Fiscal Year 2015-2016  
Annual Budget

**Shown on the cover and copied with permission of the artist,  
Mr. Joseph Polley Paine, is a reproduction of a lithograph  
he did for Huntsville's Bicentennial in 1976.**

JOSEPH POLLEY PAINE'S "Early Architecture of Huntsville"  
is what the artist calls "Documentary art".

Across the top is a reproduction of Bollaert's sketch of Huntsville made in December, 1843. Englishman William Bollaert came to Texas, at General Sam Houston's invitation, to study the possibility of attracting immigrants. Bollaert's diary of his visit to Huntsville read, "Three miles brought us to Huntsville, situated on a pine height. This town was commenced in 1836, but made little progress until 1842 when Mr. MacDonald gave an impetus to building. On entering the town is observed a planter's exchange, Gibbs Grocery, Huntsville Hotel... Mr. MacDonald, besides a very large and comfortable residence, has built a brick store, the upper part devoted to a Masonic Lodge. A large brick building for girls and boys schools is now building and many other improvements going on."

Next in the artwork is the Cumberland Presbyterian Church erected in 1839. The Christian congregation purchased the property in 1868.

The third structure is MacDonald's (sometimes spelled McDonald's) brick store and Masonic Hall. It was redrawn from an 1844 map of the city.

The Huntsville Academy, also from the map of 1844, is right of the tower. The structure at the left is the third building used as the Walker County Courthouse. This building in 1888, was razed by fire.

The large building facing the right portion of the drawing is the original building in the state prison system. The building, along with several others in Huntsville, was "remodeled" or "modernized" and the tower was removed. This building was revamped in 1942.

At the right is Andrews Female College, a Methodist institution built in 1852, which later became public school property in 1879 and a frame building was put on the same site.

Built in the 1840's, Henderson Yoakum's home at Shepherd's Valley was where Yoakum wrote his "History of Texas." The history was published in 1855. Dog run style houses had a hall through the center 20 feet wide. On each side of the open hall were two 20 by 20 foot rooms. The sills of the hand-hewn logs were sixty feet long and three feet thick.

Now known as Old Main, the Sam Houston Normal Institute was dedicated in 1890. (Lost to fire on February 12, 1982)

The Austin College building behind the Normal Institute was dedicated in 1851 as a Presbyterian school. The Bell Tower shown in Mr. Paine's Lithograph is now at the Austin College in Sherman, Texas and is rung at graduation there. This building was the main structure at Sam Houston Normal Institute from 1879 to 1890.

The final structure in the Bicentennial work is Sam Houston's home, "Woodlands", which was built in 1847.

Artist Paine was assisted in his research by Mrs. Josephine Bush, keeper of the books in the Thompson Room of Sam Houston State University Library.

## 2015 Property Tax Rates in Walker County

This notice concerns 2015 property tax rates for Walker County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

### County General Fund

#### Last year's tax rate:

Last year's operating taxes	\$15,607,303
Last year's debt taxes	\$1,331,672
Last year's total taxes	\$16,938,975
Last year's tax base	\$2,248,446,359
Last year's total tax rate	0.658900/\$100

#### This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$14,770,166
÷ This year's adjusted tax base (after subtracting value of new property)	\$2,379,718,977
= This year's effective tax rate for each fund	0.620600/\$100
Total effective tax rate	0.620600/\$100

#### This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for any	\$16,844,731
--	--------------

transferred function, tax increment financing, state criminal justice mandate and/or enhanced indigent health care expenditures)	
÷ This year's adjusted tax base	\$2,379,718,977
= This year's effective operating rate	0.707800/\$100
× 1.08 = this year's maximum operating rate	0.764400/\$100
+ This year's debt rate	0.048200/\$100
 = This year's rollback rate for each fund	0.812600/\$100
This year's total rollback rate	0.812600/\$100

A county that collects the additional sales tax to reduce property taxes, including one that collects the tax for the first time this year, must insert the following lines:

- Sales tax adjustment rate	0.133300/\$100
= Rollback tax rate	0.679300/\$100

## **Statement of Increase/Decrease**

If Walker County adopts a 2015 tax rate equal to the effective tax rate of 0.620600 per \$100 of value, taxes would increase compared to 2014 taxes by \$ 236,817.

## **Schedule A: Unencumbered Fund Balances: County General Fund**

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance

EMS Fund	1,330,326
Debt Service Fund	153,624
Legislatively Designated	1,162,646
Project Funds	900,000
Road and Bridge Fund	823,526

## **Schedule B: 2015 Debt Service: County General Fund**

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid from Property Taxes	Interest to be Paid from Property Taxes	Other Amounts to be Paid	Total Payment
Certificate of Obligation Series 2012	830,000	544,367	0	1,374,367
Total required for 2015 debt service				\$1,374,367
- Amount (if any) paid from funds listed in Schedule A				\$153,624
- Amount (if any) paid from other resources				\$40,500
- Excess collections last year				\$0
= Total to be paid from taxes in 2015				\$1,180,243
+ Amount added in anticipation that the unit will collect only 100.000000% of its taxes in 2015				\$0
= Total Debt Levy				\$1,180,243

## **Schedule C - Expected Revenue from Additional Sales Tax**

(For hospital districts, cities and counties with additional sales tax to reduce property taxes)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ 3,260,941 in additional sales and use tax revenues.

**For County:** The county has excluded any amount that is or will be distributed for economic development grants from this amount of expected sales tax revenue.

## BUDGET EXHIBIT C - FINANCIAL POLICIES

### EXPENDITURES AND BUDGET AMENDMENT POLICY

I. EXPENDITURES OF FUNDS UNDER BUDGET. After final approval of the budget, the Commissioners Court may spend county funds only in strict compliance with the budget except in the event of an emergency. Local Government Code 111.010 states that Commissioners Courts may:

- levy taxes only in accordance with the budget;
- spend county funds, after final approval of the budget, only in strict compliance with the budget except in the event of an emergency;
- authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention; and
- amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure.

A. APPROPRIATIONS. Department heads and elected officials may expend money only in compliance with the budget and all purchases must conform to the County's Procurement Policy. Department heads and elected officials may not incur expenditures that exceed monies available at the legal level of control for the budget.

B. CENTRAL CONTROL. Unspent funds in the Salary, Other Pay, and Benefits Category, Capital, Projects, Inter/Intra Governmental Services/Contracts, Debt, and Transfers expenditures categories may not be spent for any purpose other than their specifically designated purpose without prior authorization of Commissioners Court or other budget approval authority.

C. LEGAL LEVEL OF CONTROL.

- a) For County operating budgets (General Fund, EMS Fund, etc ), the legal level of control is at the budget category level of Salary Other Pay and Benefits, Operations (Supplies, Services and Charges), Capital Expenditures, Projects, Debt, Inter/Intra Governmental Services/Contracts and Transfers
- b) The legal level of control level for the Road and Bridge Fund is at the department level
- c) Expenditures may not be made or approved if the expenditures will cause the category to exceed budget.
- d) Departments are encouraged to maintain control at the line item level
- e) Grant budgets are approved at the category level identified by the granting agency
- f) Fund budgets created to account for monies for a specific purpose (example Hot Check Fee Fund, County Clerk Records Fund, Forfeiture Funds, District Clerk Funds, etc.) are approved at the fund level
- g) Expenditure of funds and budget adjustments shall be in accordance with state statutes
- h) The Projects Fund(s) (funded primarily from transfers from the General Fund) and specific Capital Project Funds legal level of control is at the project level. The budget is for the life of the project and may cross County fiscal years.

