## **PRESS RELEASE: Precinct Boundary Changes Due to Redistricting**

*for immediate release on December 29, 2025 by Walker County Elections Department*

On December 29, 2025, Walker County Commissioners Court adopted its redistricting plan establishing reconfigured commissioner precincts and county election (voting) precincts in order to accommodate and comply with the 89<sup>th</sup> Legislature, 2<sup>nd</sup> Called Session, enacted H.B. 4, a congressional redistricting plan (PLANC2333) that applies to elections beginning with the primary and general elections for the United State Congress in 2026.

Some previously established voting lines had to be adjusted due to the new congressional redistricting splitting Walker County. The Texas Election Code does not allow a congressional district to split voting precincts. Therefore, instead of adding many new election precincts, Commissioners Court decided it would be best to adjust voting lines to be in compliance.

In addition to the movement of these boundaries, two new election precincts, Precinct 105 and 406, had to be created because of the congressional split and Precinct 405 has now joined Precinct 403 thus eliminating Precinct 405.

Voters can expect to receive new voter registration certificates during January 2026 that will reflect new voter registration districts. It is important for voters to remember that all polling locations in Walker County are countywide. Therefore, voters may cast their vote on Election Day at any open polling location regardless of voting precinct designation. The nine countywide polling locations are:
