discuss the tax rate that would be required to fund the recommended requests.
- XVII. **BASIS OF BUDGET.** Annual operating budgets shall be adopted on a basis consistent with generally accepted accounting principles as promulgated by the Government Accounting Standards Board with exceptions that depreciation is not included in the budget, capital purchases are budgeted in the year of purchase, un-matured interest on long-term debt is recognized when due, and debt principal is budgeted in the year it is to be paid.
 - A. Governmental Fund Types are budgeted on a modified accrual basis, with exception noted above. Revenues are included in the year they are expected to become measureable and available. Expenditures are included in the budget when they are measurable, a liability has been incurred, and the liability will be liquidated with resources in the budget.
 - B. Capital Projects and General Projects are projects length budgets and are budgeted on a modified accrual basis.
 - C. Proprietary fund types are budgeted generally on an accrual basis with the exceptions noted above. Revenues are budgeted in the year they are expected to be earned and expenses are budgeted in the year the liability is expected to be incurred. The emphasis is to be on cash transactions in lieu of non-cash transactions, such as depreciation. The focus is on the net change in working capital.

- D. The County budgets for all funds except Grants and Contracts in the annual budget. Since all funds currently used in Walker County are Governmental funds, the Basis for Budgeting for all funds is the modified accrual basis of accounting.
- XVIII. **BALANCED BUDGET.** Walker County shall adopt a balanced budget for each fund meaning that budgeted expenditures for a fund may not exceed the balances in those funds as of the first day of the fiscal year plus the anticipated revenue for the fiscal year.
- XIX. STATUTES AFFECTING THE BUDGET PROCESS. Texas State Statutes have much to say about the budget process.
 - 1. The statutes of the State of Texas provide that the amounts budgeted in a fiscal year for expenditures from the various funds of the County may not exceed the balances in those funds as of the first day of the fiscal year, plus the anticipated revenue for the fiscal year as estimated by the County Auditor.
 - 2. In addition, the law provides that the Commissioners' Court may, upon proper application, transfer funds from an existing budget (during the year) to a budget of like kind but no such transfer shall increase the total of the budget.
 - 3. The statutes of the State of Texas require an itemized budget be prepared to allow as clear a comparison as practicable between the proposed budget and actual expenditures for the same or similar purposes that were made for the preceding fiscal year. The budget must contain a complete financial statement of the County that shows:
 - o the outstanding obligations of the County;
 - o the cash on hand to the credit of each fund of the County government;
 - o the funds received from all sources during the preceding year;
 - o the funds available from all sources during the ensuing fiscal year;
 - the estimated revenues available to cover the proposed budget;
 - o the estimated tax rate required to cover the proposed budget.
 - 4. AD VALOREM TAXES. Local Government Code 111.010 states that Commissioners Court may levy taxes only in accordance with the budget.
 - 5. EXPENDITURES OF FUNDS UNDER BUDGET. After final approval of the budget, the Commissioners Court may spend county funds only in strict compliance with the budget except in the event of an emergency [Texas Local Government Code§ 111.010(b)].
- XX. WALKER COUNTY APPROACH TO BUDGETING. The proposed budget shall be prepared using two very distinct categories, base budget (funded from on-going continuing revenues) and one-time items. The starting point for the budget each year shall be the operations budget for the prior year less all one-time allocations. The base budget is to consist of operating costs essential to the running of the office and funded from on-going or continuing revenues sources. The base budget is intended to fund a department with enough money to sustain current operations at the same level of operations as the current year budget. Items not included in the base budget are items such as vehicles, equipment, capital allocations, projects, and other one-time items that were funded from fund balance. A detailed supplemental request form is required to be submitted for all requested changes to the base budget and for any request for one-time items.
- XXI. **CONTINGENCY.** The budget shall include a contingency line item in the General Fund to meet unanticipated expenditures during the budget year. Historically, the amount budgeted is in the \$300,000 range. The monies may be transferred to other line items in the budget only after formal amendment to the budget in an Order adopted by Commissioners Court. In addition, an additional contingency line may be included in the budget to cover legal costs associated with attorney expenses for indigents. The amount generally ranges in the \$500,000 range and are generally reimbursed by the State of Texas.

Financial and Budget Policies Page 23 of 28

- XXII. **PERSONNEL BUDGET.** The annual budget shall include a detail of the number of positions for each fund and department by job classifications and show the total salaries budgeted. A detail of personnel allocation changes from the current year to the adopted budget shall be presented. The pay classifications and pay scale for the County shall be part of the budget.
 - 1. NUMBER OF PERSONNEL. The number of personnel, an elected official, or department head has on the payroll at any one time shall not exceed the number of positions included in the adopted budget for the department. Commissioners Court may approve through official court action the hiring of a temporary position and may fund the temporary position through a formal budget amendment, if necessary.
 - 2. HIRING PROCEDURES AND PLACEMENT OF THE POSITION ON THE SALARY SCALE. The hiring procedures and placement of the employee on the salary scale must be in compliance with the County adopted Personnel Policy and total salaries paid shall not exceed the amount budgeted.
 - a. Prior to advertising a position, the elected official or department head shall communicate with the Human Resources officer in the County Treasurer department about the vacancy and hiring of the position and availability of funds for the position. The amount of pay and employee benefits offered to a new employee must be as outlined in the County adopted personnel rules.
 - b. Elected Officials and department heads shall notify the Human Resources officer in the County Treasurer department immediately of any employee terminations and file the appropriate personnel forms.
 - c. A change of status form shall be reviewed by the County Auditor for budget compliance. Prior to allowing an employee to begin work, all paperwork must have been received by Human Resources in the County Treasurer Office and the elected official or department head shall have received notice that the employee may begin work.
 - 3 AMENDING THE PERSONNEL ALLOCATION. The adopted personnel allocations and budget shall only be amended by formal action of the Commissioners Court.
- XXIII. **EMPLOYEE BENEFITS.** As part of the annual budget, the employee benefit package and costs associated with the benefits shall be part of the budget consideration and supplemental requests shall be prepared for increases or changes in the cost of benefits. A supplemental request is required for any suggested changes in the benefit plan or changes in cost of these benefits.
 - 1. Pension Plan. Walker County participates in the Texas County and District Retirement System (TCDRS). TCDRS provides retirement, disability and death benefits.
 - a. The plan provisions are adopted by the County, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Employees are required to contribute 7% of their pay and the county budget includes funding for a 2.1 to 1 match at an approximate cost of 14% of payroll.
 - b. The County Treasurer and County Auditor shall present to Commissioners Court during the budget cycle information related to the contribution rate and cost for the upcoming year and the County Auditor shall submit a supplemental request outlining any changes in costs. The County shall review the actuarially determined contribution amount as provided by TCDRS each budget year and include funds in the budget or adjust plan benefits if necessary. Historically the county has not underfunded the actuarially determined contribution rate.
 - 2. Health Plan. The county participates in the Texas Association of Counties Health and Employee and Benefits Pool administered by TAC.
 - a. Active Employees. The County budget includes funding for 100% of the cost of

Financial and Budget Policies Page 24 of 28

a full time employee's health insurance. The employee is responsible for any elected dependent coverage or dental coverage.

- b. Retired Employees. The County budget includes funding for 100% of the cost of the coverage for currently retired retirees that met certain conditions at the time of their retirement and that were hired before <u>October 1</u>, <u>2013</u>. Employees hired after October 1, 2013 are not eligible for the retiree health benefit.
- c. Future retiree planning for budgetary impacts. Commissioner Court recognizes that the impact on future budgets for retiree health insurance coverage must be addressed if the benefit is to remain in place. A fund has been put in place to assist with future costs. Future transfers to this fund are at the option of the court.
- d. Base budget. The proposed base budget from on-going revenues shall be submitted to Commissioners Court to include changes in funding needed as employees become eligible for these benefits.
- 3. Workers Compensation Insurance. The County is a member of the Texas Association of Counties Workers Compensation Pool. Rates are established by the Pool and adjusted for experience on an annual basis.
- 4. Social Security/Medicare. The County pays in to the Federal Social Security and Medicare System. Cost is 7.65% of payroll.
- 5. Pay and Pay Classification System. The County adopts the pay classification rates as part of the annual budget review process. All changes to the pay system are presented as a supplemental request during the budget process.
- XXIV. **STATUTORY RESTRICTIONS ON AMENDING THE BUDGET.** Restrictions are placed on the ability of the County to amend the budget in several sections of the Texas Local Government Code including:
 - 1. Commissioners Court may amend the budget from time to time as provided by law for the purposes of authorizing emergency expenditures. [Texas Local Government Code § 111.010(_{C)]}.
 - 2. Commissioners Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention.
 - 3. Commissioners Court by order may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure. [Texas Local Government Code§ 111.0l0(d)].

