COUNTY OF WALKER	§

### INTERLOCAL AGREEMENT BETWEEN WALKER COUNTY, GRIMES COUNTY, AND MADISON COUNTY

This Agreement is made and entered into by and between Walker County, Texas, a political subdivision of the State of Texas, acting by and through its Commissioners Court (hereafter "Walker") and Grimes County, Texas, a political subdivision of the State of Texas, acting by and through its Commissioners Court (hereafter "Grimes"), and Madison County, Texas, a political subdivision of the State of Texas, acting by and through its Commissioners Court (hereafter "Grimes"), and Madison County, Texas, a political subdivision of the State of Texas, acting by and through its Commissioners Court (hereafter "Madison").

WHEREAS, the Texas Legislature created the 12th District Court for Walker, Grimes, and Madison Counties; and

WHEREAS, the parties recognize that the creation of the 12th District Court requires the combined efforts of the parties to provide for the salaries, benefits, travel, training, and related expenses, including court management software, for court personnel and offices; and

WHEREAS, Walker, Grimes, and Madison have determined that it is in the best interest of the public that the parties enter into this Agreement to provide for funding of the court personnel and offices;

NOW THEREFORE, it is mutually agreed by and between Walker, Grimes, and Madison as follows:

1. The term of this Agreement is October 1, 2025, through September 30, 2026.

2. The salaries and benefits for the 12th District Court Administrator and Coordinator will be paid through Walker, in accordance with the Walker County Personnel Policy.

3. Costs for travel, training, and related expenses of the 12th District Court Administrator and Coordinator will be paid through Walker, in accordance with the Walker County Personnel Policy.

4. Grimes and Madison will allocate, during their respective budgetary processes, funding for a proportionate share of the cost for salaries, benefits, travel, training, and related expenses, including court management software, for the 12th District Court Administrator and Coordinator.

5. The parties agree that a reasonably proportionate share of the costs of Grimes and Madison is equivalent to the proportion of the population of each of the two counties to the total population of the three counties contained within the 12th District Court. Such proportionate share for Grimes is 25.52%. Such proportionate share for Madison is 10.59%. Walker's percentage of the population of the three counties is 63.89%.

6. Grimes and Madison will remit their share of the cost for salaries, benefits, travel, training, and related expenses for the 12th District Court Administrator and Coordinator invoiced by Walker.

This instrument contains the entire Agreement between the parties relating to the rights granted and obligations assumed. Any oral representations or modifications concerning this instrument shall be of no force or effect. Amendments to this Agreement must be in writing and signed by all parties.

This Agreement may be executed in one or more counterparts, each of which is an original, and all of which constitute only one agreement between the parties.

## **Proposal to Commissioners Court**

Subject: Proposal to Update the Schedule of Rates for Foster Children in Walker County

**Submitted By:** Walker County Child Welfare Board **Contact:** Yesenia Arizaga, Chair **Date:** July 8, 2025

## 1. Executive Summary

This proposal seeks approval from the Commissioners Court to update the reimbursement rates for the care of foster children in Walker County. The current rate structure has not been revised since 2008. Considering significant increases in the cost of living over the past 17 years—including food, transportation, and housing expenses—we recommend a rate adjustment to ensure foster caregivers are supported in providing stable, quality care.

## 2. Background / Need

The Walker County Child Welfare Board oversees the support and supplemental needs of children in foster care. The county's current reimbursement rates were established in 2008 and have remained unchanged despite economic inflation and increasing child-rearing costs.

National and state data reflect a consistent rise in the cost of living, with inflation increasing by more than 45% since 2008. Updated rates will help ensure that foster caregivers are able to meet essential needs, such as food, clothing, school supplies, and extracurricular participation.

## 3. Proposal / Request

The Walker County Child Welfare Board respectfully requests that the Commissioners Court approve the following:

- An updated Schedule of Rates for foster children, as detailed in the attached rate chart
- That these updated rates become effective as soon as possible.
- That the rates be reviewed every 3–5 years to remain in alignment with economic conditions

# 4. Justification / Benefits

Updating the foster care support rates will:

- Align financial support with current cost-of-living conditions
- Support foster parents in providing consistent, high-quality care
- Encourage foster family retention and recruitment
- Promote equitable support for children in care, improving their well-being and outcomes

# MARTIN ASPHALT POLYMER MODIFIED CONCRETE JOINT SEALANT

Martin Asphalt is a concrete joint sealant made with a unique blend of asphalts enriched with high-grade polymer. Available in convenient strips, Martin Asphalt is a preformed, ready-to-use, flexible gasket that provides an excellent seal for concrete pipes, culverts, manholes and other precast concrete joints.

#### MEETS STATE AND FEDERAL REQUIREMENTS

Martin Asphalt meets or exceeds all requirements of ASTM C 990, U.S. Federal Specifications SS-S-210A, Type 1, Rope Form and AASHTO Designation M-198 75 I, Type B. Certified to meet or exceed highway department specifications.

#### SAFE PREPARATION

Concrete surfaces to which sealant is to be applied must be clean and dry. Remove all mud, dirt, grease, oil and loose particles.

### APPLICATION

Remove release paper from one side of sealant. Leave the outside paper in place to protect the sealant from contamination and stretching. Attach the sealant endto-end to the leading edge of the tongue or groove of each pipe joint until a continuous gasket is established around the entire circumference of the pipe joint. Press material firmly into place through the outside paper. Remove the outside paper just prior to jointing the pipe. Avoid contaminating the exposed sealant with any foreign materials. Any contaminated sealant should be removed and replaced. Do not disturb the gasket placement. Any displaced sealant should be repositioned prior to jointing the pipes.

Read pipe manufacturer's instructions for proper pipe jointing procedures. The trench can be backfilled as soon as the joining process has been completed.

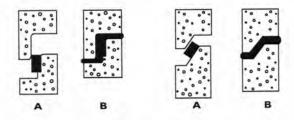

#### ADVANTAGES

A polymer modified sealant, Martin Asphalt offers significant advantages over non-modified sealants:

- 60% more adhesive strength
- · 366% more cohesive strength
- Greater elasticity
- · 40% higher ductility
- Consistent performance over a wider range of temperatures
- Provides watertight seal
- · For concrete joints of all sizes and shapes
- Extruded strips for easy application
- Available in standard sizes and lengths
- Asbestos free
- Odorless
- 100% solids
- No primer necessary
- No shrinkage

# Walker County Clerk

# Records Management & Archive Plan

# Records Archival Fee Vital Records Fee Records Management & Preservation Fee Records Management Court Records Fee Prepared by: Kari A. French, Walker County Clerk

#### <u>Approved Commissioners Court</u> <u>August, 2011 / Revised 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023</u> 2024, Pending 2025.

Pursuant to Section 203.005 of the Local Government Code, The Walker County Clerk sets forth the following as Records Management and Archive Plan. The purpose of the plan is to set the process by which records will be preserved and made available to the public. Pursuant to Section 203.041 (a) (2) of the Local Government Code, The Walker County Clerk declares compliance with the Records Scheduling Requirement of the Texas State Library and Archives Commission by adopting records control schedules as of January 31, 2011.

#### **Executive Summary**

The majority of records maintained by the County Clerk's office are paper-based and accessed daily by the public. These documents are vital and must be protected against deterioration, theft, and the wear and tear associated with frequent handling. Effective records management requires careful attention to retention schedules, preservation strategies, replacement procedures, and long-term archival methods. These elements are critical to ensuring that important documents remain accessible and intact for future generations.

Most of the permanent records in the Clerk's office fall into this category and are therefore at risk. However, through a well-structured Records Management Program, supported by an Archival Restoration and Preservation Management Plan, these challenges can be addressed without financial impact to the County. By utilizing existing archive fees, we can fund the scanning of paper-based documents and the encapsulation of handwritten records—ensuring their long-term preservation. Moreover, digitized images can be integrated into the County's current imaging system, significantly enhancing customer service by expanding online access to a broader range of historical documents.

#### Just a Bit of Walker County History

Since its inception in 1846, the Walker County Clerk's Office has served as the official repository for over 40 types of documents relating to all aspects of life. The methods of recording have evolved significantly over time:

- 1846: Records were handwritten.
- 1909: Typing of records began.
- 1962: Most records were converted to microfilm.
- 1969: Computers were introduced, and systematic indexing commenced.
- 2013: Preservation and digitization efforts became a primary focus.
- 2024: Technology and security of records became a primary focus.

Over the years, Walker County has been served by five courthouses. Two were torn down due to defective foundations, and two were destroyed by fire. Remarkably, no "valuable" records were lost in these incidents, thanks to the foresight of storing them in fireproof vaults.

#### **Founding Milestones**

- July 27, 1846: The first session of the County Commissioners Court was held.
  - Chief Justice: Milton Estill
  - County Clerk: Isaac McGary

• County Commissioners: James Mitchell, Benjamin W. Robinson, Elijah Collard, and D. J. Tucker The Courthouse site was generously donated by Pleasant Gray and his wife.

#### Plan Summary

The purpose of this document is to outline the County Clerk's Office's restoration and preservation plans for the upcoming fiscal year. For many years, the office has actively worked to preserve and restore vital records—efforts that are essential to protecting historical documents from deterioration and ensuring their longevity. The ultimate goal is to digitize all permanent records. This will make them more accessible to the public while minimizing the handling of original documents, thereby reducing the risk of damage.

To support this initiative, the County Clerk's Office has prepared a comprehensive inventory of all records. This inventory identifies each record by type (e.g., book, paper, or film), the desired digitized format, and the applicable retention period. Records with a short retention period will not be digitized; instead, they will be destroyed in accordance with the Texas State Library retention rules.

#### **Budget and Expenditures**

Preservation and restoration activities are funded through a records archive fee, as authorized by Chapter 118.025 of the Texas Local Government Code. These dedicated funds support ongoing efforts to maintain and improve the integrity and accessibility of official records.

#### Goals and Vision

The County Clerk's Office aims to modernize and enhance its records management systems by eliminating manual searches and reducing the handling of physical documents. The plan includes preserving, restoring, and retaining historically valuable records in their original form, while also converting all paper documents to a secure digital format. This initiative will streamline search processes, improve public access, and provide a reliable backup system for disaster recovery.

