## SUMMARY

Walker County is a local government entity that is located on Interstate 45 between Houston and Dallas. Walker County is soliciting a Request for Proposal for implementing Dynamics 365 for Finance and Operations in the Azure Government Cloud (GCC Low) to include hosting during the testing period of the implementation. Walker County is a current user of Dynamics 365 for Finance and Operations (FO) in the Azure Commercial Cloud Enterprise Version in the Azure Environment and would like to evaluate moving to Azure Government Cloud (GCC Low).

## CONDITIONS

Walker County went live on Dynamics 365 Azure Cloud version on October 1, 2021. Walker County currently has data base administration and software support services contracts that includes system checks and upgrade services for installing the new releases and fixes through Quantum Dynamics. Licenses are purchased through the State of Texas contract DIR-SDD-2503 with SHI Government Solutions. Walker County has 21 Operations and 60 Activity user licenses for Dynamics 365 for Finance and Operation Plan II. It is expected that Walker County will continue to maintain its licenses through the State of Texas contract.

Walker County must be involved with the support staff and setup for this project.

Walker County has no obligation to accept all or any part of the services requested. The evaluation criteria require an answer and the responses are part of the information used to evaluate proposals received.

All specific terms and conditions of the vendor must be outlined as part of the responses to the evaluation criteria and terms and conditions. The additional terms will be considered by Walker County as part of the evaluation for award of this RFP.