- 4. Special budgets for grants or aid money received by the county that are not included in this budget shall be certified to the Commissioners Court by the County Auditor and a special budget adopted for the limited purpose of spending the grant or aid money for its intended purpose. [Texas Local Government Code § 111.0106].
- 5. Special budget for revenue received after the start of the fiscal year that are not included in this budget shall be certified to the Commissioners Court by the County Auditor and a special budget will be adopted for the limited purpose of spending the revenues for general purposes or its intended purposes. [Texas Local Government Code§111.0108].
- 6. State Law. State Law will be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.
- XXV. LEGAL LEVEL OF CONTROL. The legal level of budgetary control is the level at which departments may not exceed their budget in a given fiscal year. The legal level of control for Walker County is the category level. Category levels are established in the budget process and include Salary/Other Pay/Benefits, Operations (Supplies, Services and Charges), Capital Expenditures, Projects, Debt, Inter/Intra Governmental Services/Contracts, Contingency and Transfers within the department budget for all funds, with the exception of Grants and Contracts Funds. The legal level of control for these funds is as established by the granting or funding agency.

Example: Fund - General Fund Function - Public Safety Department - Sheriff Expenditure Category - Salaries/Other Pay/Benefits Line Item - Regular Salaries

In the above example, the legal level of control is the expenditure category of Salaries/Other Pay/ Benefits within the Sheriff Department. The elected official or department head may not exceed budget allocations at the category level without a formal budget amendment approved by Commissioners Court.

- XXVI. **CAPITAL PROJECT FUNDS.** At the time, a capital project fund is established, Commissioners Court shall set the original budget at a category or project level they deem appropriate for the project in accordance with the legal requirements set forth in the funding document and for internal control purposes. Any movement between category levels established in the original budget shall require a formal budget amendment approved by Commissioners Court. Prior to beginning a capital project approved in the budget process, the County Auditor shall certify to Commissioner's Court that funds are available for the project. After approval by the Commissioners Court to begin the project, the Commissioners Court or the County Judge will assign a department head, elected official, or Project Manager to review and recommend approval of payment of invoices though the formal approval process.
- XXVII. **BUDGETARY CONTROLS.** Walker County establishes budgetary controls to ensure compliance with Texas State Law and to ensure compliance with the legal provisions embodied in the annual appropriated budget approved by the Commissioners Court. As a method of control, Walker County also maintains an encumbrance accounting system. Available funds are encumbered during the year upon execution of a purchase order, contracts, or other appropriate documents in order to reserve that portion of the applicable appropriation. Outstanding encumbrances lapse at fiscal year-end. Controls also include restrictions on amending the budget.
 - 1. Compliance with Texas State Law and County Policies. Department heads and elected officials may expend money only in compliance with the budget and all purchases must comply with Texas State Law, the County's Procurement Policy, other County Policies, and funds must be available within the legal level of control categories.

- 2. Line Item Level Control. Departments are encouraged to maintain control at the line item level.
- 3. Capital Purchases. No capital item may be purchased unless approved as part of the budget process or through a Commissioners Court approved budget amendment.
- 4. Encumbrance accounting. Encumbrances represent commitments related to unperformed contracts for goods or services. Available funds are encumbered during the year upon execution of purchase orders, contracts, or other appropriate documents in order to reserve that portion of the applicable appropriation. As all encumbrances lapse at year end, those encumbrances (e.g. purchase orders, contracts) outstanding at September 30 must be re-appropriated in the budget of the subsequent year.
- XXVIII. **BUDGET AMENDMENTS.** With the exception of Grant and Contract Funds, Department heads or elected official may, without prior Commissioners Court approval, authorize transfers *within* the budgetary legal level of control with the following exceptions:
 - 1. Salaries/Other Pay/Benefits Category
 - a. Personnel allocations shall not be changed without specific authorization of Commissioners Court.
 - b. When a vacant position is filled with a person making less than the budgeted amount, an account titled "Unallocated Reserves for Pay" will be created. These monies may be allocated to the other employees as long as base pay for every approved position remains. The base budget for the next year will not change. An allocation of these monies to employee pay increases shall not cause an increase in future year's salary and benefits budget.
 - c. Salary and benefit saving, including those due to vacancies shall not be transferred from the Salaries/Other Pay/Benefits category group without a formal budget amendment approved by the commissioners court.
 - 2. Operations Category
 - a. There shall be no obligations made for recurring charges that will affect subsequent years budgets without consent of the Commissioners (cell phones, service contracts, leases, etc).
 - b. There shall be no transfers that will adversely impact the budget for the remainder of the fiscal year.
 - 3. Capital. There shall be no transfers made for the purpose of purchasing capital items without a formal budget amendment approved by Commissioners Court. Additions or replacements to the fleet or purchase or replacement of capital items (cost> \$5,000) shall not occur unless the capital purchase was approved in the budget process or with specific approval of a budget amendment by the Commissioners Court.
 - 4. Centralized Costs/Nondepartmental Costs. The County Judge shall have the authority to authorize expenditures in the Centralized Costs and Nondepartmental budgets and to transfer amounts between line items within the constraint above with the exception of the contingency line item. Transfers of contingency funds will require approval of the Commissioners Court.
 - 5. One-Time Allocations. Commissioners Court approved contingency transfers, special, or one-time allocations approved shall not be spent for other than their designated purpose and cannot be transferred to another line item without prior approval of Commissioners Court.
 - 6. Intergovernmental Services/Contracts. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.

