TDCJ overview:

The Texas Department of Criminal Justice regrets to inform you of the death of an offender likely connected to the coronavirus.

Daniel Thompson died May 5, 2020 at Hospital Galveston he was 71 years old. Thompson suffered from a number of pre-existing medical conditions. He was transported from the Pack Unit to the hospital on April 30th. Preliminary autopsy results suggest COVID-19 as a contributing cause of death. Thompson had served 24 years of a 50 year sentence out of Harris County.

There have been 7 employee/staff deaths and 31 offender deaths with COVID-19 as a contributing cause. There are an additional 24 offender deaths that are under investigation and pending preliminary autopsy results.

In total there are 677 TDCJ employees, staff or contractors who have tested positive for COVID-19 and 1775 offenders who have tested positive. There are now 102 employees and 451 offenders who have medically recovered from COVID-19.

21,468 offenders are on medical restriction because they may have had contact with either an employee or offender with a positive or pending COVID-19 test

Governor Abbott’s Executive Order GA-21, as it pertains to cosmetology salons, hair salons, barber shops, nail salons/shops, and other establishments where licensed cosmetologists or barbers practice their trade, is hereby amended to immediately reopen, retroactive to April 2, 2020, such salons, shops, and establishments to the extent necessary to supersede and nullify the existence of any prior or existing state or local executive order, the violation of which could form the basis for confinement in jail. To the extent any order issued by local officials in response to COVID-19 would allow confinement in jail of a person inconsistent with Executive Order GA-2 1 or this executive order, that order is hereby superseded retroactive to April 2, 2020. All existing executive orders relating to COVID-19 are hereby amended to eliminate confinement in jail as an available penalty for any violation of the executive orders. No jurisdiction can confine a person in jail as a penalty for violating any executive order, or any order issued by local officials, in response to the COVID-19 disaster. To the extent any order issued by local officials in response to the COVID-19 disaster would allow confinement in jail, that order is hereby superseded, and I hereby suspend all relevant laws to the extent necessary to ensure that local officials do not confine people in jail for violating any order issued in response to the COVID-19 disaster. This amendment and suspension operates retroactively to April 2, 2020, and supersedes any contrary local or state order.