#### **Projects Completed or in Progress**

- Phase I of the County Clerk Preservation and Digitization project is complete and available for public view in the Deed Room & online. (1846-1942) Map Restoration & Deed Records thru 100
- Phase II of the County Clerk Preservation and Digitization project is complete and available for public view in the Deed Room & online. (1943-1972.) Deed Records 101-195, Mortgage Records & Deeds of Trust
- Phase II of the County Clerk Preservation and Digitization project is complete and available for public view in the Deed Room & online. (1846-1972) Probate Minutes, Commissioner Court Minutes, Deeds of Trust, Mechanics Liens, Cattle Brands, Judgement Records.
- Walker County Commissioner's Court records are digital from 1846 to current.
- Death and Marriage Records scanning in process.
- Fees have been "audited" and are all in compliance as of 1/1/2024.
- Indexing from 1846-1960 is in progress.
- Commissioner Court back-up organization is in progress.
- Delayed Birth records are being reviewed and digitized as well as their index.
- Clean up of Case Management files is also in progress.

#### **Present Inventory of Records**

Currently the office maintains records in three mediums. The first is paper which consists of books and file folders with paper. Second is microfilm and the third is digitized images. The County Clerk has records dating back to 1846. Prior to 1986 the records were separated by volumes, Mechanic's Lien, Deed Record, Deed of Trust, etc. Now they are filed in as Official Public Record.

#### Records Management – Local Government Code Section; 118.0216

Background (Statutory History) - The County Clerk Records Management authorizes the Clerk to collect a fee not to exceed \$10.00 for non-court-related services. Designated for deposit into the Records Management Fund and is to be used "only" for specific management and preservation, including automation.

#### <u>Summary</u>

The County Clerk's Office remains committed to the preservation and maintenance of official records through the continued use of the Records Management and Archive Fee. These dedicated funds support the strategic implementation of a phased Archive Plan, which ensures responsible stewardship and long-term accessibility of historical and legal documents. Revenue collected and not expended within the current fiscal year will be carried forward to satisfy outstanding obligations associated with the ongoing project phase. Upon fulfillment of those commitments, the office will evaluate and prioritize additional records and documents for subsequent phases. Each phase of the Archive Plan will be executed as sufficient funds are accrued and deposited into the County Clerk's special revenue account. This phased approach allows for the preservation of original records, optimization of public records storage space, enhancement of customer service, and the modernization of the Clerk's Office through the adoption of current technologies.

	Liberty requests that the roads within the 911ac Ranches at Huntsville development
	deviate from the Local Low Volume Street Section of 2" Hot Mix Asphalt (HMA) design.
	In lieu of HMA, Liberty requests that the roads be Glauconite Road Base throughout

E.1	Is the variance related to the design or construction of improvements to be constructed within the subdivision Yes <u>×</u> No
	If "Yes" the request should be accompanied by an engineer's opinion and justification for the variance.
E.2	Please explain the cause or reason the variance is being requested (attach additional pages as "Exhibit E.2 Liberty is requesting this Roadway Design Variance in order to install an alternative design
	that, while still providing adequate load bearing abilities & providing drainage ditches, will allow Liberty to conduct
	a construction process that will move quicker, smoother, and allow lots to be sold at a faster pace.
	The Glauconite roadway will provide an adequate roadway for this development as The Ranches at Huntsville
	will be a low-traffic development, and an HMA designed roadway would be an "over-design" for a site such as The Ranches,
	Landowners will not be coming in-and-out of the site on a regular/daily basis as they would in a typical Subdivision.
E_3	Will the failure to grant the variance requested result in any exceptional hardship to the applicant?
	Yes X No
	If yes please explain below: The HMA designed roadway would be more improvements to the site than Liberty is initally intending on.
	An HMA roadway would add extra costs and time to the overall project, and the maintenance in the future costs more.
	Additionally, the wastewater/stormwater effects of HMA are more intense than that of a Glauconite roadway.
E.4	Does the applicant propose any additional conditions, mitigation, or additional requirements not addresse within the Walker County Subdivision Regulations that will or have been met by the applicant as a condition of the variance being granted?
	Yes X No Please list the additional measures below.
	If this Variance is granted along with the Private Roads Variance, Liberty will ensure that the roads
	are maintained to a high quality that both Liberty and Walker County will be proud of. Liberty
	& future landowners will take on all maintenance obligations of the roadway and drainage ditches.

#### Variance Request Letter

May 22, 2025

Hayden Moses Land Development Manager – Real Estate Investments

RE: The Ranches of Huntsville – Variance Request Letter

Mr. Moses,

The variance request for road design and no civil plan submittal I believe to be justified. The alternative design will provide adequate load bearing support and drainage ditches for flow to be maintained. Also, since Liberty does not plan to do civil infrastructure (water/sewer/storm) or grading operations throughout the construction process, I believe that a submission of plans to the commissioners court is not needed.

If you should have any questions, please feel free to reach out at the second

Sincerely,

Tanner Sheets, P.E. TX#133390