Financial and Budget Policies Page 27 of 28

- 7. Transfers. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
- 8. Projects. These monies shall not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court.
- 9. Debt. These monies shall not be spent for any purpose other than their specifically designated purpose.
- 10. Capital Projects Budget. Changes to Capital Projects Budget require a formal budget amendment by Commissioners Court. Change orders shall be approved by Commissioners Court.
- 11. State Law. State Law shall be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.
- 12. Unplanned Revenues. In the event of unplanned revenues, expenditures associated with the unplanned revenues shall occur only after a formal amendment to the budget is approved by Commissioners Court.
- 13. Contingency. Commissioners Court approval is required for any transfer from contingency and requires a formal budget amendment. Department heads and elected officials may request a transfer from contingency funds only after a review of departmental budgeted funds and shall justify the unplanned expenditure to the Commissioners Court for the proposed expenditure. Commissioners Court may review the departmental budget.
- 14. County Auditor Review Budget Amendments: The County Auditor shall review all budget amendments to assure that the transfer will not adversely impact the budget for the remainder of the fiscal year or require increases in future years. After review by the County Auditor, all budget amendments requiring Commissioners Court approval will be forwarded for review at a following scheduled meeting. The Department will be notified when the transfer is approved and entered into the financial system.

(1) Debt Outstanding provided by the Taxing Jurisdiction

(2) All entities listed above are within the boundaries of Walker County. Thus, 100% of the debt of these governmental units is included in the estimated share of overlapping debt calculation. Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the county. This schedule estimates the portion of the debt of these entities that is borne by the residents and businesses of Walker County. This process recognizes that, when considering the government's ability to issue debt and repay long term debt, the entire debt cost borne by the residents and businesses should be taken into account. However, this does not imply that

every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

Walker County Adopted Budget Fiscal Year 2021-2022 Glossary of Terms

Account: Financial reporting unit for budget, management or accounting purposes. A revenue or expense that has occurred but not yet been recorded at the end of accounting period.

Accounting System: The total set of records and procedures, which are used to record, classify, and report information on the financial status and operations of an entity.

Accrual: The recognition of a transaction at the time it occurs, as opposed to when cash is spent or received.

Accrual Basis of Accounting: The basis of accounting whereby revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Also all assets and all liabilities associated with operation of these funds are included on the balance sheet. Fund equity is segregated into contributed capital and retained earnings components. This form of accounting is used for Proprietary Fund Types.

Adopted Budget: The budget amounts as originally approved by the Walker County Commissioners' Court.

Ad Valorem Taxes: Commonly referred to as property taxes, are levied on both real and personal property in proportion to the value of the property according to the property's valuation set by the Appraisal District and the tax rate set by the County. *Ad valorem* is a Latin term meaning "according to value."

Allocation: A part of lump sum appropriation which is designated for expenditure by specific organization units and/or for special purposed, activities or objects.

Amended Budget: A budget that includes changes to the adopted budget that has been approved by the Commissioners' Court.

Appropriation: An appropriation is a legal authorization to incur obligations and to make expenditures for specific purposes

Assessed Valuation: An estimated value placed upon real and personal property by the appraisal district as the basis for levying property taxes.

Assets: Property owned by the County that has monetary value.

Audit: An official examination of the County's utilization of resources. The Audit systematically tests County Management's internal accounting controls and is intended to verify the financial position of the County and the legality of transactions. The Audit identifies improvements made and required in accounting systems and certifies the proper management of funds by the County Officials responsible. Walker County contracts for an audit to be performed each year.

Authorized Positions: All positions authorized by the Commissioners Court for each office and department. This includes both full time and part time positions.

Available Fund Balance: The cash remaining from the prior year, which is available for appropriation and expenditure in the current year.

Balanced Budget: According to GAAP a balanced budget is one in which the total expenditures do not exceed the total resources, or total estimated revenues plus reserves.