D. CONTINGENCY..

- o Commissioners Court shall specifically approve all transfers from the Contingency line item. A transfer will be made from the contingency line item to a departmental line item after a formal budget amendment.
- o Department heads and elected officials may request a transfer from contingency funds only after a review of departmental budgeted funds and shall justify the unplanned expenditure to the Commissioners Court for the proposed expenditure. Commissioners Court may review the departmental budget.

E. TRANSFER BETWEEN LINE ITEMS-County Funds. A Department head or elected official may, without prior Commissioners Court approval, authorize transfers within the legal level of control for the department (categories )with the exceptions that:

- a) Personnel allocations shall not be changed without specific authorization of Commissioners Court or other budget approving authority
- b) When a vacant position is filled with a person making less than the budgeted amount, an account titled “Unallocated Reserves for Pay” will be created. These monies may be allocated to the other employees and/or carried forward from year to year. An allocation of these monies to employee pay increases shall not cause an increase in future year’s salary and benefits budget
- c) Salary and benefit saving, including those due to vacancies shall not be transferred from the Salaries/Other Pay and Benefits category group without approval of commissioners court or other budget approving authority
- d) Commissioners Court approved contingency transfers, special, or one-time allocations shall not be spent for other than their designated purpose or transferred to another line item without prior approval of Commissioners Court
- e) Transfers made from budgeted funds for utilities and copiers must comply with Section G of this policy.
- f) Additions or replacements to the fleet or purchase or replacement of capital items (cost > \$5,000) shall not occur unless approved in the budget process or with specific approval of the Commissioners Court or other budget approval authority
- g) Classification of the expenditure as Operations or Capital for reporting purposes will be accordance with the asset classification policy and the budget shall be adjusted accordingly without requiring a formal budget amendment.
- h) In the event of unplanned revenues, with the exception of grants, expenditures associated with the unplanned revenues should occur only after a formal amendment to the budget is approved by Commissioners Court or other budget approval authority
- i) There shall be no obligations made for recurring charges that will affect subsequent years budgets without consent of the Commissioners Court or other budget approving authority (cell phones, service contracts, leases, etc)
- j) Budgets adjustments not requiring prior Commissioner’s Court approval must comply with Section (G) of this policy

- F. EXPENDITURES. All expenditures shall be made in compliance with state law and county procurement policy. Grant expenditures shall be in accordance with the grant requirements. The grant administrator may make transfers as authorized by the granting agency. The County shall not be obligated for cash or in-kind match for grants without specific approval of the Commissioners Court. The expenditure may not take place unless there are budgeted funds available for the expenditure.
- G. COUNTY AUDITOR REVIEW /APPROVAL REQUIRED: The County Auditor shall review all budget adjustments to assure that the transfer will not adversely impact the budget for the remainder of the fiscal year or require increases in future years. After review by the County Auditor, all budget adjustments requiring Commissioners Court approval will be forwarded for review at a following scheduled meeting. All budget adjustments not approved specifically in advance by Commissioners Court or other budget approval authority requires the interim approval of the County Auditor. In the event the County Auditor and department head or elected official do not agree on the budget adjustment, the request for the budget adjustment will be forwarded to Commissioners Court or budget approval authority. The Department will be notified when the transfer is approved and entered into the financial system.
- H. CAPITAL BUDGET and PROJECT BUDGETS. The Commissioners Court or County Judge shall have the authority to transfer amounts between line items of a capital project budget or the County Projects Budgets and to transfer monies from a project's contingency within limits. Change orders shall be approved by Commissioners Court. Prior to beginning a capital project approved in the budget process, the County Auditor shall certify to Commissioner's Court that funds are available for the project. After approval by the Commissioners Court to begin the project, the Commissioners Court or County Judge will assign a department head, elected official, or Project Manager to review and recommend approval of payment of invoices though the formal approval process required by the County's Procurement Policies and State Law.
- I. CENTRALIZED COSTS/NONDEPARTMENTAL BUDGETS. The County Judge shall have the authority to authorize expenditures in the Centralized Costs and Nondepartmental budgets and to transfer amounts between line items of these budgets with the exception of the contingency line item. Transfers to other departments will require approval of the Commissioners Court. Requisitions require the approval of the County Judge and department requesting/receiving the supply or service. Approvals for payment will be by the receiving department.
- J. STATE LAW. State Law will be the final authority in governing the budget amendment process and all changes or additions to the budget shall conform to current law.

## II. ANNUAL REPORTING/EXTERNAL AUDIT.

- A. COMPREHENSIVE ANNUAL FINANCIAL REPORT. Walker County will issue a comprehensive annual financial report(CAFR) at the end of each fiscal year. Walker County elects to participate in the Government Finance Officer(GFOA) CAFR Review Program and prepares its statements in accordance with the recommended guidelines.
- B. ANNUAL EXTERNAL AUDIT. The annually adopted budget for Walker County includes funds for an external annual financial audit. The audit contract shall require that the external auditor of the financial statements conform to standards promulgated in the General Accounting Office's *Government Auditing Standards*.

- C. SELECTION OF EXTERNAL FIRM. In the external audit firm selection process, Walker County shall issue a comprehensive request for proposals and follow Best Practice Guidelines issued by the GFOA for external audit procurement. In general, it will be the preferred practice of Walker County to rotate external auditors on a periodic basis. Selection of the external audit firm will generally be for a five year period with an initial contract of one year with review for annual renewals for years two thru five. After a five year consecutive period of service by an external audit firm, a request for proposal will be issued each year and the contract awarded for a one year period without renewals.
- D. EXTERNAL AUDIT REVIEW COMMITTEE. The County Judge with Commissioners Court approval may designate an external audit review committee of five to seven members. The primary responsibility of the external audit review committee will be to oversee the external independent audit of the comprehensive annual financial statements, including reviewing the request for proposal and proposal responses, and making a recommendation to commissioners court for selection of the external audit firm.

### III. GRANT MANAGEMENT

- A. GRANT APPLICATIONS AND ACCEPTANCE OF GRANTS. Prior to applying for a grant, Department Heads/Elected Officials shall present to Commissioners Court a request to apply for the grant and identify out of pocket or cash requirements. Upon approval of the grant application, the department or official requesting the grant will complete the application for signature by the County Judge. If the grant application is approved, the county will be notified by the grantor agency of the award, which will require acceptance by the Commissioners Court. Upon acceptance of the Grant, by Commissioners Court, a full copy of the grant application and grant award shall be submitted to the Auditor Department prior to any expenditure or obligation of grant monies.
- B. GRANT COMPLIANCE AND PERFORMANCE REPORTS. The Department Head/Elected Official applying for the grant shall be responsible for ensuring any monies expended meet grant requirements and are within the approved grant budget work. The department is responsible for working with the Purchasing Agent to ensure the procurement processes is in compliance with applicable grant requirements.
- C. EXPENDITURES AND FISCAL REPORTING REQUIREMENTS. Department Heads/Elected Officials shall review invoices for payment to ensure the supporting documentation is in compliance with applicable regulations. Grant documentation provided by the receiving department shall provide information as to who is responsible for making requests for reimbursement and fiscal reporting to the granting agency. Amendments to the grant budget shall be the responsibility of the Department Head/Elected Official responsible for receiving the grant.
- D. GRANT BUDGETS. Grant budgets are adopted at the grant level and a budget is accepted/established at the time of receipt of the grant and acceptance by Commissioners Court. Grants are not included as part on the annual budget adoption process or Order adopting the county budget. Most often grants do not follow the County's fiscal year. All grants revenues and expenditures are included in the Comprehensive Annual Financial Report (CAFR) and reported on the county's fiscal year.

### IV. FUND BALANCE

- A. GENERAL FUND - FUND BALANCE. It shall be the policy of Walker County to maintain a General Fund balance of generally two to three months cash flow. A minimum preferred fund balance will be in the 16.67% range of the operating costs reflected in the most current General Fund budget.