Base Budget: Ongoing expense for personnel and maintenance and operations required to maintain service levels previously authorized by the Commissioners Court. In Walker County the budget less one-time appropriations (such as capital items or equipment purchases) is referred to as the base budget.

Bond: Bonds are used as long term debt instruments to pay for capital expenditures. A bond is a debt investment, with which the investor loans money to an entity (the County) with written promise to pay a specified sum of money (principal) at a specific future date (maturity data), as well as periodic interest paid at a specified percentage of the principal (interest rate).

Bond Rating: The credit worthiness of a government as evaluated by independent agencies.

Budget (Operating): A comprehensive financial plan of operations, which attempts to allocate limited revenues among competing expenditure requirements for a given period and consists of proposed expenditures and an estimate of revenues for a fiscal year. The term is also used to identify the officially approved expenditure levels under which the County and its offices and departments operate.

Budget Amendment: A budget amendment changes the authorized level of funding for an organization or line item account code, which increases the total budget. Ideally, amendments increase total revenues and total expenditures by and equal amount. Amendments are made only with Commissioners' Court Approval.

Budget Calendar: The schedule of key or target dates, which the County follows in the preparation and adoption of the budget.

Budget Categories: The accumulation of line items of similar use into broader groups to allow more efficient management of the budget by office holders or department managers. In the Walker County budget, the categories are:

Salaries/Other Pay/Benefits Operations Capital Projects Debt Inter-Governmental Services/Contracts Transfers

Within categories, with some exceptions, a manager may transfer money from one account to another without court approval.

Budgetary Control: The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Budget Document: The instrument used by the Budget Officer to present a comprehensive financial program to Commissioners Court.

Budget Message: The general discussion of the proposed budget presented in writing as a part of or supplement to the budget document. The message explains principle budget issues against the background of financial experience.

Budgetary Trends: Revenues and expenditure growth trends based on past experience.

Capital Assets (Fixed Assets): Assets of significant value, which have a useful life of over one year, and by policy cost \$5000 or more.

Capital: The expenditure group used to fund capital outlay purchases such as furniture, computers, vehicles and equipment. Purchases made from the capital expenditures group become fixed assets of the County.

Capital Expenditures: The expenditure group used to fund capital outlay purchases typically such items as major computer equipment, vehicles, heavy equipment, furniture and fixtures, buildings, roads, and bridges. A capital expenditure is incurred the expense adds value to an existing fixed asset with a useful life extending beyond the taxable year.

Capital Improvements Program (CIP): The comprehensive presentation of capital project expenditure estimates, finding requirements, capital budget requests, and program data for the construction of public buildings, roads, and other facilities planned by county agencies usually over a five or six-year period. The CIP constitutes both a fiscal plan for proposed project expenditures and funding, and includes the annual capital budget for appropriations to fund project activity during the first fiscal year of the plan.

Capital Outlays: Expenditures for the acquisition of fixed assets, which have a value of \$5,000 or more and have a useful economic lifetime of more than one year. This includes the cost of land, buildings, permanent improvements, machinery, large tools, and equipment.

Capital Project: Governmental effort involving expenditures and funding for the creation, expansion, renovation or replacement of permanent facilities and other public assets having relatively long life. Expenditures within capital projects may include costs for the planning, design, and construction management as well as land, site improvements, utilities construction, and the initial furnishings and equipment required to make facility operational.

Capital Project Fund: One or more funds used to account for the financial resources designated for major capital acquisitions and construction of major capital improvements, and/or acquisition of major equipment. Separate funds are required for each capital project per GAAP.

Carry Forward Balance: The amount of excess revenues over expenditures within the same County Fund that are transferred from one fiscal year to the next. Except for Project Funds and Capital Projects budgeted on a project length basis, and Grant Funds budgeted for a grant period, most carry forward funds are held in the Fund Balance account, since all appropriations lapse at year end.

Cash Management: The management of cash necessary to fund government services, through investing temporarily unneeded cash to earn interest revenue. Cash management involves the forecasting of cash receipts and disbursements, maximizing investable cash through timing of disbursements, establishing and maintaining bank depository arrangements, and investing available cash to maximize interest earnings after considering safety and liquidity needs.

Certificate of Deposit: A negotiable or non-negotiable receipt for monies deposited in a bank or other financial institution for a specified time period and a specified interest rate.

Certificate of Obligation: An alternative form of financing to bonds. Interest rates for Certificates of Obligation are periodically restructured. The County historically uses Certificates of Obligation to fund major projects, such as jail expansion, the costs related to jail construction, etc.

Chapter 59 Forfeiture: Property that is contraband is subject to seizure and forfeiture that have been awarded to the governmental agency by the judicial system under Texas Code of Criminal Procedures, Chapter 59 – Forfeiture of Contraband.

Compensation: Payment made to employees in return for services performed. Total compensation includes salaries, wages, employee benefits (Social Security, employer-paid insurance premiums, and retirement contributions), and other forms of remuneration when these have a stated value.

Contingency: A budgetary reserve set aside for emergencies or unforeseen expenditures.

Cost of Living Adjustment (COLA): An "across the board" increase in wages for all positions, which is set on a percentage or flat amount within the budget established by the Commissioners Court.

Current Taxes: Property taxes that are levied and due within one year.

Debt Limit: The statutory or constitutional maximum debt that the County can legally incur.

Debt Service: The obligation to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

Delinquent Taxes: Property taxes, which are unpaid after the due date, in which a penalty is assessed for non-payment.

Department: A major administrative division of the County, which indicates overall management responsibility for the operation of a group of related functions, such as sheriff or county clerk. In county government, most department heads are elected.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, physical elements, inadequacy, or obsolescence. Depreciation is also the portion of the cost of a capital asset, which is charged as an expense during a particular accounting period.

Effective Tax Rate: That tax rate which will generate the same amount of tax revenue on the same tax base in the next fiscal year as in the current fiscal year.

Employee Benefits: For budgeting purposes, employee (fringe) benefits are payments by the employer for Social Security, retirement and group insurance.

Encumbrances: Obligations in the form of purchase orders, contracts, or salary commitments that are reserved in specified appropriations. The commitment of appropriated funds to purchase an item or service. Encumbrances cease to exist when paid or when an actual liability is established. Encumbrances lapse at fiscal year-end.

Enterprise Fund: Account used to properly record activities which provide primarily to the public on a charge basis.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Expenditure Group: A grouping of like expenditures used to exercise budgetary control. For example, the Salary/Other Pay/Benefits category group includes salaries, social security and Medicare, retirement, group health insurance, worker's comp insurance and unemployment. An office or department can over run an individual line item as long as the expenditure group remains within the budget.

Expenditures: The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expenditures by Function:

General Government – Activities associated with the general operations of the county including the oversight, operating systems, records management, elections, and county facility maintenance. Examples include County Judge, Commissioners Court, County Clerk, and Information Technology.

Financial Administration – Activities associated with finances, collections/compliance, purchasing, human resources, and vehicle registrations. Examples include County Auditor, County Treasurer, Purchasing, and Vehicle Registration.

Judicial – Activities associated with providing judicial court services. Examples include County Court at Law, District Clerk, Justice Courts, District Courts, Criminal District Attorney, and Juvenile Probation.

Public Safety – Activities associated with the protection of persons and property, emergency operations, and serving judicial documents. Examples include Sheriff's Office, Courthouse Security, Emergency Operations, and Constables.

Corrections and Supervision – Activities associated with providing incarceration services and probation services. Examples include Jail Operations and Adult Probation.

Health and Welfare – Activities associated with providing welfare related services and litter control. Also includes activities for active senior adults, and health services for children. Examples include Veteran Services, CPS, and contracts including the Senior Center, Boys and Girls Club, YMCA etc.

Education and Culture – Activities associated with providing education in areas of agriculture, adult life skills, and history of the County. Other activities include providing limited-resource families with knowledge, skills and behaviors to maximize their quality of life. Examples include Agriculture Extension and Historical Commission.

Roads, Bridges, and Transportation – Activities associated with providing a road and bridge system to the county. Examples include Road and Bridge.

Debt Service – Activities associated with the repayment of principal and interest on debt. Examples include debt service payments.

Capital Outlay – Activities associated with the acquisition of fixed assets, which have a value of \$5,000 or more and have a useful economic lifetime of more than one year. This includes the cost of land, buildings, permanent improvements, machinery, large tools, and equipment.

Unclassified – Activities associated with multiple functional areas or not associated to a functional area. Examples include General Fund Transfers Out.

Fee (Fees of Office): Revenue charged or charged for services by various county departments to provide a service to the public or another governmental entity.

Fiduciary: A person legally appointed and authorized to hold assets in trust for another person. The fiduciary manages the assets for the benefit of the other person rather than for his or her own profit.

Fiduciary Fund: Contain resources held by a government but belonging to individuals or other entities other than the government, such as a trust fund.

Fiscal Policy: The County's policies with respect to revenues, expenditures, and debt management as these relate to county services, programs, and capital investments. A fiscal policy provides a set of principles for the planning and programming of budgets, uses of revenues, and financial management.