- B. REVENUE GENERATED DURING THE BUDGET YEAR TO FUND OPERATING COSTS BUDGETED FOR THE FISCAL YEAR. Walker County shall strive to fund all on-going costs during a budget year with revenues that are generated in the budget year. On-going costs not funded by revenues to be generated during the budget year shall be specifically identified during the budget process and the funding plan for future years shall be part of the budget planning process. A function that is to be placed within the tax rate over a period of years shall be part of the budget review process.
- C. FUND BALANCE CLASSIFICATION. Fund Balances shall be reported in the Financial Statement in compliance with the Governmental Standards Board (GASB) Statement 54. One of five classifications will be used. The county governmental-fund financial statements will present fund balances classified in a hierarchy based on the strength of the constraints governing how those balances can be spent. The presentation is only for purposes of the CAFR and may result in a consolidation of related funds for reporting purposes. These classifications are listed below in descending order of restrictiveness:
- Nonspendable: This classification includes amounts that cannot be spent because they: (a) are not in spendable form (e.g., inventories and prepaid items); (b) are not expected to be converted into cash within the current period or at all (e.g., long-term receivables); or (c) are legally or contractually required to be maintained intact
    - Restricted: This classification includes amounts subject to usage constraints that have either been: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
    - Committed: This classification includes amounts that are constrained to use for specific purposes pursuant to formal action of Commissioners Court prior to the end of the fiscal year. These amounts cannot be used for other purposes unless the Court removes or changes the constraints via the same type of action used to initially commit them. A commitment of fund balance requires formal action as to purpose but not as to amount; the latter may be determined and ratified by the Court at a later date.
    - Assigned: This classification includes amounts intended by the county for use for a specific purpose but which do not qualify for classification as either restricted or committed. The intent can be expressed by Commissioners Court or by the County Auditor or other selected official. An assignment of fund balance implies intent of Commissioners Court.
    - Unassigned: This classification applies to the residual fund balance of the General Fund and to any deficit fund balances of other governmental funds.
- Order of Spending:** Where appropriate, Walker County will typically use restricted, committed, and/or assigned fund balances, in that order, prior to using unassigned resources, but reserves the right to deviate from this general strategy.
- D. FUND STRUCTURE. The Fund structure will generally consist of the General Fund, Debt Service Fund, Capital Project Fund, Special Revenue Funds used for restricted revenue sources, and Special Revenue Funds created for accounting purposes for assigned or committed monies. For financial statement purposes, Special Revenue Funds may be reported as part of the General Fund or as a separate fund.

- E. SPECIAL REVENUE FUNDS. These funds are created to account for the proceeds from specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service and capital projects. Proceeds from specific restricted or committed revenue sources shall be the foundation of the fund. The county shall disclose the purpose for each major special revenue fund. Other resources such as interest earnings and transfers from other funds are restricted, committed, or assigned to the specified purpose of the fund and maintained as identified and required by statute. It shall be the policy of the County Auditor to establish separate funds as may be required/needed for budgeting and accounting for special purpose revenues including grants, projects, and other revenues for a specific purpose.
- F. COMMITTED FUNDS-ROAD AND BRIDGE FUND. Unrestricted monies remaining each year at the end of the fiscal year in the Road and Bridge Fund are committed to the purposes budgeted in the Road and Bridge Fund and available for expenditure in the following budget year.
- G. COMMITTED FUNDS-EMS FUND. Unrestricted monies available at the end of each fiscal year in the EMS Fund are committed to the purposes of Emergency and Transfer ambulance services in the EMS Fund.
- H. COMMITTED FUNDS-PROJECTS FUND. Monies available at the end of each fiscal year in a Projects Fund(s) or a Special Revenue Fund created for projects are committed to the project for which monies were intended until completion of the project, for that portion of the monies that are not restricted by external enforceable limitations.