Fiscal Year (FY): The time period designated by the County signifying the beginning and the ending periods for recording financial transactions. Walker County has designated October 1 to September 30 as its fiscal year.

FTE: Acronym for the term "Full-Time Equivalent", used when providing fractional counts for part-time personnel. (i.e., "1 representing a full-time employee working 40 hours each week and ".5" representing a part-time employee working 20 hours each week.

Function: A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible. (e.g., public safety, general administration, judicial)

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts, identifiable revenue sources and expenditures. Funds are segregated for the purpose of completing specific activities or attaining certain objectives.

Fund Balance: An excess of an entity's revenues over expenditures and encumbrances over a period of time.

GASB 34: Statement 34, issued in June 1999 by the Governmental Accounting Standards Board (GASB), is one of the most comprehensive standards in the history of governmental accounting. The Statement establishes new financial reporting requirements for state and local governments, creates new information and restructures much of the information that governments have presented in the past. GASB 34 was developed to make annual reports more comprehensive and easier to read.

Generally Accepted Accounting Principles (GAAP): Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

General Fund: The largest fund within the County, the General Fund accounts for most of the financial resources of the government, which may be used for any lawful purpose. General Fund revenues include property taxes, charges of services, fines and forfeitures, inter-governmental revenue and other miscellaneous types of revenue. The General Fund includes most of the basic operating services, such as the Sheriff's Office, Jail, Judicial System, Information Technology, Constables, and Justices of the Peace.

General Obligation Bond: General Obligation Bonds must be authorized by public referenda. Bonds become General Obligation Bonds when the County pledges its full faith and credit to the repayment of the issued bonds.

Goal: A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Governmental Accounting Standards Board (GASB): The board responsible for establishing and improving standards of state and local governmental accounting and financial reporting.

Governmental Fund: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government wide financial statements.

Grant: A payment from one level of government to another or from a private organization to a government. Grants may be classified as either operational or capital and are made for specified purposes and must be spent only for that purpose. Because grants are presented to the Commissioners' Court throughout the year, the grant budgets and accountings are maintained separately from this document.

Homestead: A homestead can be a separate structure, condominium, or a mobile home located on owned or leased land so long as the individual living in the home owns it.

Homestead Exemption: Homestead exemptions remove part of a home's value from taxation in order to lower property taxes. For example, if your home is appraised at \$50,000, and you qualify for a \$15,000 exemption, you will pay taxes on the home as if was worth only \$35,000.

Incremental Funding: The provision of budgetary resources for a program or project based on obligations estimated to be incurred within a fiscal year when such budgetary resources will cover only a portion of the obligations to be incurred in completing the program or project as programmed.

Indigent Population: All county residents whose total combined sources of income are low enough to categorize them as living in poverty according to federal guidelines.

Infrastructure: Public domain fixed assets such as roads, bridges, curbs and gutters and similar assets that are immovable and are of value to the governmental unit.

Interest and Sinking Rate (I&S): The amount of principal and interest that will be paid to service the unit's debts in the next year from property tax revenue, including payments of lawfully incurred contractual obligations providing security for the payment of the principal of and interest on bonds and other evidences of indebtedness issued on behalf of the unit by another political subdivision.

Interfund Transfers: The movement of monies between funds of the same governmental entity.

Intergovernmental Grant: A contribution of assets by one governmental unit to another. In most cases the grants are made to local governments from the State and/or Federal Governments. Intergovernmental grants are usually made for specified purposes.

Internal Service Fund: Funds utilized to account for the financing of goods and services provided by one department or office to other departments or offices within a government.

Investment: Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals, or base payments received.

Liability: Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date. A liability does not include encumbrances.

Line Item: A specific expenditure category within an agency budget, e.g., rent, travel, postage, printing, etc.

Long Term Debt: Debt with maturity of more than one year after the date of issuance.

Longevity: A benefit provided to reward employees for continued and uninterrupted employment with the County. The benefit is awarded after completing 5 or more years of full-time service and maxes out after 20 years of service.

Operations: The expenditure group that includes all payments for commodities and low value assets. Examples of line items in this group include office supplies, small tools, software, and uniforms.

Major Fund: Funds used to account for the governments' financial activities. In a budget document, a fund whose revenues or expenditures, excluding other financing sources and uses, constitutes more than ten (10) percent of revenues or expenditures of the appropriated budget. This definition differs from GAAP external reporting purposes, where in the comprehensive annual financial report (CAFR) major funds relate to funds whose revenues, expenditures, assets, or liabilities are at least ten (10) percent of corresponding totals for all governmental or enterprise funds and at least five (5) percent of the aggregate amount for the same item.

Maturities: The dates on which the principal or stated values of investments of debt obligations mature and may be reclaimed.

Mission: The desirable end result of any activity. Missions are generally broad and long range in nature compared to goals, which are more specific and immediate. An example of a mission is: "to provide safe, reliable, and cost-efficient public transportation to the residents of the county."

Modified Accrual Basis Accounting: This basis of accounting requires that revenues are recorded when susceptible to accrual (i.e. when they are measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers all revenues available if they are collected within 60 days of year-end. Expenditures are recorded when the related Fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences, claims, and judgements which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Property taxes, licenses, and interest are susceptible to accrual. Sales taxes collected by the State and held by the State at year-end on behalf of the County are also recognized as revenue. Entitlements are shared revenues are recorded at the time of receipt or earlier if the susceptibility to accrual criteria is met. Operating grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Governmental fund types use the modified accrual basis of accounting. These fund types consist of the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds.

Operating Funds: Resources derived from recurring revenue sources used to finance ongoing operating expenditures and "pay as you go" capital projects.

Per Capita Debt: The amount of municipal debt divided by the population within the issuer's political jurisdiction. It is used as an indication of the issuer's general obligation debt burden.

Personnel Costs: Expenditures made for salaries, wages, and benefits payable to county employees.

Policy: A course of action designed to set parameters for decisions and actions.

Principal: The face value of a bond, payable on stated dates of maturity.

Proprietary Fund: Fund that is used to report activities financed primarily by revenues generated by the activities themselves, and thus referred to as business-like activities of the county.

Purchase Order: A document which authorizes the delivery of specified merchandise or the rendering of certain services and the making of a charge for them.

Reserve: An account used to indicate that parts of a fund's assets are reserved for a specific purpose.

Resources: Total dollars available for appropriations including estimated revenues, fund transfers, and beginning fund balances.

Revenue: The funds collected by a government.

Revenue Estimate: A formal estimate of how much revenue will be earned from a specific revenue source for some future period.

Risk Management: An organized attempt to protect a government's assets against accidental loss.

ROW: Right of Way

Special Revenue Funds: The funds used to account for specific revenue sources (other than for capital projects) that are legally restricted to expenditures for specified purposes. These legal restrictions can come from outside the County or from Commissioners' Court.

Tax Levy: The total amount to be raised by general property taxes for operating and debt service purposes.

Supplemental Requests: Requests submitted by departments during the budget preparation period to change the level of service. Generally, these requests are for additional resources including personnel.

Tax Rate: The amount of tax levied for each \$100 of assessed valuation.

Transfers In/Out: Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

2021 Tax Rate Calculation Worksheet

Walker County - County General Fund

No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

1.	2020 total taxable value. Enter the amount of 2020 taxable value on the 2020 tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$4,686,311,707

Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- 1. **Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- 2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue. This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Voter-Approval Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voterapproval tax rate before the unused increment rate for the prior three years. ³⁹ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

The difference between the adopted tax rate and voter-approval tax rate is considered zero in the following scenarios:

- a tax year before 2020;⁴⁰
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴¹ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴²

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴³

Tax Levy:	This is calculated by taking the adjusted taxable value (line 21 of No-New-Revenue Tax Rate Worksheet), multiplying by the appropriate rate, such as the No-New-Revenue Tax Rate and dividing by 100.
	For School Districts: This is calculated by taking the adjusted taxable value (line 34 of the Voter-Approval Tax Rate Worksheet), multiplying by the appropriate rate, dividing by 100 and then adding this year's frozen tax levy on homesteads of the elderly.
Additional Levy Last Year:	This is calculated by taking Last Year's taxable value (line 3 of No-New-Revenue Tax Rate Worksheet), multiplying by Last Year's tax rate (line 4 of No-New-Revenue Tax Rate Worksheet) and dividing by 100.
	For School Districts: This is calculated by taking Last Year's taxable value, subtracting Last Year's taxable value for the elderly, multiplying by Last Year's tax rate, dividing by 100 and adding Last Year's tax ceiling.
Additional Levy This Year:	This is calculated by taking the current adjusted taxable value, multiplying by the No-New-Revenue Tax Rate and dividing by 100.
	For School Districts: This is calculated by taking the adjusted taxable value (line 34 of the Voter-Approval Tax Rate Worksheet), multiplying by the No-New-Revenue Tax Rate, dividing by 100 and adding This Year's tax ceiling.
COUNTIES ONLY:	All figures in this worksheet include ALL County Funds. Tax Levy amounts are the sum of each Fund's Taxable Value X each Fund's Tax Rate.
